

**The Pickens Sentinel**

PICKENS, S. C.

JUNE 11, 1914.

Entered at Pickens Postoffice as Second Class Mail Matter.

GARY HIOTT, MANAGER

The Sentinel is not responsible for the views of its correspondents.

It is not tobacco that Thomas A. Edison objects to—it's cigarettes.

Screens in the windows prevents crape on the doors. This is not an advertisement.

Swat the fly, yes; also take a swat or two at that garbage heap that breeds them.

"Bustles are on the horizon," says a fashion note. Well, they look better there than some other places we won't mention.

It looks now as soon as we get rid of the Huerta elephant the Villa-Carranza pachyderm will be with us.

If it was not ridiculous, it would be very amusing to read some of the 4x6 newspaper criticisms of President Wilson and W. J. Bryan.

It is hoped that the work of the A. B. C. mediators will be longer than they are long, and string it out to 1960, as The State fears.

The latest and oddest piece of mail matter to be sent by parcel post was a child's coffin, sent to a point in Texas. The postage was 21 cents.

Sir Arthur Conan Doyle is going to turn his Sherlock Holmes loose in New York to help out that city's thick-headed police department. It is to be hoped he will not make such a mess of it as Burns made in Atlanta.

Peter Paul von Mauser, inventor of the rifle bearing his name, is dead, aged 85 years. The Mauser rifle, which has been introduced into the armies of many countries, was perfected by the Mausers at Liege, Belgium.

T. R. says the map of South America is "all wrong" as to the rivers. The political map of the United States is "all wrong," too, as far as the Colorado is concerned, except Salt River. He knows from personal experience that that stream is in the same old place.

We take it all back Colonel. That river is there, all right, and you put it there; it will ever remain there, whether it runs up hill or down; whether it crosses other rivers or climbs lofty peaks. In the very nature of things, being a Roosevelt river, we expect it to roam wherever it will.

It seems that the elimination of Huerta is what all parties involved want, and not war. It is said he is willing to resign if that will bring peace to unhappy and war-torn Mexico. But Huerta is a wily individual and it is thought he will have several strings to his resignation, if he should resign.

It is an ill wind that blows no good to anyone. The tango dancing craze now sweeping the country has saved the wholesale clothing trade from depression, according to delegates to the convention of the National Association of Clothiers. Men who couldn't be pushed into a dress suit a year ago are now the most finicky about their raiment, they say. The craze for dancing has brought about the change.

The church choir at Biltmore, the home of the late George W. Vanderbilt, has struck, not for more pay nor better working conditions—not even for "recognition of the union"—but for a salary of some sort. Mrs. Vanderbilt has given notice that she will not be responsible for their pay any longer. Of course the choir refused to volunteer their services, although they all received their musical education at the expense of Mr. Vanderbilt. That's what we'd call ingratitude.

A writer in the Concord (N. C.) Chronicle sizes it up about right when he says: "The lawyer speaks to 12 men for one hour and gets \$100. The preacher preaches to 200 men each week and gets \$25 a sermon. The doctor prescribes to 10 men 10 times and gets \$10. The newspaper speaks to the world every day in the year and gets hardly a living, and when it speaks it gives more than the lawyer gives, more than the preacher gives, and more than the doctor gives, all for a nickel." And yet some misguided people think a dollar a year is too much to pay for their home paper.

WHEREAS, The old soldiers and the citizens of Pickens county, in mass-meeting assembled, desire to place on record this expression of our esteem to that eminent and distinguished citizen and soldier of our sister county of Oconee, Col. Robert Anderson Thompson, one of the six delegates from Pickens District to the Secession Convention of South Carolina, and today the sole survivor of that historic convention; therefore, be it

RESOLVED, First—That we rejoice that his years have been graciously lengthened to this glad day, when the Old South has come again into its own and taken a commanding position in the sisterhood of states.

