Clemson Plant Is State Insured. The insurance department of the sinking fund commission of South Carolina has issued a policy to Clemson college, insuring the property of the college in the amount of \$830,-106.47, for three years, at a premium of \$12,941.36.

"Sixty per cent of the liability of he sinking fund commission under this policy is reinsured and rereinsured by responsible reinsuring companies, who in turn are rereinsuring tneir liability," said David Harper Means, secretary of the commission, in announcing that the policy had been issued.

"The reinsurance of 60 per cent, said Mr. Means, "is obtained by the s.nking fund commission paying to reinsurance companies \$5,626.26, which is over 40 per cent of the entire premium, the commission thereby receiving a premium of \$7,315.10 out of the transaction."

This insurance is placed under the provision of the appropriation act of 1914 and 1915. The assets of the sinking fund commission, after paying all losses, now amount to over \$135,-000, and are constantly increasing.

South Carolina is one of the few states to engage in the insurance business and the department has been conducted conservatively and with great success since its organization by Secretary Means, under the provisions of the DeBruhl act of 1900.

Several years ago a commissioner appointed by the Canadian government to devise a plan to insure public property came to Columbia to study the plan of the South Carolina sinking fund commission. After investigating the system he informed Secretary Means that the state of South Carolina had by far the best, most scientific and automatic plan of state insurance of public property. He said that the Canadian government might adopt it, but that no improvement could be made. The commissioner was an insurance agent of wide experience.

New Charters Are Granted.

The secretary of state has issued a commission to the Pacolet Building and Monumental Quarry company of Pacolet, with a capital of \$40,000. The petitioners are Roper R. Scales and George B. Sigson.

The price was 55 cents per bushel in bulk, The same firm, he said, offered from 58 to 61 cents for the oats sacked, the sacks to be returned.

Additional Service For Spartanburg.

The Carolina, Clinchfield & Ohio railway has at last decided to inaugurate additional passenger service by putting into operation another passenger train between Spartanburg and Alta Pass. This will give double the service the city and country along the railway have been getting.

Shippers Are Invited.

The railroad commission extended an invitation to representatives of chambers of commerce and shippers to attend a conference in Columbia August 5 to discuss the question of eliminating certain items from the South Carolina classification sheet.

SHERIFFS HONOR MEMORY OF HOOD

SOUTH CAROLINA ASSOCIATION DECIDES TO ERECT MONU-MENT TO HERO.

BUSY SESSIONS ARE HELD

Officers Decide to Admit Chiefs of Police and Special Railway Agents.

Greenville.-The South Carolina Sheriffs' association held an interesting series of sessions, alternating with entertainments, the when Solicitor Proctor Bonham welcomed the delegates to the city. A business session followed when it was agreed broken; Officers J. V. Shier, superto admit chiefs of police and special railway agents to the association. At noon a barbecue was served to

the sheriffs and visitors. In the afternoon another business session was held, when it was decided to erect a monument to the memory of Sheriff A. D. Hood, recently shot to death at Winnsboro. A committee on resolutions and to select a suitable

monument was appointed. At night and old fashioned square dance was enjoyed by the delegates. There were two more business sessions the second day and then the meeting adjourned.

Gov. Manning was to have addressed the sheriffs, but telegraphed that he could not attend.

Gov. Manning was prevented by official business from attending the meeting of sheriffs at Greenville. He addressed the following letter to Hendrix Rector, sheriff of Greenville county:

"Unexpected official duties prevents my leaving here today until too late to address the sheriffs. I regret this exceedingly, as I realize the importance of our keeping in close touch with each other, so as to have full understanding with each other of conditions we are dealing with. I realize and value the importance of the work of the sheriffs to the state. It is your duty to see that the laws are enforced and obeyed; that violators of the law must be brought before legal tribunals. It is to you that the people must look to have the laws respected You have to take the initiative. It is very gratifying to me to note the spirit of co-operation shown by the sheriffs in my efforts to enforce impartially the laws of our state, and I desire to commend your loyalty to this duty. I want you to know that I will co-operate with you in all lawful efforts to protect our people in their peaceful pursuits and to bring to justice offenders against law and order.'

Later in the day the officers of the sheriffs association sent the following reply:

We regret very much your inability to be with us at our meeting; a grand success."

Lyon is Rejected.

