SIDE DRESSING PAYS

Every stalk of cotton grown in South Carolina last year could and would have taken on more bolls than it did if it had been properly side-dressed. You will not see the long spikes between side-dressed cotton that you see in other cotton, and you will see more bolls to the stalk.

Every stalk of cotton grown in South Carolina last year would have "shed" less if it had been properly side-dressed. The reason cotton sheds is that it is deficient in plant food. The only way to supply this plant food is to side-dress your cotton. You can't pump it into it. A young, tender, growing child should be fed frequently to make it grow rapidly and develop and come into its own, and it is the same way with young, tender, growing plants; they should be fed (side-dressed) frequently. You don't expect to feed your mule enough in April to last until October, and the plant food you supply your crop with in April will not last till October, either. When the plant exhausts your cotton sheds. Your crop is "cut."

You can only make one cotton crop a year; that is your money crop. You want to make all the cotton you can. You want to make all the money you can. For every dollar you pay out for fertilizer for side-dressing you get back from three to five dollars. This man Rodgers in Florence county, who fertilized every time he cultivated his crop, made 830 pounds of lint cotton to the acre—lint cotton—not seed cotton—lint cotton.

By side-dressing early your cotton grows off early and gets its maturity early and opens early, for when cotton gets its growth and maturity and ripens it is going to open. Your early cotton weighs better than late cotton. It takes about 120 bolls of cotton picked in September and October to make a pound. It takes from 300 to 400 bolls that are picked in the last half of November and later to make a pound.

When the boll weevil strikes a country the early cotton is all the farmer gets. The boll weevil gets the balance. You don't know when the boll weevil will strike you, nor I don't.

Experienced ginners say that 1,300 pounds of side-dressed cotton will make as heavy a bale as 1,500 pounds that has not been side-dressed. The lint is better developed and there is more of it. Suppose side-dressing makes two extra bolls to the stalk. The right kind properly applied will add more than that and make every boll heavier. It will add three and four to the stalk. You will have at least 12,000 stalks to the acre; taking two extra bolls to the stalk and 120 bolls to make a pound, you have 200 extra pounds of cotton from the extra bolls, to say nothing of all the bolls being larger and heavier.

Side-dressed cotton stands drought better than other cotton. It is better fed and stands drought better. Side-dressing makes more bolls, makes heavier bolls, makes more lint to the boll, makes cotton shed less, makes a better sample; that means a better price, causes your cotton to stand drought better. If side-dressing does not pay, it does not pay to farm. The side-dressing specially prepared by the Anderson Phosphate and Oil Company boys is the goods you need.

Pickens R. R. Will Make Improvements

The Pickens Railroad Company has let to J. H. Bennett & Co. the contract for filling in eight trestles on the Pickens railroad between Pickens and Easley. Bennett & Co. have just finished a large contract on the interurban electric road between Greenville and Spartanburg and only have to move their steam shovel and trains from Spartanburg.

Work commenced on the Pickens railroad work this week and is to be completed within sixty days. About twenty men with a large steam shovel and two trains of ten dump cars each will be employed on the work.

All trestles between Pickens and Easley, except the ones over Town and Rice's creeks, will be filled in. Spans will be placed over these two creeks. Metal culverts will be placed under the fills. It will take 90,000 yards of dirt to fill in the trestles. The contract is for about \$20,000 and also calls for taking out several curves in the road and the lowering of the grade in several places.

When this work is completed the physical condition of the Pickens railroad will be in better condition than any other short line road in the state.

It is understood that the railroad company is also contemplating buying an electric car with which to make their passenger schedules, meeting all trains at Easley.

The Pickens railroad is a great institution for Pickens county, and the management of the road is interested in the people of this county. The road is controlled by home people and is run in the interest of Pickens county and its people.

Winthrop College Scholarship and Entrance Examination

The examination for the award of vacant scholarships in Winthrop College and for the admission of new students will be held at the County Court House on Friday, July 3, at 9 a. m. Applicants must not be less than sixteen years of age. When Scholarships are vacant after July 3 they will be awarded to those making the highest average at this examination, provided they meet the conditions governing the award. Applicants for scholarships should write to President Johnson before the examination for scholarship examination blanks.

Scholarships are worth \$100 and free tuition. The next session will open September 16, 1914. For further information and catalogue, address Pres. D. B. Johnson, Rock Hill, S. C.

Central Locals

Miss Florence Sutherland of Pickens is visiting Mrs. J. N. Morgan.

Mrs. L. C. Posey and daughter, Valeria, are visiting in Covington, Ga.

