Trade with home merchants as far as possible. By keeping your money at home you have a chance to get it back. If you send it up north you will never see it again.

Born, unto Mr. and Mrs. John Simmons of Calhoun, Sept. 21, a boy.

Miss Floride Carey left last week for Starr, S. C., where she will teach school this winter.

Mr. and Mrs. C. E. Robinson, Jr., spent the week-end with the former's parents in Pickens.

Watch for the announcement of the great Rexall One-Cent Sale at the Pickens Drug Co., as advertised in last week's Colliers.

M. F. Hester and wife and son Ralph spent several days in Atlanta last week. They went and came back thru the country in their new Overland car without a mishap of any kind. Mrs. Wilton Hester came back with them.

Mrs. John Thornley and son Louie went to Wellford Thursday to attend the funeral of Mrs. Thomas M. Hill, wife of Mrs. Thornley's only brother. She died at her home at Pelham Wednesday, aged 41 years. She leaves a husband and three children. Mr. Hill is bookkeeper for Pelham cotton mill.

The Fant-Durham meeting, which has continued for two weeks, came to a close Sunday night. During the meeting the preaching was plain and earnest and the music was simply fine. The congregations large and well behaved, and we hope that much good will be the result.

Mr. B. F. Parsons requests us to state that \$207.60 was raised to meet the expenses of the Fant-Durham meeting. This was a voluntary contribution no one being asked for a penny. This amount covered all incidental expenses of the meeting and left a nice purse for Mr. Fant and Mr. Durham. He also requests us to state that eight song books "Revival Praise", which he had borrowed were misplaced during the meeting. Mr. Parsons wishes to thank everyone who assisted him in any way during the meeting. Fully 2000 people were present at the service Sunday night and the behavior was good.

BALE YOUR HAY!

There are several reasons why it will pay you to bale your hay:

First: It will only occupy one-fifth the space required to store loose hay.

Second: Hay will bring good prices, and baled hay is in shape to market.

Third: Baled hay retains its strength and more valuable for feeding.
