John L. Thornley has a May cherry tree in his yard which has its second crop of cherries this year.

S. W. Seawright and family of Greenville spent Sunday with his brother, Dr. T. A. Seawright, in Pickens.

Dock Pace and family moved last week from Pickens to Greenville, where he expects to enter the mercantile business.

Mack Christopher, Hansell Bivens, B. F. McDaniel and Earl Morris motored to Greenwood Sunday and spent the day there.

B. H. Williams of Easley route 6 and W. C. Gaines of Norris, are two of our good friends who paid us pleasant visits Monday.

Rev. C. R. Abbecrombie and Prof. R. M. Bolding are this week conducting a series of meetings at Double Springs in Greenville county.

Several weeks ago B. M. Smith advertised in The Sentinel that he had some seed wheat for sale. He says the ad sure did the work for him.

The eight-year-old boy of Austin Downs, colored, who lives on Mr. Alex Raines' place four miles above Easley, died suddenly Sunday morning.

Mrs. C. G. Lewis and Miss Lena Lewis of the Praters section visited last week at the home of J. R. Griffin of Central route 3 and R. K. Lewis of near Pickens.

The Easley singing convention will meet with the Glenwood church the second Sunday in November at 2.30 p. m. Everybody urged to attend, as this is the time to elect officers for next year.

Merchants of Pickens report extra good business this fall. Especially was business good here Saturday and there were many well pleased purchasers from the surrounding country here.

The friends of C. G. Lewis of the Praters section will be glad to know that the cancer, with which he has been afflicted a long time, is not giving him as much trouble as formerly and is gradually going away.

On account of the week of prayer of the Woman's Missionary society, which began Monday night and will continue the balance of the week, there will be no ladies' cottage prayer meeting this Wednesday evening.

Hobbs-Henderson Co. of Pickens have just installed in their store here the handsomest and largest cash register in Pickens county. It is a six-drawer, mahogany finish National with all the latest improvements and is in keeping with the up-to-date methods of Earle Seaborn, the hustling manager of this store.

A week or so ago a citizen of Pickens advertised a second-hand Ford for sale. He placed a small ad in The Sentinel and had no trouble in selling the car. He got many replies from the ad and could have sold several more Fords if he had had them. Let the people know what you have for sale or trade and you will do business.

The report that "Uncle Jimmie" Williams, who sang at the recent tent meeting at Pickens, was dead is not true. Uncle Jimmie is not only living, but is still singing. In writing to B. F. Parsons of Pickens he says he has been in a meeting with Charlie D. Tillman at Lynchburg, S. C., and will leave there this week for Florida.

Cedar Rock's new school building is a revelation of what determined people and a carpenter can do. The old building has been made into a modern and handsome, well-lighted and tin-shingled structure, which the people of the district and county should be proud of. Working on the building last Friday were E. E. Lewis, R. N. McCollum, J. L. McCollum, J. D. Singleton and a Mr. Jones.

P. A. puts new joy into the sport of smoking!

YOU may live to be 110 and never feel old enough to vote, but it's certain-sure you'll not know the joy and contentment of a friendly old jimmy pipe or a hand rolled

cigarette unless you get on talking-terms with Prince Albert tobacco!

P. A. comes to you with a real reason for all the goodness and satisfaction it offers. It is made by a patented process that removes bite and parch! You can smoke it long and hard without a come-back! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

Prince Albert affords the keenest pipe and cigarette enjoyment! And that flavor and fragrance and coolness is as good as that sounds. P. A. just answers the universal demand for tobacco without bite, parch or kick-back!

Introduction to Prince Albert isn't any harder than to walk into the nearest place that sells tobacco and ask for "a supply of P. A." You pay out a little change, to be sure, but it's the cheer-fullest investment you ever made!

Prince Albert is sold everywhere in tippy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin tins—and that clever crystal-glass pound humidifier with sponge-moistener top that keeps the tobacco in such splendid condition.