Miss Lucy Cobb of Westminster was the guest of Miss Mary Morgan for a few days this week. Mr. and Mrs. T. M. Norris and children leave the early part of next week for a visit to relatives at Vance.

F. B. Morgan, J. N. Morgan and Mr. and Mrs. J. T. Gassaway have returned from Atlanta from the Shriners' convention.

On last Thursday night the graduating class of the Central graded school gave a delightful play. They were assisted in a second play by the lower classes. These plays were exceptionally good and the participants developed real dramatic talent. Friday night were held the graduating exercises. Miss Stella Porter, class prophet, read an interesting record of her classmates. Edward R. Young, class valedictorian, did remarkably well. On both nights the house was packed and the crowd was considerably larger than has ever attended commencement exercises here before.

W. D. Edens Dead

Mr. W. D. Edens died at his home April 28, 1914, after a lingering illness of lagrippe. He was buried the day following his death at Mountain Grove cemetery, funeral services being conducted by his pastor, Rev. W. C. Seaborn. He was 85 years 8 months and 22 days of age. He leaves a wife, six daughters, 24 grandchildren, 14 great grandchildren, one brother, three sisters, a host of other relatives and friends to mourn his death. He was twice married, his first wife Sarah Ann Lewis, daughter of the late James and Mary Lewis, his last being Mrs. Rachel Earl. He was a member of Mountain Grove Baptist church. He bore his sickness well and said he was going to meet Jesus soon and is gone but not forgotten. He is peacefully sleeping in the tomb awaiting the happy resurrection morn.

Birthday Dinner

On last Sunday, May 17, the children, grandchildren and a few of the friends of Mr. L. R. Dalton went in and surprised him with a good dinner on his 68th birthday. As we arrived he came out on the porch and said, "Well, well! what will I do?" but soon quieted down and said, "Light and come in." We all went in and had a few hours' chat. When the hour arrived dinner was spread by the ladies on a table out in a grove, which was heavily laden with plenty of good eating, which all enjoyed immensely. Mrs. Marchbanks said the banana cake and beet pickles was good enough for her. There were nine living children around the table with him on that day. Twenty-seven grandchildren were also present, 46 in all. After dinner all went to the organ and had some good music. Ice cream was then served. We hope to spend many more such days with him.

Big Crowd at Cross Roads

Last Sunday was a great day at Cross Roads church. The congregation was very large—more than could get in the house—and the behavior was perfect, both on the inside and outside of the church. A deeply solemn and spiritual atmosphere pervaded the congregation as the pastor outlined the "Journey of Human Life" on the blackboard, and tears flowed freely as the past was so vividly recalled. Cross Roads has a bright future, and unless the old devil can put in the heart and head of some one to get the people divided, victory for the Lord's people is near at hand.

Dacusville Corn Club

Sam Jones, president of the Dacusville corn club, has called a meeting of the members of the club for Saturday, May 23, at 2 o'clock. All the members are urged to be present, as important business will be attended to, among other things arrangements will be made for getting up a prize for the club. We understand that the Dacusville boys have an excellent corn club and they will be heard from later on.

Singing at Keowee

There will be an all day singing at Keowee church the first Sunday in June. A part of the time will be given to "old folks' singing." All singers and lovers of music are cordially invited. Everybody come and bring the "big baskets."

Easley Locals

W. W. Robinson Jr. is now in Atlanta.

Mrs. D. F. Bradley is one of a party now on a tour in Europe. Arthur G. King visited friends in the vicinity of Pendleton last week.

Mrs. J. A. Higgins visited her daughter, Mrs. Elmer Folger, in Greenville last week.

Miss Floride Davis, Messrs. J. M. Smith and Will Hagood attended commencement at Davidson college.

Messrs. John A. Robinson and J. Tyler Hill, their wives and Fulton Robinson visited in Spartanburg last week.

Misses Mary Williams, Majorie Johnson and Kate Latham and Messrs. Vic and Bob Latham autoed to Pickens Sunday.

Dr. J. S. Moffatt of Due West will preach the baccalaureate sermon before the graduating class of the high school, in the school auditorium next Sunday morning at 11.15 o'clock.

Mr. Paul Benson, a brother of Professor Benson, was married last week. He and Mrs. Benson attended the convention in Atlanta, returning to Greenville, where they will make their home.

Move on to Saltillo

Hipolito, Mexico—General Villa's Army was astr in preparation for its advance against Saltillo. The men were in excellent spirits. News that a Constitutional party of 300 men had surprised and routed 400 Federalists near Paredon, filtered through the ranks, putting the men in good humor. General Villa realizes the effect of music on the spirits of his men and the organization of hands and choruses has been encouraged.

