

Memorial Day

May 10 is the day set apart by the South to honor the memory of those who wore the gray. The day this year falling on Sunday, will be appropriately celebrated by religious services in many churches and at many cemeteries. The Pickens chapter, United Daughters of the Confederacy, has prepared for a memorial service and cordially invites the citizens generally to join with them in this beautiful tribute to the brave men and noble women who upheld the rights of this beloved Southland. An invitation is hereby extended to the members of Camp Garvin and all Confederate veterans to join in this service. The school children will take part, and the parents are asked to send their children and provide them with flowers for decorating the graves.

The exercises will be held in the Methodist church, beginning promptly at 5 o'clock. An address will be delivered by Rev. L. E. Wiggins and the entire program will be appropriate to the occasion. After the exercises in the church, the march will be made to the cemeteries and the children will strew with flowers the resting places of the dead. Let the entire community join the Daughters in this service.

The Pickens Township Interdenominational Singing convention will meet with the Pickens Presbyterian church Sunday, May 10, 2:30 p. m. Following program will be rendered: Devotional services by the president. Arrangement of the class by some one. Class singing, conducted by the leaders present; two pieces. Quartette singing. Business meeting. "The Worth of Music in Our Churches," by Prof. Ballentine. Talk on music by Prof. Hallum.

Township Singing Convention

Washington.—Assurances of peace, with a steady statement of "war talk" was the dominant feature in Mexican developments here. Attention still was centered on the work of the South American mediators, who reported steady progress and no deadlock between the parties.

In other quarters, however, the failure of General Carranza thus far to accept the mediators' proposal for a suspension of hostilities, caused continued doubt over the outlook for broadening the scope of the mediators' work to a settlement of the whole Mexican situation.

The report that Dr. Edward Ryan, an American in the service of the United States Government, was about to be shot as a spy by Mexican Federalists at Zacatecas caused serious apprehension through the day, but reassurances as to Doctor Ryan came direct from Huerta late in the day.

While the gravity and the hopefulness of the situation varied from hour to hour, the South American envoys kept steadily at their work holding two sessions at the Argentine Legation. Their long conference with Secretary Bryan was followed by a conference with the Spanish Ambassador Senor Riano, who represents the Huerta Government. The mediators made no announcement.

It was known they were expecting another definite development soon, which might lead to a statement later but its purport was not disclosed. There was reason to believe, however, that it related to the attitude of Carranza.

Summing up what the mediators had accomplished, a well-posted authority said it represented more actually done in a given time than ever had occurred in the history of international mediation. He specified, beginning April 26, and continuing six days inclusive:

First, acceptance of good offices by the United States; second, acceptance by Huerta; third, acceptance by Carranza; fourth, suspension of hostilities by the United States; fifth, suspension of hostilities by Huerta.

A sixth development, it was expected would further emphasize what was being done. The Spanish Ambassador's conference with the mediators was not to deliver any communication from Huerta, but to go over the general situation. The mediators are sending cables direct to Huerta and Carranza, and receiving direct replies. The text of the Huerta reply through his Foreign Minister, accepting good offices and the Huerta reply to the armistice proposal, received were direct cables to the mediators.

DR. RYAN RELEASED BY HUERTA

American Red Cross Official is Sent to Vera Cruz.

Vera Cruz.—President Huerta ordered the immediate release of Dr. Edward Ryan, an American Red Cross official, who was threatened with execution as a spy in Zacatecas. The release was ordered after urgent personal representations to President Huerta by William W. Canada, the American Consul here. Huerta telegraphed to Mr. Canada that he did not know that Doctor Ryan was to be put to death, but that he had ordered the Federal commander at Zacatecas to release him immediately and give him transportation to Mexico City. From the Capital President Huerta promises to send him to Vera Cruz.

Representations in behalf of Doctor Ryan also were made by Sir Christopher Cradock, commander of the British Naval Squadron in Mexican waters, through Sir Lionel Carden, British Minister, and by the Brazilian Minister acting for the United States.

There is more Catarra in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarra to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarra Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
