TIMES HAVE CHANGED!

Years ago when a man died the question was asked "Did he have any insurance?" But times have changed a great deal since then. One of the first questions asked now when a man dies is how much insurance did he have.

To get the best insurance policy on the market, all you have to do is to give me your application therefor and let me have the medical examination made. Now, don't say to yourself that you don't need it, FOR THE HOSPITALS AND CEMETERIES ARE CROWDED WITH PEOPLE WHO SAID THE SAME THING, and at the time they were just as prosperous and just as healthy as you are today.

"Safe in the Southeastern." The Company You Will Eventually Insure With. Why Not Now?

An "Expressed" Desire

NUNNALLY'S CANDIES are made, packed and sealed in refrigerated rooms, ventilated with cold, filtered air. They are then sent to us by fast express, direct from the factory; while most of the other candies sold here come by slow freight, and even if they escape accident in this rough mode of shipment, the time takes the delicate edge off of their freshness.

When you buy Nunnally's you get the utmost in quality, purity and freshness.

The W. O. W. picnic which was to have been held at Clemson August 26 has been called off.

Dr. D. W. Ramsay filled his appointment Sunday, preaching good sermons both morning and night.

The camp meeting which is now in progress at Central, S. C. will continue through Sunday night, September 29.

We regret to note the illness of Mrs. J. K. Latham of Mt. Carmel. She has been very sick for the past week, but is slowly improving.

Rev. Mr. Hammond of Oolenoy has been elected to serve Enon as pastor next year. Mr. Hammond is a rising young minister. We wish for him success.

Don't forget the W. O. W. picnic which will be held at Six Mile Saturday, August 28. It will be an all day affair with prominent speakers and dinner on the ground.

The supreme court, aided by the judges of the circuit courts, decided that the election on prohibition should be held September 14. So get ready to vote for the good of the state.

The many friends of Postmaster McDaniel will be pained to learn of his serious illness and hope for him an early restoration to health. He is suffering from stomach trouble.

Married, August 22, by J. D. Mauldin, at his residence at Norris, Mr. Claud Sentell to Miss Zella Ray. This young couple have the best wishes of their many friends for a happy voyage through life.

Mrs. M. F. Hester has the nearest to a picture in the way of a hog we have ever seen. He is of the O. I. C. stock. He is 8 months old and will net 300 pounds. The cost of raising it has just been the waste of the kitchen.

From reports there will be large crowds at the agricultural rallies at Flat Rock on the 26th and at Pleasant Hill on the 27th. An excellent program has been provided. Some of the best speakers of the state will make addresses.

Prof. W. W. Benson, formerly superintendent of the Easley schools but now a professor in the Bailey Military Institute of Greenwood, was in Pickens last week in the interest of his school. Several boys from Pickens county will attend B. M. I. this year.

There will be another farmers' meeting at Clemson College August 31. The meeting was rained out August 20. Many farmers were intending to go but were kept away by the rain. T. A. Bowen will be there for the purpose of showing them around. We hope to see a large number present.

The next term of the Pickens graded school will open on September 6. All pupils are urged to be present on the first day. An incidental fee of \$1 will be charged and parents are requested to see that their children are provided with this incidental fee, as no pupil will be enrolled until this is paid.

Only a few dollars will get all varieties that will come in during the peach season. Following are the prices from the Greenville nursery: Peaches, 3¢ apples, 12¢; pears, 12¢; cherries, 10¢; plums, 12¢; grapes, 10¢.

BALE YOUR HAY!

There are several reasons why it will pay you to bale your hay:

First: It will only occupy one-fifth the space required to store loose hay.

Second: Hay will bring good prices, and baled hay is in shape to market.

Third: Baled hay retains its strength and is more valuable for feeding.