Laurens.-The injunction proceedings in the cases of Peoples' bank of Greenville, the National Loan and Exchange bank of Greenwood and W. T. Bailey of Greenwood against the state tax commission, heard here before Associate Justice R. C. Watts, took a rather sensational turn when Assistant Attorney General Dominick objected to the association in the case of J. Fraser Lyon employed by the governor and the chairman of the tax commission, without consulting the attorney general's office.

The court sustained the position of the attorney general and Mr. Lyon took no further part in the proceedings.

The attorney for the complainants and the assistant attorney general presented voluminous arguments for and against the issuance of the injunction.

Kingtsree Markets.

Kingstree.-The Kingstree tobacco market opened here with sales amounting to about 120,000 pounds. According to the quality of tobacco sold prices were favorable. A full force of well known buyers are on the local market and each of the four warehouses is well equipped and manned by competent and experienced men in the business.

Operate "De Luxe" Excursion. Spartanburg.-Steps are being taken by several business men of the city to arrange for an excursion over the Carolina, Clinchfield & Ohio railway to Elkhorn City, the new terminus of that railroad. It is proposed to run an excursion similar to the one run by the Press Association and Chamber of Commerce several years ago, only that the train be operated through the Elkhorn extension. The train itself is to be made up of Pullman sleeping cars, diners, observation cars and will be "de luxe."

Manning Market Opens.

Manning. The auspicious opening of the tobacco market here recently was a very gratifying event all round. All three of the local warehouses were well patronized, the several buyers were lively bidders and the producers were well pleased with the prices received. The tobacco crop is unusually late in this county and only comparatively few farmers had even sand lugs cured and ready for the market. On that account, the total sales were rather light, probably not much over 20,000 pounds,

WRECK KILLS FIRE CHIEF

Charleston Official Killed When Fire Truck and Police Patrol Crash Together.

Charleston .- M. Morris, assistant fire chief of the Charleston fire department, is dead, Charles F. Pequette, driver, is perhaps fatally hurt and six policemen are suffering from more or less serious injuries as a result of a collision between the fire chief's automobile and the police patrol at the intersection of Calhoun and St. Phillip streets. The patrol was driven against a street car, knocking the trolley car off the track. Both the automobiles were wrecked. Assistant Chief Morris died at a hospital just after noon. Pequette's condition is said to be dangerous.

The less seriously injured are: Lieut, H. D. Rhode, leg broken below the knee; Officer Robert Jones, two scalp injuries and cut over kidney; Officer Edward J. Finley, leg broken and gash in head; Officer John Moore, badly cut about head and body, leg ficial cuts and bruises; Police Driver Beaudrot, slightly bruised.

According to eyewitnesses of the accident, Drivers Pequette and Beaudrot made heroic efforts to avoid each other and this is borne out in the condition of the wrecked cars. At the southeast corner of the street they met, Pequette sweeping his car into St. Philip street, but too late, striking the heavy patrol wagon in the rear and hurling it into a union station trolley car, bound east, which had come to a full stop at the southwest corner.

Fireman Corcoran of the lower Meeting street station is also under treatment at the Roper hospital with a badiy bruised bip as the result of an accident altogether apart from the big smash. The addition of Corcoran brings the total number of those injured to gine.

Bible Classes End.

Spartanburg.-The third annual convention of the Wesley Bible Class Federation of South Carolina was pronounced as the greatest meeting the federation has ever held. The second day of the convention, was a great success, the many features of the day proving very attractive to all. Hundreds came to the city on regular and special trains, making the total attendance at the meeting at least 2,000. Charlton BuRant of Manning was named president.

To Go to Clemson. Orangeburg.-Tom Zeigler and Leon Blewer, members of the Orangeburg County Corn Boys' Corn Club, will go to Clemson College in August, they having qualified for this trip because of the large yield of corn on one acre Both of these boys made more than 70 bushels on an acre. Tom Zeigler lives in the Cope section of Orangeburr county and Leon Blewer in the Cordova section.

Alabama Man Made Secretary.

Spartanburg.-Prof. R. D. Webb, member of the faculty of the Alabama Polytechnic Institute at Auburn was elected general secretary of the South Carolina Sunday School Association to succeed the late Rev. John C. Carman by the executive committee in session here. Prof. Webb has been actively connected with the work of the Alabam association.

Tobacco Barn Burns.

Lake City.-Dr. J. B. Durant had the misfortune to lose one of his best tobacco barns by fire and with it tobacco worth about \$150. There was no insurance.

