He has many friends who wish for him a most pleasant time during these visits.

Farmers are spending thousands of dollars annually for Fertilizers. It is therefore necessary to inquire closely into the composition of his guano before he decides what he will use. The Old Reliable Pocomoke Guano has proven beyond all question that it contains the very best ingredients made. It is to the farmer's interest to make a careful investigation. When you have done this you will take the Pocomoke Brand of guano every time. Some dealers will tell the farmers, guano is all alike. But it is not true. While the truth of the whole business is: They have bought a cheap quality of Fertilizer, and by cutting the price just a little will make you believe that their is first class, while there is no comparison. Our Electric Crop Grower is the best standard guano made, and Mr. Harvey's High Grade Monarch cannot be excelled. See our agent before you place your order. English Comments.

London. — While "respect for his high character and fine ideals" moves the Globe to wish President Wilson well out of his troubles in connection with Mexico, Peru and Haiti, whose "bloodstained administrations" challenge the president's policy of non-recognition, it considers his position impracticable. The newspaper continues:

"The expedient of sanctioning and supporting civil war in a neighboring state is a declaration of war in a form which can hardly be reconciled with the comity of nations. The danger of the situation from the point of view of the United States is that there is no retreat with honor from the uncompromising if impracticable position President Wilson has taken up."

Schooner Went Ashore.

Norfolk, Va. — The three-masted schooner Helen H. Benedict, Captain Torrey, from Perth Amboy, N. J., to Ferdinand, Fla., in ballast went ashore in thick weather one and a half miles south of the Nags Head life-saving station, which is about 60 miles south of Cape Henry. Her crew were taken off in the breeches buoy, the sea being too rough for the launching of life boats by the life savers who went early to the assistance of Captain Torrey and his imperiled crew.

Fight Hog Cholera.

Washington. — Threatened loss of \$200,000,000 worth of hogs this year from cholera led the senate to agree to a bill appropriating \$500,000 to fight the disease.

Report on Church Membership.

Washington. — Actual enrolled membership of Christian churches in the United States showed a net increase of 618,000 or 1.8 per cent during 1913, according to statistics published by the Washington office of the Federal Council of Churches of Christ in America.

The Methodist church led in the increased membership with 220,000. The other churches in their order follow: Baptist, 64,600; Presbyterian, 45,600; Lutheran, 36,100; Disciples 21,800; and Episcopal, 16,500.

Hundreds See Futile Fight.

Chicago. — Hundreds of helpless persons lined the shores of Lake Michigan watching the futile fight against death of three men, whose boat had been crushed by ice floes. Once the men, gained a large block of ice to which they clung until they slipped off. Then, encouraged by the cries of cheer from the spectators who were unable to render assistance of any kind the men fought on and gained another ice cake where they clung until, numbed by cold, they slipped back into the water and were drowned.