Second—That in both war and peace he hath wrought valiantly and well, and his comrades in arms from Old Pickens District would today extend to him in the quietude of his distant home our heartfelt greetings and wish for him and his the continued blessings of a long and well-spent life.

**Confederate Reunion Largely Attended**

The twelfth annual reunion of the Confederate veterans of Pickens county was held in Pickens last Wednesday, June 3, and was attended by more than 100 hoary haired heroes, besides a crowd estimated at 1,500 to 2,000 people, all of whom seemed to enjoy the exercises of the day. June 3 is the birthday of Jefferson Davis, the only president of the Confederate States of America, and each year the loyal ladies composing the Pickens chapter, United Daughters of the Confederacy, arrange a reunion for the old soldiers on this date.

At 10 o'clock Capt. W. B. Allgood called the veterans together and they formed in line and marched up Main street and into the court house, led by the Pickens band and the Daughters of the Confederacy.

A large crowd gathered in the court house for the exercises. Judge Mauldin presided, and after he called the meeting to order Rev. D. W. Hiott was called upon to offer the opening prayer. Mr. B. F. Martin, a native of Pickens county but now a prominent lawyer of Greenville, was the orator of the day and was then introduced by Mr. Mauldin. He paid a tribute to the leaders and soldiers and women of the Confederacy and was glad that many of them had lived to this day to see the South again taking the leading part in the shaping of this country's affairs.

Space will not permit a synopsis of his speech. It was practical, well-phrased and listened to with close attention. After Mr. Martin's address, Mr. R. T. Jaynes, of our sister county of Oconee, was introduced and made a brief and happy talk, which was well received.

Judge Mauldin then read the resolution which appears above, and it was unanimously adopted by a rising vote. The meeting was thrown open to the veterans for talks and speeches, and several of them made appropriate talks.

The meeting adjourned about one o'clock for dinner. Dinner was spread on a long table in the court house grove and was prepared and served by the ladies and enjoyed by all who partook of it.

At 2:30 o'clock the veterans held a business meeting. A resolution passed at this meeting appears elsewhere in The Sentinel today.

The Pickens band furnished inspiring music during the day and acquitted themselves splendidly, tho they erred greatly in not having on their musical program "Dixie," which is dear to every Southern heart and which was played on probably every battlefield of the Civil war. "Dixie" should be played at every reunion of Confederate veterans.

It was a great day for the old soldiers and their admirers. To the Daughters of the Confederacy are due the thanks of every citizen of Pickens county for their great and untiring work in arranging these meetings and for doing many other things to honor the memory and history of the Confederacy and its people and traditions.

Fred H. Dominick has filed his pledge as a candidate for congress from the Third district, in opposition to Wyatt Aiken. Mr. Dominick is at present assistant attorney-general.

**MRS. W. W. LAKE**

Tells Others How to Get Strong and Well.  
Mrs. W. W. Lake of Aberdeen, Miss., says: "The gripe had left me in a weak, run-down condition from which I suffered for some time. I tried different remedies but nothing seemed to do me any good until I took Vinol, from which I received great benefit. My cough is almost entirely gone and I am strong and well again, and I am glad to recommend Vinol to others who suffer as I did."  
Mrs. Lake's recovery was due to the combined action of the medicinal elements extracted from cods' livers—combined with the blood making and strength creating properties of tonic iron, which are contained in Vinol, and her cough disappeared as a natural result.  
We guarantee that Vinol will do all we claim and will pay back your money if Vinol does not satisfy you.  
Pickens Drug Co. Pickens S.C.

**Court Proceedings**

The summer term of court for Pickens county adjourned Friday morning, after having been in session since Monday morning, with an intermission Wednesday of six hours on account of the Confederate veteran's reunion. This is considered a lengthy session for the summer term of court in this county.