LESSON FOR AUGUST 1

QUEEN OF SHEBA VISITS SOLO-MON.

LESSON TEXT-I Kings 10:1-10, 13, GOLDEN TEXT-Wisdom is better than rubies. Prov. 8:11.

The visit of this wealthy queen from the region of southern Arabia has always appealed to the imaginations of men. Solomon's kingdom was at the apex of its glory. There were no wars, Israel's borders were extended and the temple and those other wonderful buildings had all been completed. The chief value of this lesson is not

in Solomon's wisdom nor in what this queen saw and heard, but rather it is in what has, is being, and will be done by Christ, of whom Solomon is a type and who seized upon all of this glory to teach us a great lesson (see Matt. 6:28-34). Caesar's famous phrase, slightly altered, is in this connection quite applicable-"I came, I saw, I (was) conquered." I. "Hard Questions," vv. 1-3. Solo-

mon is here a great type of Christ: (a) His greatness could not be hid (Mark 7:24). Solomon's fame filled the known world (I Kings, 4:34). The fame of Solomon's wisdom, philosophy, proverbs, poems and knowledge of God (v. 1) drew to his court this queen, and we must recall that it was probably a 1,500-mile toilsome camel-back journey for her to come to his court. (b) She brought a "very great store' (v. 10) of gifts, which, according to oriental custom, she presented to Solomon. Our best gift to our King is ourselves (2 Cor. 8:5). (c) She came to learn of "the name of the Lord" who had done so much for Solomon and his people; to learn wisdom for the guidance of herself and her people. We come to a King who possesses all wisdom (Matt. 12.42). Solomon had a wonderful missionary opportunity. God is today sending heart hungry people to this land from the most remote parts of the earth. Are Seba will come with their gifts for resinol soap.-Adv. the greater son of David (Psalm 72:10. 15; Isa. 60:6-9). The wisdom which our king bestows is eternal life, "to know him" (Prov. 2:2-6; John 17:3). II. "Had Seen All," vv. 4-7. When

she had listened to Solemon's wisdom and heard the answers to her questions, the solutions to her problems, and had witnessed the wonders of his temple, court and ministers, "there was no more spirit (breath) in her." (Cf. Josh. 5:1.) And similar experience came to those three who went to the Mount of Transfiguration with Jesus. Solomon's wisdom is fulfilled in Christ (Col. 2:3). "The house that he built" is a type of that temple he is building of living stones (1 Peter 2:4, ; Matt. 16:18). "The meat of his table" is excelled by the food on our king's table, the word of life (Jer. (John 6:55). Our king, too, has his servants (Eph. 2:6; Rev. 3:21). Their "appeal" is not to be compared with the "robe of his righteousness" and our "standing" (2 Cor. 5:21) is more exalted than that of any at Solomon's, or other earthly courts. We are not servants but "friends," yet we are "his ministers" (Rev. 5:10; I Pet. 2:9). Various translations suggest (v. 5). "and his burnt offering which he of fered in the house of the lord."

III. Praises, vv. 8-19, 13. (1) By testimony, vv. 8, 9. "Happy are thy men" who listen to such wisdom, who dwell in the midst of such achievements. One of the greatest joys is to converse with the wise and the good. Our happiness is in our privilege of standing before Christ and to hear his wisdom (Luke 10:39-42; Prov. 13:20; 3:13, 14); no servant is de barred (John 12:26). The queen glorified the source of Solomon's glory, which was all the gift of Jehovah's grace (see 2 Sam. 12:24, 25 R. V. marg., Matt. 3:17; Isa. 42:1). She did not see the oppression of the people, the temptation to luxury and the decline in religious life which so soon led to decay after Solomon's death. When our king shall reign he will "do judgment and justice."

Even so our king blesses us abundantly "above all, we can ask or think" (see John 10:28; 17:22). The kingdom of heaven is greater than Solomon's (Matt. 12:42) (a) in wisdom (I Cor. 1:24); (b) in riches (Eph. 3:8); (c) in power (Heb. 2:8); (d) in blessings (2 Chron. 1:15, cf. Phil. 1:19) and this kingdom is "among ZOIL.

Men "see" what they are searching ifter; they receive true knowledge brough experience. We may see this ingdom and its working if we let him, who is the "light of the world," enter ur hearts and lives.
