PICKENS, S. C.

NOVEMBER 19, 1914.

Postoffice at Second Class

Mail Matter.

RY HIOTT, MANAGER

Sentinel is not responsible for the views of its correspondents.

Have you helped the Belgians?

It is now about time to start a kill-a-hog movement.

More advice to the farmer: Raise a cow, a horse, a pig, a mule.

The merchants are in favor of starting a "pay-a-bill" movement.

The migration of water fowl southward is a sure sign of foul weather.

It takes more cotton this year to make a Ford run than it did last year.

In the "passing of the Bull Moose" Democracy loses one of its chief assets.

Columbia is about to declare war on blind tigers. How about the dispensaries?

"The line's busy," said Central. And then she called the Sewing Society order.

How much more beautiful even a plain schoolhouse looks with "Old Glory" waving over it!

Now that most of our farmers have gotten cotton out of their heads, we look for some prosperity.

When the ladies get to paying each other "telephone visits" it's about time to take the blamed thing out!

And now Victor Merrick, democratic candidate for the senate from Kansas, is going to break the Solid South, so he says.

There must be an awful mess of those Austrians. A Russian correspondent has just killed or captured a half million more of them.

Germany is offering 18 and 19 cents a pound for cotton, and none to be had. The South has plenty of the staple but is shy on the price.

It would be a good joke on the state warehouse business should cotton go up to ten cents or more. Then there would be no use for a warehouse.

Anyway, the war brought prohibition to several of the countries involved—France and Russia—and in the English army and navy.

Chestnuts coming down to Pickens from the mountains this year are like the paragraphs from Bob Gonzales—anything else but stale.

The Spartanburg Herald says Chicago women are wearing "flag stockings." And of course all the men in the Windy City are following the flag.

It is sort of a see-saw game between Germany and the Allies—first one side wins and then 'tother. If all depends on where the news (?) comes from.

The Wilson administration will some of these days get weary of "watchful waiting" in the case of Mexico and have its spanking machine oiled up.

Since we can get no authentic news of the European war we will have to be content with Mexican war news. They are at it again across the border.

With Woodrow Wilson in the presidential chair and William J. Bryan as premier, there is no danger of America getting mixed up in this senseless European mess.

Of all the reported killed, mangled and prisoners taken by warring nations of both sides in the true, the war in Europe had been forced to an end some time ago.

Arizona and Villa have agreed to cease fire and are now fighting over. It will be the same over and over with Mexico. Uncle Sam steps in on both sides.

It will soon go out of this killing business and set up on the other side. Immigration has had a big slump since this war began. And we would get along if it should cease altogether.

Reports from many sections of the state show that King Cotton is forced to take a back seat this year, at least. Farming is wanting oats and such things much of their land for feed. With a good corn crop to feed it to will make it independent of the

Your Dollars Aid City Sins

YOU,

Mr. Citizen of this town!

Do you want your dollars to add to the brightness of the lights of the city that the evils they represent may make a stronger appeal to your boy?

That is just what you are doing when you send your dollars to the mail-order man of the city instead of spending them at home.

Every dollar you send away from home means an added reason for the boy to follow the dollar. And there is much less opportunity for him to succeed in life in the city to which your dollars go than there is right here in this town where the people know and appreciate him.

There is not a hundred-to-one chance for him in the city, and yet you are inviting him to leave you that he may follow your dollars!

Why not keep the dollars at home where your boy, and not the son of the mail-order man, will have a chance at them?

Why not spend them with the local merchants?

Think it over.

All of the "big guns" of the Republican party being eliminated, Champ Clark suggests Leader Mann as a candidate for president of the minority party in 1916. Champ must have a grudge against that Mann.

As a contrast in election expenses, it is noted that Champ Clark's mite was only \$653, while the money spent by Congressman Guder, of the Tenth North Carolina district, amounted to over \$5,000, and he was beaten, at that.

The political friends of Uncle Joe Cannon are preparing to give the old scout an "ovation" on his return to congress. Let us hope Democrats will refrain from taking part in the slobbering that is sure to be on tap.

If we are to believe all of the tales sent out by the warring nations about the number of killed since the war began, there won't be anyone left but kings and princes to govern Europe, with here and there a general.

We note from Friday's Greenville News that they have an "Enter Navas" club at Pickens. Will The Sentinel say whether 'tis a Germ or Hung (aly) club, or which?—Easley Progress.

American food is being served to 400,000 Belgians daily. The rich pay five cents for a fifteen-cent meal, while the poor eat free. Brand Whitlock, American minister to Belgium, is superintending the details of the distribution, which is a guarantee that it will be done fairly.

Already Greece, Bulgaria and Serbia are picking out some of the choicest sections of southern Europe which they think would look better on their maps should the Allies win. They shouldn't be in such a hurry. Something might happen that hasn't taken place yet.

