WE ARE THANKFUL

For the friends we have.
That everything we hear is not so.
That we got our stove up last week.
That we are no worse off than we are.
That everybody doesn't spell it Xmas.
That we are living in Pickens county, S. C.
That we have in our heart hate for no one.
For the overlooking of our shortcomings.
That we don't hear all that people say about us.
For the patronage given us in the past. (Keep it up.)
For the words of encouragement spoken to us at all times.
That our subscribers do not have to read this stuff unless they want to.
That it is at least a few days longer until our monthly bills begin coming in.
That it is customary to pay only once a month. It keeps our creditors from being disappointed too often.
For that pair of pants (trousers) which our subscribers are going to enable us to buy before Christmas.
For the blessings we've received along the way, and are thankful that we're living this glad Thanksgiving day.

That we do not have to stay in a trench all day looking for a chance to shoot somebody and trying to dodge bullets.

For a wife's love, for a mother's love, for a father's love, for a sister's love, for a brother's love, and for the love of everyone who loves us.

We are thankful for the sunshine, We are thankful for the rain, And thankful we're in no danger Of having water on the brain.

Good-bye, Indian summer! Howdy, Mister Winter?

Governor Rye of Tennessee is making a good governor in spite of his name.

"Nut expert comes to Georgia"—headline. Change cars for Thomson!

Just think of it! Charleston is to have a "water election" December 14!

They are having a corn show in Wilmington, N. C. In a jug or on the ear?

And according to the sultan of Turkey the Lord is also on his side in this war!

Anderson county had ten murder cases on the docket at last term of court. And yet some people say the world is getting better.

Mr. Bryan always gets the crowds whether his subject is popular or otherwise. It was S. R. O. in Charlotte for his talk last week.

Strange, but true. When it is one minute after 8 o'clock it is past 8; and when it is 30 minutes after it is only half past 8. Ever notice it?

There won't be much stirring until those boys who have been looking for "positions" with a "salary" commence to look for a job with a pay envelope.

Up to date there are only sixteen candidates for the Republican nomination. As the Democrats have only one candidate, can this be referred to as a 16-to-1 campaign?

If some more of the "higher-ups" in England would follow the lead of Winston Churchill in going to the front it would perhaps be an inducement for the "lower-fives" to enlist voluntarily.

OUR WEEKLY RIDDLE.—Why are the entente allies and the editor of The Pickens Sentinel alike?

Because we both expected to have Turkey for Thanksgiving and were disappointed.

THE JOCASSEE VALLEY

COLUMBIA RECORD.

An enchanted spot which commands the attention of the traveler in our Western South Carolina mountains is the Jocassee valley. Independent of its romantic situation, it has two waterfalls of extraordinary beauty. This beautiful spot has long been celebrated in song. The following was written by Professor Blackburn:

AH! who can forbear that sweet valley to praise
Through which the Jocassee meandering strays,
Embosomed in mountains—delightful retreat—
Where Health and Contentment have taken their seat:
Where law is unknown, as in primitive times,
Ere wealth was adored, fertile parent of crimes;
Where freedom, like air, is in Nature's free plan,
The choicest of blessings bestow'd upon man.

And thou, lovely White Water, what pencil can show
The beauties displayed on thy bosom of snow;
Niagara may boast of the grand and sublime,
But thou dost the pleasing and awful combine.
Language fails to express; nor can fancy conceive
So charming a sight as thy wild, dashing wave—
Jocassee—sweet stream, may thy banks ever be
From the evils of vice and luxury free.

Beware of Ointments for Catarrh That Contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials Free. Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

THANKSGIVING DAY

BY L. S. CRITTENDEN

Today we thank the Lord of Heaven
For the many blessings that He's given
To us poor mortals far below Him.
How grand it is that we should know Him
We planted crops, we plowed and hoed them,
But God's own rain and sunshine grewed them;
Our barns are full to running over,
So praise Him, our Glorious Lover.
We live in a land that's unlike others,
For peace and plenty are our brothers;
So sing, ye birds; your sweetest phrases
Uplift, today, in songs of praises!
Pumpkintown, S. C.

"Change slow in China"—headline. Different here. Our change is fast—disappearing.

It seems that this war cannot be run successfully without constant recourse to the Bible. For that matter no other business can succeed without following the teachings of The Book.

Old John Frost has nipped all of the posies hereabouts. But what we want to hear about is: who is going to bring in the first peach blossom? We mean the ones off the tree, of course.

Oh, those University of Chicago professors! Here comes one who says he has discovered how to bring back youth to old age, and says old animals can be "brought back to a condition of youth and made to pass through the cycle of life again and again." Gosh! we know some animals we hope won't try it on!

The teeth in Georgia's prohibition law are not so sharp after all. For the man who wants a dram for himself—alone—it is all right. He can get a gallon of wine, six gallons of Budweiser and half a gallon of booze a month. But he will have to consume it all himself, which will not be much trouble for some folks we know. There's to be no treating your friends unless you take them home with you, and in most cases that would be disastrous—to the supply!

There is a place in Pickens named "Pumpkintown," and the inhabitants thereof no doubt think they are "some pumpkins."—Newberry Observer.

HOW TO REDUCE EXPENSES

WHY does a man or woman in buying an advertised article seldom tell the merchant where he or she saw the advertisement? That they did see it—and read it—is proved by the purchase they are making at the time, but the retailer is left to form his own conclusion as to what prompted them to come to his store. Newspapers urge buyers to tell where they see the advertisements, and they really should do so. If they would, the advertiser would know his advertising was paying him. He naturally then would do more advertising, and just as naturally, he would sell more goods. Selling more goods he would be able to sell even cheaper than he is now doing—and the result would be that the public would benefit—and all from so little trouble as telling the business man where his advertisement was seen. In looking over our advertising columns in this issue, please, when buying, tell the business man you saw his ad in The Sentinel. The advertisers this week are:
