The merchants and business men whose advertisements appear on this page are the ones who make this chautauqua possible for Pickens. This chautauqua is not a money making proposition; if there is any money left after the expenses are paid it will go to some good cause. This chautauqua is brought here for the benefit and pleasure of the people of this section. It cost several hundred dollars to bring these attractions to our town, and our business men put up the guarantee. These men are good, progressive business men and want to see our town go forward. Patronize the firms whose advertisements appear on this page.