Expose Interests in Steamship Lines. Washington.—The Senate passed a resolution empowering the Interstate Commerce Commission to call upon the railway lines for data regarding their interests direct or indirect in steamship lines. The resolution was introduced by Senator Sheppard.

Reserve Bank Representatives Meet. Washington.—Representatives of the five member banks in each of the 12 Federal reserve bank districts met in their respective reserve cities to prepare certificates of organization of the reserve banks. Certificates of organization were to be forwarded promptly to Washington. They will be handled by the Reserve Bank Organization Committee, pending the announcement of the Federal Reserve Board. It may be 10 days or two weeks before the President names the Reserve Board.

Naval Academy Examinations. Washington.—That the tests required of candidates for admission to the Naval Academy are not so severe as to be beyond the aspirations of the average American boy, is the assertion of the Navy Department in a statement issued referring to the entrance examinations held at Annapolis on April 21. In support of its claim the Department calls attention to the large number of successful candidates at that time. The statement is in the nature of an answer to criticisms of the examinations.

COLORADO READY FOR THE FUTURE

STATE LEGISLATURE AUTHORIZES ISSUANCE OF BONDS FOR EXPENSE OF MILITIA.

TO END THE STRIKE TROUBLE

Difficulties Will Be Taken Care of in the Future Without the Necessity of Federal Aid.

Denver, Col.—Despite the fact that President Wilson asked for action the Colorado Legislature was on the point of adjourning. Governor Ammons in a message to the President said that as soon as bonds, opposed by the Assembly, could be authorized the Legislature would adjourn.

President Wilson warned Governor Ammons that the state of Colorado must be prepared to maintain peace in the coal miners strike districts without Federal aid. The President said Federal troops would remain in the troubled district "only until the state of Colorado has time and opportunity to resume complete sovereignty and control."

"I cannot conceive that that state is willing to forego her sovereignty or to throw herself entirely on the Government of the United States," said President Wilson.

In response Governor Ammons telegraphed the President that an extra session of the Legislature, just adjourned, had provided a \$1,000,000 bond issue to cover past and future expenses of the state militia. The Governor expressed confidence that as soon as these funds are available the state will be able to control the situation.

"The Colorado mine districts have been under virtual martial law for months. Previous to the arrival of Federal troops three weeks ago the miners were guarded by the state militia. After the militia and strikers participated in a battle at Ludlow on April 20 when 21 men were killed and after other serious conflicts the militia was replaced by Federal troops.

Of the \$1,000,000 provided by the bond issue referred to by Governor Ammons, \$91,000 has been spent in past expenses of the militia.

MEXICAN GUNBOAT SUNK

Admiral Mayo Reported Vessel Went to Bottom of Panuco River.

Washington.—Admiral Mayo reported that the Mexican Federal gunboat Vera Cruz previously reported to have been abandoned, was sunk in the Panuco River at Tamos.

Admiral Craddock commander of the British naval forces at Tampico, called upon General Gonzales commander of the Constitutional troops.

Admiral Mayo said he had arranged to call but with the understanding that the visit would be informal.

The American admiral added that business of the port of Tampico is being resumed slowly. Two oil ships cleared. No banks are open and money is extremely scarce.

Rear Admiral Badger reported from Vera Cruz that the cruiser Chester had sailed for Puerto Mexico to join the three other American war vessels there.

SAYS HUERTA MUST EXPLAIN AT ONCE

NEWS OF THE FATE OF PRIVATE SAMUEL PARKS MUST BE GIVEN.

"IT WAS A HOSTILE ACT"

If Infantryman Was Killed as Reported—Is Considered a Breach of the Armistice

Washington.—The United States has demanded of the Huerta Government news of the fate of Private Samuel Parks, the American infantryman, who strayed into Mexican lines near Vera Cruz, declaring that unless information about him was given immediately the American Government would consider that "an uncommitted and hostile act" had been committed in violation of the understanding for a cessation of hostilities pending mediation.

President Wilson and Secretary Bryan, it was learned, drafted a strong communication, after receiving word from the Brazilian Minister in Mexico City that Parks had been "executed."

No mention was made in the Minister's report of whether he was shot as a spy after a court martial or whether his body was burned as has been reported persistently to General Funston.

The American Government cabled the Brazilian Minister to inform the Huerta Government the strong feeling of the United States in the matter, directing him to make vigorous representations concerning the incident.

