

JUNE 8, 1916.

Entered at Pickens Postoffice as Second Class Mail Matter.

\$1 PER YEAR, INVARIABLY IN ADVANCE

GARY HIOTT, Manager.

Obituary notices and tributes of respect of not more than one hundred words will be printed free of charge. All over that number must be paid for at the rate of one cent a word. Cash to accompany manuscript. Cards of thanks published for one-half cent a word.

COMMUNICATIONS in behalf of candidates for public offices will be published in The Sentinel at regular political advertising rates, but we cannot publish them as news. Advertising rates made known on application.

POLITICIAN HULL, congressman from Tennessee, is no peanut.

LIFE in Greenville seems to be just one political fight after another.

TATER bugs and skeeters also need a swat or two along with the pesky fly.

THAT Mexican note sounds as if Carranza had found some of old Huerta's favorite brand.

GREENVILLE is to have a cold-storage plant. To make things cooler during the campaign?

THE Anderson Intelligencer inquires "When is the season for prunes?" Telephone to Booker.

"If you don't think it is a hard job to move, you move some time," means the Spartanburg Journal. Ever try paying rent?

STREET cars in Kazan, Russia, have been blockaded by snow. And this is June, too! No wonder the Czar's soldiers have cold feet.

SINCE the big sea fight between the English and German fleets, "Hoc der Kaiser" can be heard wherever the German language is spoken.

AFTER a courtship lasting 42 years a Tennessee couple were happily married last week. But we don't see why they should rush things like that.

DON't know which we had rather have: inflammatory rheumatism and the St. Vitus dance at the same time or a regular job as a baseball umpire.

THE Anderson Daily Mail endorses the plan outlined by Mr. Matthew Hendricks last week, proposing a plan to do away with a second primary election each year.

It is said that there are several lawyers in South Carolina who do not intend to run for solicitor. The best of them will probably run for either governor or congress.

A TEXAS woman has been awarded a verdict against general Villa for \$2,275. We'll give her that "Un Peso" we received recently on a year's subscription to The Sentinel for it.

THAT story of someone throwing an open knife at Colonel Roosevelt in Kansas City has turned out to be as big a fake as the Colonel's alleged discovery of the River of Doubt.

JAMES J. HILL, the railroad magnate, died last week. His wealth was estimated at from \$100,000,000 to \$500,000,000. We don't know how much money he left—but he left it all.

AN Anderson man says that if there is a war between this country and Mexico it will insure Wilson's reelection. If it takes war to elect a president, let's quit such foolishness.

PRESIDENT WILSON is said to desire a set of whiskers. Well, there's old Carranza, Justice Hughes, and several others we might mention, to say nothing of Jim Ham Lewis, who have an abundance and to spare.

HERE'S one way to win: Over in West Virginia, whenever the Republican bosses want to carry an election good and strong, they put on the registration books mules, hogs and dead men. The supreme court of that state has just ordered these animals' names taken off the registration lists in one county.

It used to be said that old King Alcohol was responsible for more deaths and caused more misery in this world than all the wars, and that more money was squandered for drink than was used in supporting all the armies of the world. But this idiotic European war has changed the figures in each instance.

OUR WEEKLY RIDDLE.—Who was Jonah's tutor?
The whale that brought him up.

A WICKED, cruel youth
Is Percy Jones.
He always wants to go
And "shoot some bones."

SOMETHING good most always comes from things seemingly bad. The periscope, harmless in itself, was invented for war purposes—for slaughter of human beings. It is now being put to a good use by a western railroad in saving lives instead of destroying them. At a particularly dangerous grade crossing in a California city a 20-foot periscope has been installed so that the crossing flagman can watch for trains coming around a curve.

MOST any anti-German newspaper will tell you that "Germany has been preparing for this war for forty years." Maybe so. But the reliable figures of the United States government do not say that. But they do say that from June 1 to June 30, 1915, Germany spent less by many millions of dollars on her navy than England; less than France, less than Russia, and less than the United States.

THE famous Daniel Boone tree, near Johnson City, Tenn., was blown down recently by a storm. At this tree the pioneer once killed a bear. It is only a stump now, the only part left being a small piece bearing the inscription: "Boone killed a bear at this tree in the year 1760." The Daughters of the American Revolution will preserve this part of the stump.

In Progressive Pickens

Columbia State.
The State acknowledges the receipt of a postal card on which is written: "How is this for a rural school building in an illiterate county? It's the Reunion school building, just finished at a cost of \$3,500. Several more like it up here for country boys and girls." From the other side of the postal card we reproduce: (A picture of the school building is shown here.)

There is little more to be said. Pickens has a larger proportion of white people in its population than has any other county of South Carolina, it has a climate unsurpassed anywhere in the world, it has fertile lands and diversified industries.

It is only necessary to multiply the school houses of the kind that is illustrated on the postal card and require that the children be sent to the schools to make Pickens one of the best counties in the United States.

Here Goes That Fellow Booker Again

Spartanburg Journal.
Pickens is said to be a good cross-tie market. But who wants to go to Pickens?

Proud of Charles Atkinson

The pupils of Six Mile Baptist academy are proud of young Rev. Charles Atkinson, who has proved to be so successful in oratory. He is one of the first boys in the academy to win medals in oratory, debating and declaiming, and we are glad to know that he is taking a course in elocution in Greenville. He is also doing a great work in preaching the gospel to the people of our Southland. He is supplying four churches this year. We all bid him godspeed that he may go on in the bringing of the kingdom of God into the hearts of men and women. A SCHOOL FRIEND.
