AND we still have only two ex-presidents. That's a plenty.

REPUBLICAN CHAIRMAN WILCOX seems to be the original bonehead.

"LIBERAL views on religion" is a polite way of saying a man hasn't much of it.

SOME people call it being "lit up," when the fact of the business is it is putting out their lights.

THAT fellow Wilson seems to be a live wire. The people got in touch with him and couldn't turn him loose.

SOMEbody has just put up a factory in Greenville to make Yam Nuts. There are already enough nuts in Greenville without making any more.

MR. WILSON is getting a great deal of advice just now about how to run this old ship of state during the next four years. Leave it to Woodrow.

PERHAPS Chairman Wilcox of the national Republican committee is waiting for the electoral votes to be counted on January 8 before he is sure he is beaten.

MISS RANKIN, who is the only woman member of congress, is red-haired, and of course she comes from North Carolina, which state always claims all of the good things.

"G. O. P. RULE Certain in Congress" —headline in Hearst papers. We imagine that is about as reliable as the election dope in these papers "the morning after."

IF this thing keeps up it will not be long until our farmers will be bringing a dozen cotton seed to town and swapping them for sugar, coffee and tobacco, same as they do eggs now.

LET us insist upon you NOT writing it "Xmas" when writing of Christmas. There is no such word as "Xmas" and it spells nothing. Besides, it is vulgar to try to make an "X" stand for Christ.

THE Anderson Mail says it cannot understand why The Pickens Sentinel pays Dunk Botts for Hogwallow News when its own Pumpkintown correspondent has Dunk beat a mile. We don't pay him.

OUR new serial story will begin next week. We believe it will prove the most interesting story we have ever published and be a source of enjoyment to our readers. Be sure to read the first chapters.

BOOKER of the Spartanburg Journal says he has a letter from Editor Gossett of the Tugaloo Tribune saying aside from having a headache, eye trouble, toothache, neuralgia and rheumatism, he felt pretty well.

FOLLOWING is an extract from an appreciated letter received last week: "The Sentinel is the best now it ever has been, and it has been coming to my father's home and mine together for about thirty-three years."

THE Spartanburg Journal printed a "prohibition map" last Friday, showing the prohibition localities in black and the whiskey localities in white. We didn't like it a bit because there was a little white speck just above Pickens.

THERE'S little doubt the new woman member of congress will do her share of talking without electing her speaker of the house. Besides that, look at the array of "deserving Democrats" we have on hand, to say nothing of "lame ducks."

ROOSEVELT has been referred to often as "Theodore the First" by his political opponents, but recent events will have to make it read "Theodore the Last"—at least we hope it will be the last of him in the role of president of these United States.

IT has been a long, long time since the football team representing the University of North Carolina defeated the University of Virginia team, but with Bill Folger, a Pickens county boy, playing with the North Carolina team we believe they can turn the trick this year.

OUR WEEKLY RIDDLE.—Why is it nonsense to pretend that love is blind? Because you never knew a man in love that did not see ten times more in his sweetheart than others did.

SOME of our friends doth us
Sorely vex
By spelling Christmas
With an X.

We sincerely trust we may never hear any such remarks made about any Pickens county officers as we have heard about the Aiken county officers who came to Pickens Saturday. Four Aiken county officers came to carry back one negro prisoner and it is said their conduct while here did not become officers of the law.

The following was contributed for publication in The Sentinel: "The Columbia State thought Hughes was the winning candidate on Wednesday after the election. A few days later when it was found that Wilson was the winner the State said it got its information from the New York papers. We actually thought better of the State. We never expected nor do we expect anything from the North but adverse criticism and cold weather."

Our neighbors just across the line in the tenth congressional district of North Carolina have been represented in congress the past two years by Mr. Britt, a republican; but this month they elect Mr. Weaver, a Democrat, to represent them. We offer congratulations. North Carolina's delegation of ten congressmen will all be Democrats next year. We have often wondered why it is that the people of Transylvania, Henderson, Polk and Rutherford counties in North Carolina are about half Republicans, while their neighbors, friends and relatives, the same kind of people, who live in the adjoining counties in South Carolina are all Democrats.

Important Notice

On account of the increased cost of paper, type, ink, and everything else that goes into the making of a newspaper, The Pickens Sentinel is forced to raise its subscription price to \$1.50 per year.

The new rate will go into effect January 1, 1917.

In order to give our old subscribers and friends a chance to remain with us at the old price we will receive renewal and new subscriptions from now until January 1 at \$1.00 per year. We can not, however, allow anyone to pay more than three years in advance at the old rate.

We will be glad to have all who care to take advantage of our offer between now and January 1 and save the difference.

Death of Thomas Durham
On the 10th day of November the entire community and friends elsewhere were shocked when they learned of the death of Thomas Durham. He died with measles, living only a few days after he was taken ill. He was given all physical aid that could be summoned, but none was sufficient to stay the monster hand of death. He was 66 years of age and had been a member of Six Mile Baptist church several years and was a devout christian. He leaves a wife and four children to mourn for him.

The day following his death funeral services were conducted by Rev. B. C. Atkinson, after which his body was laid to rest in the Six Mile cemetery. In sympathy we say to his loved ones to look to the giver of all good gifts, which passeth all our understanding. May the mantle of his gentleness and love and loyalty and unwavering faith and fearless manhood which seemed only to ripen with the burden of years. May it fall upon us who knew him and who loved him because we took note that he had sat much at the feet of the Master and had learned of Him; and in faith and loyalty may each of us in the great spiritual journey which he served faithfully and well and without any turning and wavering; in our last hours and in all the days till then be like unto him.

To buy Cheaper is to pay more.

Don't forget that a coffee cheaper than Luzianne in the end actually costs more, for you are guaranteed that there are twice the usual number of cups in a pound of Luzianne. It is guaranteed to please you, too. Buy a can today, use it all according to directions, then if you are not satisfied, if you are not dead certain it has gone twice as far, your grocer will return your money without question. Write for our premium catalogue.

Hamilton Carhart Maker of the Famous Carhart Overall

Says:

"There Are More Ways of Skinning a Cat Than By Peeling Him."

Just so; there are many ways of making Overalls at the old prices, but this is not in them.

You perhaps can buy an overall for \$1.00, but look what you get! Buy a pair of the cheap kind, wear them a few days, put them in a wash tub, and then see what they look like. They will be several sizes too small for you, and what little dye was ever in them will come out in the wash.

The Carhart Overalls are made from the best Denim to be had, made full size, nothing but Pure Vegetable Indigo Dye is used, and the color is absolutely fast. The price is only \$1.15 and \$1.40 the pair.

Naturally, with the United States clothing and feeding the world, every line of merchandise is going to be higher, but there will be a lot of cheap, inferior goods on the market, and the merchant who puts this class of goods in his stock will regret it, and the consumer who buys them will not get value received for his money, no matter what the price.

When buying goods buy nothing but the best. Consider quality first, last, and all the time. It pays to buy the best.

Yours truly,

Mrs. W. T. Jeans of Pickens was carried to the Greenville hospital last week for an operation, but after thorough examination and consultation the doctors in charge decided not to operate upon her. Word received here Tuesday states that she is doing well. She has been seriously ill several weeks and many friends sincerely trust that she may soon fully recover.

TO YOU Who have been borrowing your neighbor's copy of The Sentinel every week; don't you think it would be better for you to subscribe for the paper, so it would reach you every week? Your neighbor doesn't like it—we know because some of them told us so. Come on and subscribe this week. We'll be glad to have you.