The note asked the Minister to protest to the Huerta Government that if Parks were alive, the failure to explain his whereabouts was in itself an unfriendly attitude and that if the soldier had been executed, as has been reported, such execution of a man who came into the Mexican lines in full uniform was contrary to military procedure of civilized Nations and was an act of hostility.

No mention was made in the American note of the course the United States intends to pursue in the matter, but an official close to the President said it was one of the things Huerta would be held up against the Huerta Government when the final reckoning came over offenses committed against the United States.

The receipt of word by the British Embassy from Sir Lionel Carden, British Minister in Mexico City, that J. R. Silliman, massing American Vice Consul, was on his way by rail from Saltillo to Mexico City brought the first news about Silliman in several days. Considerably relieving anxiety that had been felt by officials. The British Vice Consul at Saltillo learned the information to Sir Lionel Carden.

EXPLOSION KILLS TEN

Chemists With Rubber Company Meet

Death When Acids Explode. Detroit, Mich.—Ten men, most of them chemists, were killed by an explosion of acids, and chemicals in the mixing room of the Mexican Crude Rubber Company here. Four other employees taken to a hospital may die. Two men were seriously hurt. The one story concrete building was almost obliterated. Other buildings within a radius of a mile were more or less damaged. The loss was estimated at \$50,000.

The dead are: Edward Christopher, William McCoy, C. Larsen, Al Hodgkins, Victor R. Burns, William F. Niles, Jose Casar, George Latta, Emon Aman and George Glegoria.

The four last named were Mexicans. Just what caused the explosion probably will never be known. Every man in the mixing room at the moment of the explosion was killed.

Masses of cement and concrete were found several blocks away. Nearby buildings were battered by the hail of flying stone and several pedestrians had narrow escapes. A short distance from the rubber factory the plant of the Commerce Motorcar Company was badly damaged.

Legations Raised to Embassies

Washington.—President Wilson has signed bills passed by Congress raising the American legations in Argentina and Chile to embassies. Minister Naon of Argentina and Minister Suarez of Chile will be present together with Secretary Bryan and other high officials of the government. The two ministers have notified their governments of the act of the United States and it is known that reciprocal action soon will be taken and the two will become ambassadors.

Artillery Orders

New York.—Orders recently issued by the war department for 6,500 artillerymen stationed along the Atlantic Coast to hold themselves in readiness for departure for the South have resulted in unusual activity at the army building here and at Governor's Island. Arrangements are now so nearly complete that the men could be moved on short notice. It is the intention of the government, it is said here, to add two brigades to the troops intended for possible service in Mexico should they be needed.

Old Soldiers' Reunion June Third

It is earnestly hoped by the U. D. C. that many veterans will be in attendance at the county reunion on June 3. An attractive program, which will appear in full in a later issue, is being arranged. The Hon. B. F. Martin of Greenville will make the address, and music by the Pickens band will be one of the enjoyable features.

The local chapter of the U. D. C. extends a most cordial invitation to all the ladies of the county to join with them in giving the old soldiers one more happy day. Will you not come to Pickens on that day with full baskets and join in the picnic dinner on the court house square?

Good Meetings of Pickens U. D. C.'s

The Pickens chapter, U. D. C., has recently had two most pleasant entertainments, the first at the home of Mrs. Bessie Smith of Liberty on the afternoon of the 7th inst., and another on last Friday afternoon with Mrs. W. T. O'Dell.

On the first occasion the Liberty chapter charmingly entertained 25 of the Pickens daughters. At Mrs. O'Dell's the regular monthly meeting for May was held and plans were made for the usual third of June celebration. Most delightful refreshments were served by Misses Otis O'Dell, Annie Belle Brown and Vivian Allgood.

Pickens School Closes May 29

Preparations are being made by the pupils and teachers of the Pickens high school for the commencement exercises which will be held in the school auditorium Thursday and Friday, May 28 and 29. Dr. Mark L. Carlisle of Greenville, will deliver the commencement address. Nine pupils will graduate this year, as follows: Misses May and Emmie Griffin, Susie Hester, Minnie Herd, Flora Kelley, Mary Morris; Messrs. Doyle Looper, Fletcher Porter, Charlie Welborn.

Mrs. Mary S. Mullikin

Mrs. Mary S. Mullikin died at her home between Liberty and Central last Wednesday night. She had been in ill health for some time, but suffered a stroke of paralysis Monday and it caused her death two days later. Her body was laid to rest Thursday at the Clayton burying ground, Rev. J. C. Bailey conducting the funeral services. Mrs. Mullikin was a Clayton before her marriage and was a grandmother of Mrs. Ivy M. Mauldin of Pickens.

