Reports from Maine show that L. 550,000 young balsam firs were shipped from the state last year to be used as Christmas trees. The first shipment of Christmas trees from Maine began about a dozen years ago and the numher sent out was about 500. Maine is a large state and her forests are vast. but if the Christmas tree industry continues to grow or, indeed, keeps on at the present rate, it will not be many years before this wholesale destruction of the young trees and the extensive lumbering that is going on will exhaust her forest resources. Hughes of Orangeburg Re-elected President and Timmons of York Secretary and Treasurer.

Columbia. The annual meeting of the South Carolina County Fair Association was held in Columbia, when many matters relating to the progressive development of these institutions were considered. J. M. Hughes of Orangeburg was re-elected president without opposition. C. L. Hunley of Chesterfield county was nominated for re-election as vice president, but declined to serve. W. A. Stuckey of Bishopville, Lee county, was elected instead. William R. Timmons of York was elected secretary and treasurer.

Disposal of the question of circuit formation was made by motion that the president and the secretary group the county fairs, subject to the approval of circuit membership.

D. F. Efird, secretary of the state fair, advised that the executive committee of the state fair had favorably considered the proposition of appropriating prizes to the amount of \$2,500 as premiums for the best counby exhibits at the state fair. Resolutions were approved urging that this matter be brought to the attention of the various county organizations, and that they be instructed to confer with the officials of the state fair society.

James D. Lee, superintendent of South Carolina state exhibits, made a brief address to the county fair secretaries on the relation of the community fair to the county fair and the latter's relation to the state fair. He also touched upon the subject of advertising and the giving of free tickets to school children. Brief talks were also made by George L. Marr of the Krause Greater shows and Harry Rosen and J. C. #### PAIN? NOT A BIT! LIFT YOUR CORNS OR CALLUSES OFF

No humbug! Apply few drops then just lift them away with fingers.

This new drug is an ether compound discovered by a Cincinnati chemist. It is called freezone, and can

now be obtained in tiny bottles as here shown at very little cost from any drug store. Just ask for freezone. Apply a drop or two directly upon a tender corn or callus and instantly the soreness disappears. Shortly you will find the corn or callus so loose that you can lift it off, root and all, with the fingers. Not a twinge of pain,

soreness or irritation; not. even the slightest smarting, either when applying freezone or afterwards. This drug doesn't cat up

the corn or callus, but shrivels them so they loosen and come right out. It is no humbug! It works like a charm. For a few cents you can get rid of every hard corn, soft corn or

corn between the toes, as well as painful calluses on bottom of your feet. It never disappoints and never burns, bites or inflames. If your druggist hasn't any freezone yet, tell him to get a little bottle for you from his wholesale house,-adv.
