ROAS'NEARS on the way!

Of course you've enrolled.

BLACKBERRIES galore in Pickens!

ON to Mexico, boys, and save Willie Hearst's ranch!

ANYWAY, the next governor of South Carolina will be a Democrat.

INSTEAD of going to the front, Teddy seems to have taken a back seat.

BUT they didn't have to import any shouters for the candidates in Anderson.

NOW IF those suffa. would only enlist the rucus with Mexico would soon be over.

A CHICAGO paper wants to know if a moose can swim. Didn't he swim the River of Doubt?

THERE will now be enough capital I's to go round, since T. R. and 'I' have retired from politics.

WHEN Teddy said he was out of politics he didn't realize what a great truth he was really telling.

IF all the soda-jerkers go to war we will have to cultivate an appetite for something "just as good."

"It is a long way to Chihuahua; it is a long way to go," quoth the Anderson Mail. And it is a long way back, too.

COLONEL BOB of the State bemoans the failure of his mint bed. But cheer up, Colonel; 'tis said the okra crop is fine!

GREENVILLE NEWS says that printers' ink and booze won't mix. That settles it, then. We've tried it on everything else.

OFFICE-HOLDERS don't buy any cotton; neither do they fix the price. So you are perfectly safe in voting for whom you blame please.

THANK goodness, the South Carolina troops didn't take the Columbia State's sweet singer with them! That would have been a calamity.

THE daily papers tell us of a man in Sing Sing prison going to the electric chair with a smile on his face. He had been married three times.

BESIDES the Fourth of July, Mexico and the state campaign, we have with us this month our old friend, Colonel Five Paydays. And a royally welcome old scout he is, too.

HENRY FORD denies the report that he will discharge his employes who belong to the National Guard and answer the call. Henry says when they return they can go back to work just the same as if they had never left. Bully for Henry.

VOTERS in the coming primary election who want to vote for the candidates they have been yelling for should remember that all have to enroll their names on the Democratic club rolls in order to back up those yells.

NOW THAT there is another vacancy in the United States supreme court, North Carolina has mobilized her judges of all degrees and entered them for the nomination. And because Ex-President Taft once upon a time played golf in Augusta town, the newspapers of that place seem to think that this fits him for the job. In the meantime President Wilson has no doubt picked out a competent man to fill the vacancy, as was shown in the Brandeis appointment, and it will be safe to predict that the next supreme court justice will not hail from North Carolina nor will he be an ex-president.

ON account of our report of the state campaign meeting in Pickens last Thursday The Sentinel has been accused of leaning to the Blease faction in politics. We will state again, as we have stated many times, that The Sentinel is run free from political bias. Our object is to print the NEWS and give all men a square deal. Our report of the campaign meeting was a matter of news and we reported it as news and we told it just as it happened as nearly as we could. Put facts before the people and let them judge for themselves. Some newspapers in this state have in the past and are at this very moment injuring the cause they champion instead of helping the cause.

OUR WEEKLY RIDDLE.—Why is a young man visiting his sweetheart like the growth of a successful newspaper? His visits commenced weekly, grew to be tri-weekly, and then became daily with a Sunday supplement.

THE Spartanburg Herald says the 'old-fashioned lady who wore a 'mother hubbard' in the back yard only now has a granddaughter who wears one right down town.' Yessir; and the new 'mother hubbard' strikes the granddaughter fearfully near the knees instead of trailing on the ground, as did grandmother's.

INSTEAD of robbing birds' nests of their eggs and their young, the small boys of this community should be organized into a bird club for their protection. Clubs of this kind are being formed all over the country, and we think one of this sort should be started in Pickens county, along with the corn clubs and pig clubs. And the girls' canning clubs could help, too.

A MAN out in Missouri is said to have lived to be a hundred years old by drinking sassafras tea. Bet he never heard of Tanlac.

Subscribers who want the address of their paper changed should always send notice direct to The Sentinel office, giving name of old postoffice as well as the new one.

A New Machine at The

PICKENS BANK

This machine is really a wonderful set of steel brains which we are putting to work in our accounting department.
With it we can handle our figure work faster than ever before and at the same time be sure that every item in our books is right.

Helps Us Give Better Service
By the machine method, every depositor's account is kept in balance all the time and there are no mistakes such as are unavoidable with other ways of handling figures.

The time saving made possible by the machine gives us an opportunity to improve the service to our customers in all departments of the bank.
Everything Is Done Automatically
It prints dates, adds your deposits to the old balance, subtracts checks, figures and prints your new balance. All of this is done automatically. The operator simply writes the amounts on the keyboard—the machine shifts from column to column and adds, subtracts, or prints the date as desired, without the least attention being necessary.