Mrs. Frank McFall Entertained

One of the most enjoyable social events of the season was the reception given Mrs. Guy McFall recently by Mrs. Frank McFall at her home on Hampton Ave. The house was very beautifully decorated with flowers and ferns, and several rooms were thrown together and used as a large reception room. About seventy guests enjoyed Mrs. McFall's hospitality. Misses Frances Bruce and Mary Morris served punch.

Card of Thanks

Mr. Editor:—Will you please allow us space in The Sentinel in which we wish to express our thanks to our friends and loved ones for their kindness and help during the sickness and death of our dear father, W. D. Edens; also to Dr. Falls in trying to relieve him. May the Lord bless and save them all is our prayer. HIS DAUGHTERS.

Not Strong On Detectives

We cannot but feel sympathy with the people of that Georgia town who got together and proceeded to throw spoiled eggs at the mighty W. J. Burns, detective, when he came into that region to gather up evidence in the Frank case. Whether Frank murdered Mary Phagan or did not murder her, of this we feel sure: The whole detective business is on a shaking foundation. One cannot escape the conclusion that they are a sorry bunch, taken as a whole. A fellow who is always "smoothing" around and looking for evil things will, we believe, find them whether they exist or not. We would not believe one of them on oath, even when he swore on a stack of Bibles a yard high. The whole detective game is more or less of a sneak game, to our way of thinking.—Union Times.

Be sure to read the advertisements this week. There are several new and interesting ones.

Many Democratic Postmasters Named

Evidence that the Democratic party is reaping a full harvest of patronage under the administration is shown in an announcement from the postoffice department last week that 23,317 post-offices have been filled in the last fourteen months.

Of these 5,171 have been of the presidential grade, requiring nomination by the president and confirmation by the senate. The others, 18,146, have been of the fourth class, the postmasters having been selected following competitive civil service examinations.

There were at the beginning of this year in the United States, Alaska, Porto Rico, and Hawaii, 8,610 presidential postoffices, and 48,930 fourth class postoffices, or a grand total of 57,540. This leaves 3,439 presidential post-offices yet to be filled, for which there is at present a grand scramble among office seekers in every State.

Albert S. Burleson, postmaster general, announced early in the present administration that all postmasters appointed under Mr. Taft would be permitted to complete their terms, and that there would be no removals, except for improper conduct or incapacity. Soon afterward came another announcement requiring all postmasters to spend at least eight hours at work.

Information had reached the postoffice department that in some cases incumbents devoted their chief attention to other occupations, drawing salaries as postmasters, but leaving the work of the offices to subordinates. Against them the eight hour rule has been rigidly enforced.

Pickens Route

Miss Essie Simmons attended Sunday school at Griffin last Sunday.

Misses Ida and Leova Chastain worshipped at Cross Roads last Sunday.

Farmers are thinking about "General Green" now more than anything else.

Clyde Dempsy of route 1 spent Saturday night with his friend, Clifton Atkins.

Ed Jones of route 4 passed through this section last Saturday afternoon.

Misses Hazel and Eunice Atkins spent Saturday night with Ida and Leova Chastain.

Wake up, correspondents! It makes The Sentinel more interesting to send in some news. Fields Hayes, who was very seriously hurt by a mule some time ago, is improving slowly.

Mr. and Mrs. Seth Pace visited their parents, Mr. and Mrs. Frank Simmons, Sunday.

Tom Simmons and wife visited their parents, Mr. and Mrs. Mose Simmons, Saturday night. CRICKET.

Killing in Laurens County

Just after he had concluded a speech in a magistrate's court at Gray Court, in Laurens county, John M. Cannon, a prominent attorney of Laurens, was shot and almost instantly killed by Joseph G. Sullivan, a prominent young farmer of the same county. Cannon was shot five times. The tragedy grew out of a case brought by a young lady school teacher against a younger brother of the man who did the killing. He was charged with common assault, using profane language in a public place and entering the school property. Cannon was prosecuting the case and Sullivan accused him of lying.

Marriage

Married, on Sunday, May 17, at 10.30 a. m., at the residence of the officiating officer near Catesbee, Mr. John Stephens and Miss Mary Maw, J. A. Brown, N. P., at the throe.

Miss Maw is the daughter of Mr. Sam Maw of Central. This is Mr. Stephens' second voyage in matrimonial life, he having lost his first wife several years ago. Many congratulations to this happy couple.

Yeggmen blew open the safe in the Southern Express company office at Seneca one night last week and got away with a bunch of money, estimated by people who do not know at all the way from \$500 to several thousand dollars. Several detectives are working on the case.