Of the cases tried that of the State vs. John McAlister, charged with the murder of Eugene Sexton, took up the most time, lasting more than a day. Both Carey & Carey for the defense, and Solicitor Bonham for the State, made a hard fight on this case. After being out a short time the jury returned a verdict of manslaughter with a recommendation of mercy of the court, and the convicted man was sentenced to two years and six months on the chain-gang. This case resulted in a mistrial at the February term of court.

Below is a complete list of cases tried:  
Crawford Martin, violation of the dispensary law; plead guilty; sentenced to six months on chain gang or pay a fine of \$100; upon payment of \$50 balance of sentence suspended during good behavior.

Gus Hagood, same charge and sentence as Crawford Martin.

Lon Noland, same charge and sentence as Martin.

Ernest Washington, same as Martin, except that his fine was \$150 instead of \$100.

W. R. Goldsmith, forgery; plead guilty; 2 years in penitentiary.

J. H. Campbell, violation of dispensary law; not guilty.

Marshall Summy, murder, not guilty.

Fred Benson, house-breaking and larceny; plead guilty, 2 years.

J. M. White, assault and battery with intent to kill and carrying concealed weapons; not pressed.

An appeal case of Town of Norris vs. Mattie Hallums, carrying concealed weapons; judgment of magistrate overruled and prisoner discharged as to this case.

Mattie Hallums, assault and battery with intent to kill; guilty; 12 months on chain gang or \$125 fine; took gang.

Jesse McJunkin and Maggie Raines, adultery; no bill.

Grover Ferguson, violation of dispensary law; no bill.

The following cases were continued:  
J. L. Ambler and Bonnie Couch, fornication.

S. K. Hendricks, James Hall and Jacob Nabors, violation of dispensary law.

L. L. Hendricks, murder.

T. R. Alexander, violation of dispensary law.

The Kind You Have Always Bought.  
Bears the Signature of *Dr. J. C. Fletcher*

**The Telephone and Good Roads**

The telephone goes hand in hand with good roads.  
The telephone overcomes many of the obstacles of bad roads and makes it possible for the farmer and other rural residents to transact business in the city and with neighbors when the roads are impassable.  
Progressive farmers are insisting upon good roads and telephones. These two agencies of modern civilization are doing more than all others toward eliminating the isolation of country life. You can have a telephone in your home at very small cost. Send a postal for our free booklet giving complete information.

ATLANTA, GA.

**Constipated People Can Now Forget Ills**

Thousands of Former Sufferers Now Happy Through Taking Dodson's Liver Tone Instead of Calomel

Many thousands of people have found that constipation can now be safely and easily overcome, in a perfectly pleasant manner, by taking Dodson's Liver Tone in the place of calomel, which is really dangerous to so large a proportion of sufferers.

Dodson's Liver Tone is made to take the place of calomel and has been from the first bottle put on the market. It has none of the disagreeable features and after-effects of calomel, which is in fact a form of mercury, a mineral and a poison.  
The Pickens Drug Company, reputable local druggists, positively guarantee to refund purchase price (50c.) of Dodson's Liver Tone in case you are not entirely satisfied, and they will recommend this remedy as a strictly vegetable-liquid, containing nothing harmful.  
Aside from its perfect safety, Dodson's Liver Tone not only leaves no bad effects, but works easily and naturally, without pain or gripe and without interfering at all with your regular habits, diet or occupation. It is very simple to profit by the experience of others and gain relief from constipation and sluggish liver now.—Adv.

**It Pays to Advertise**

You have probably observed in your local market that the best and liveliest merchants, as a rule, are the ones who advertise. They are the enterprising men of the community, good merchants, and good fellows, handling well known and reliable merchandise.  
A rule, it is safer to buy advertised goods.—Progressive Farmer.

Victor B. Cheshire, for a time candidate for congress, is now candidate for probate judge of Anderson county.

Plans for the projected army encampment at Augusta, Ga., have been thrown into an indefinite stage because of the Mexican situation and the lack of assurance that regular troops will be available. It is probable that the only manoeuvre camp this summer will be at Tobyhana, Pa.