In another column of this issue appears an article entitled "Kansas Record," which proves by figures the value of a statewide prohibition law. For 30 years this law has been working in Kansas, and what it has done for Kansas it will do for South Carolina. The sooner a prohibition law is passed and enforced in this state the better off our people will be.

President Wilson must be a prophet. He evidently saw that there would be a slump in Democratic congressmen and kept them at work to pass the laws that the Democratic platform called for before his crowd got so small. Had he allowed congress to adjourn before the pledges to the people were fulfilled the good work accomplished would never materialize in another congress. Great is the "professor."

This office has received in the past few weeks several hundred letters, telegrams and phone messages from many sources telling us what "our firm" has done in the way of boosting the price of cotton. It is remarkable to what straits some people will go in order to get a free ad. The Sentinel's advertising rates can be obtained on application, and the many firms and corporations are wasting good time and money in trying to bamboozle us into giving them free advertising.

\$100 Reward, \$100 The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CROWLEY & CO., Toledo, Ohio. Sold by all Druggists, etc. Take Hall's Family Pills for constipation.

Will Not Pay The Widows of Solons

Widows of deceased members of the general assembly will not receive pay for the extra session, as provided by a resolution.

The house ordered pay certificates issued for the extra session to the widows of E. M. Kennedy of Clarendon, J. L. Robertson of Colleton, and P. T. Youmans of Richland.

The assistant attorney general has given the following opinion, upon request of S. T. Carter, state treasurer: "While your letter does not disclose the fact, I understand that all of these members died before the convening of the extra session of the legislature. Section 32 of Article 3 of the constitution provides that the general assembly shall not authorize payment to any person of the salary of a deceased officer beyond the date of his death. Under this provision of the statute I am of the opinion that the payment of these certificates is without warrant or authority of law."

A Happy Home

Twenty-five years ago a young man from Pickens county left and settled near Slabtown, in Anderson county. The place on which he settled was worn out and washed in gullies. Now the pasture land is well set in Bermuda grass and the farming land is almost like a garden spot, in a very high state of cultivation, yielding the finest crops each year. He has a herd of Jersey cattle and is now selling Clemson College \$35 worth of cream every month. He has splendid mules and horses and has for this fall about 1,500 pounds of pork. He has harvested this year 600 bushels of oats. In his barn are 3,000 bundles of last year fodder and 75 bushels of last year corn.

In the home of this man there are twelve children, all hale and hearty, two grown sons are in south Georgia, and one son went home to Heaven in 1910. This man told me that often when he would go to his home at the close of day, worn out and broken down with the labor of the day, that his devoted Christian wife would be singing some bright, cheerful song and the children would run to meet him, that in the joy of such companionship he would forget that he was weary at all.

This man is a great believer in education and has seven or eight children in the graded school in the community and one in college. The house in which he lives is one hundred and twenty-nine years old and in good repair. The man is W. A. G. Jameson and his wife the daughter of E. Smith Griffin, all of Pickens county. Surely this is a happy home.

Thornwell Orphanage

The Thornwell Orphanage, Clinton, S. C., has 300 orphans to care for. Every Presbyterian in the state should send a Thanksgiving contribution to aid in caring for them. The low price of cotton is affecting every benevolent, educational and public enterprise, but the cotton is here and will sell for what it is worth after a while. It sold at four and a half cents in 1898. However, the orphans cannot wait very long for their daily bread.

Kelley-Hopkins

Miss Elsie Kelley, of Oconee, and Hensen Hopkins, of Pickens, were married at the Cherry Hill Baptist church, Oconee, on Sunday, November 1st. Rev. J. W. Head performed the ceremony. The young couple have the good wishes of numerous friends. —Keowee Courier.

MORE STRENGTH FOR OLD PEOPLE

Mrs. Hutchison—Eighty-One Years Old—Uses No Other Tonic but Vinol and Recommends it to Friends.

Greenville, S. C.—"It is with pleasure I tell others of the great benefit I have derived from Vinol. For the past several years, I am 81 years old and I find Vinol gives me strength, a healthy appetite and overcomes nervous disorders. Vinol is the only tonic rectorator I have used for several years. I have recommended it to a great many of my friends and it has always proved satisfactory." —Mrs. M. A. HUTCHISON, Greenville, S. C.

Such cases as the above are constantly coming to our attention. If people in this vicinity only realized how Vinol invigorates old people we would not be able to supply the demand. It is the tissue building, curative elements of the cod's liver, and the blood making strengthening properties of tonic iron contained in Vinol, that makes it so successful in building up strength for old people, delicate children and for all run-down conditions. Vinol is also a most successful remedy for chronic coughs, colds and bronchitis. If it fails to benefit any one who tries it we return your money.

He took Mayr's Wonderful Stomach Remedy and found immediate benefit. He wrote: "For years I have suffered from a disease which puzzled doctors. They termed it catarrh of the stomach, saying the only hope would be a change of climate, and that in all probability I would never get well. Then I heard of your remedy. It made me feel like a new man. Your full course of treatments has about cured me. Several of my friends have also been cured." —Advertisement.
