Just Think!

A \$30,000.00 stock of good merchandise consisting of Men's, Boys' and Children's Clothing, Dry Goods, Millinery, Shoes, Furnishings, Ready-to-wear, Hats, etc., to go in this great Mill-End Sale, regardless of former cost or selling price. Surely a tonic for over-worked pocket-books. Every reason which urges you to buy goods to supply your wants for spring, prompts you to come to this store to make your purchases. We would have been blind indeed had we not foreseen the inevitable advance in prices and protected ourselves

Truly a Wonderful Opportunity

In this great Mill-End Sale we are offering you merchandise at prices a great deal less than today's market. Hundreds of people have visited this Great Mill-End Sale during the past 4 days and have taken advantage of the wonderful saving by buying merchandise at Mill-End prices. We went into the market early and anticipated our wants, buying the largest and best assorted stock of Dry Goods ever brought to Easley, and we are taking this occasion to share the profits with our customers and, hence, make this the largest sale in our history.

Old customers know what it means when there is a sale at Bolt's.

The Thermometer

Is higher here by a wide margin than at any other store. Why shiver in the icy cold when you can come to Bolt's and buy good warm clothing and shoes at old prices?

Do not compare this Extraordinary Merchandise Carnival with the ordinary type of Bargain Sales. Not a collection of odds and ends and cheap, junky merchandise to be sold at bait prices, but thousands of dollars worth of fine merchandise to be sold at lower prices than inferior merchandise can be bought elsewhere.

To the People Who Could Not Get Waited On Last Saturday

Owing to the great crowd of shoppers that thronged our store all day, we wish to offer an apology and ask you to come back next Saturday. We really did not expect such a crowd and while we had several extra clerks, yet we could not wait on all the customers. So we ask you to come back and

Be here with the crowds and get your share of the bargains. There will be plenty of experienced salespeople to wait on you and bargain shopping will be a pleasure.

To list all the specials for this sale would take lots of space, but come expecting Great Bargains and you will NOT BE DISAPPOINTED.

Why Leather Is High

And Still Higher Prices Almost a Certainty.

Should America become involved in war—and it is almost a certainty—the immense amount of leather required to equip its armies will be a severe strain upon the leather supply and leather will go up like a skyrocket. If by some miracle America is kept from hostilities she still must prepare for every emergency and new leather goods will be needed in unbounded quantity. Therefore, a reasonable mind will see that the price on all leather goods, and especially shoes, will continue to advance for months to come.

It takes four times as many shoes for a soldier doing duty in the trenches as it does in times of peace. There are twenty million men now in the trenches and the number is growing. Think of it—four times as much leather required as it does in peace. Not only for shoes, but for a thousand other things is leather being used in the great European armies and the need is growing daily. Hence the continued high price of leather is certain. The market cannot drop for at least one year.

During our Great Mill End Sale you can buy Shoes and Oxfords from us even cheaper than old prices. Our shoe stock is complete with more than \$6,500 worth of staple shoes bought before the last advance in leather and shoes. It will pay you to visit this Sale and buy your shoes for use during one or two years. Remember, this is not HOT AIR, but FACTS, we are giving you.

Shoes and Oxfords

AT LESS THAN OLD PRICES

There is nothing in sight but higher and higher prices for leather—higher and higher prices for your SHOES. The only way you can buy GOOD SHOES at the price you are used to paying is to buy now while the present stock is selling at the old prices. The shoes you used to buy at \$4 are now costing us more than that, and it is not saying too much to say that shoes for next fall will be made of an inferior grade of leather and sell for 50 to 100 per cent higher.

Boys' Clothing

Just a word in regard to the advance prices on Boys' Clothing. The prices we offer you these suits are far below what we could buy them for today, but on account of being overstocked, hence these exceptionally low prices.