This is the proper time for assembling materials for building silos, according to R. H. Mason, dairyman of the United States Bureau of Animal Industry, co-operating with Clemson College. Any farmer who assembles his materials can secure full information and instructions and some assistance by writing to the animal husbandry division of Clemson College.

**Norris News**

June in her beauty is with us again and it affords me much pleasure to contribute a few items from Norris, as I haven't seen any news from here in The Sentinel of late.

Crops are very small for this time of year, but if the seasons are suitable, which we trust will be, they will be all right yet.

Mrs. Singleton from Westminster has been pleasantly spending a while at the home of Miss C. N. Clayton.

Several attended the union meeting at Mountain View from this section Sunday and the day was greatly enjoyed by those who attended.

Miss Elmo Clayton is spending the vacation with home-folks, after having been teaching in the eastern part of the state.

An ice cream supper was given at the hospitable home of Mr. and Mrs. Chas. Smith last Thursday night, which was a very enjoyable occasion.

Mr. Jackson, from Turkey's Paw, who has been visiting relatives near Liberty, attended the ice cream supper.

Mr. Wade Williams went to Cross Roads section on a visit recently.

Mr. and Mrs. Van Griffin of Calhoun spent the latter part of last week at the home of Mr. and Mrs. Henry Griffin.

Mrs. C. H. Billingsley and children spent Sunday in the Six Mile section.

Miss Mary Billingsley spent last Wednesday in Central.

**Can't Keep It Secret.**

The splendid work of Chamberlain's Tablets is daily becoming more widely known. No such grand remedy for stomach and liver troubles has ever been known. For sale by all dealers.—Adv.

**President Wilson will be asked to pardon Howell Carter, an aged Oconee county man, convicted at the recent term of the U. S. district court at Greenville of "moonshining." Carter in looks is a typical specimen of the Kentucky colonel of Opie Read's stories—he has long brownish hair, a goatee, and though nearing three score and ten he is straight as an Indian. He still protests his innocence of blockading. Friends will appeal to the president in his behalf.**

**Rare Economizing Opportunities**

IN DRY GOODS AND SUNDRIES for the LADIES  
IT IS PRACTICAL ECONOMY TO BUY AT THE "STORE OF THE PEOPLE"

Shirtwaist time is here and every woman wants something pretty. We can satisfy you fully in matters of quality and looks at little prices

**Quality Printing---The Pickens Sentinel**

**If WE HAD THE PEOPLE OF Pickens County RIGHT BEFORE US THIS IS WHAT WE WOULD SAY:**

If you wanted to buy a silk gown you wouldn't go to a butcher. You wouldn't go to a hardware store for pure drugs; and, we don't believe you would go to an undertaker if you wished to be amused.

Now, for dependable shoes of course you want to go to an exclusive shoe shop. Well, we have about the biggest strictly shoe establishment in this part of the state, and our customers say it is the best. We have made a life-long study of leathers, workmanship, styles and wearing qualities. We know the best makers of shoes in this broad land, and, with our buying facilities, we are able to get the best.

The best makes are none too good for you, and we are fully prepared to attend your wants, no matter how particular you may be. In fact, there is a certain pleasure in suiting people who are hard to please; every one can't do it.

Our shoes are made on sensible lasts, supported by fashion's dictates, and backed by salesmen who will tell you the TRUTH. We had rather have them "miss a sale" than mislead a customer.

We handle shoes to fill every want. Light, airy nothings for evening wear, stylish pumps for street wear, easy-fitting ones for home use, and stout, strongly built ones for farm work.

When you come, make out a list of everything you need, from the man of the house to the baby in the cradle. You can get them all at ONE PLACE, and that PLACE is on Main street in Greenville, three doors south from Washington street, the corner where all interurban and street cars meet.

We will be looking for you.

**PRIDE, PATTON & TILMAN**
