

CALOMEL SICKENS! IT SALIVATES! DON'T STAY BILIOUS, CONSTIPATED

I Guarantee "Dodson's Liver Tone" Will Give You the Best Liver and Bowel Cleansing You Ever Had—Don't Lose a Day's Work!

Calomel makes you sick; you lose a day's work. Calomel is quick-acting and it salivates; calomel injures your liver.
If you are bilious, feel lazy, sluggish and all knocked out, if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Dodson's Liver Tone instead of using sickening, salivating calomel. Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular. You will feel like working. You'll be cheerful; full of vigor and ambition.
Your druggist or dealer sells you a 50-cent bottle of Dodson's Liver Tone

under my personal guarantee that it will clean your sluggish liver better than nasty calomel; it won't make you sick and you can eat anything you want without being salivated. Your druggist guarantees that each spoonful will start your liver, clean your bowels and straighten you up by morning or you can have your money back. Children gladly take Dodson's Liver Tone because it is pleasant tasting and doesn't gripe or cramp or make them sick.
I am selling millions of bottles of Dodson's Liver Tone to people who have found that this pleasant, vegetable, liver medicine takes the place of dangerous calomel. Buy one bottle on my sound, reliable guarantee. Ask your druggist or storekeeper about me. Adv.

To Keep Tab on Housewives.
Housewives in the canton of Basel are in a fever of excitement, according to a Lausanne dispatch to the European edition of the New York Herald. The edict has gone forth that gendarmes in that canton can enter any private house on the meanness days, Tuesday and Friday, and inspect what is cooking in the "marmite!" One can imagine the welcome a gendarme will receive from a German-Swiss "frau" as he crosses the threshold of her kitchen.

There has been a perfect storm of abuse over it in the grand conseil of Basel-Ville, but the vote was 75 against it. Cooking meat on Tuesday and Friday is punishable by fines up to 1,000 francs, and one month's imprisonment.

Lawyers Got It After All.
The inseparable Simpkinson brothers of Los Angeles decided that they would save the expenses of lawyers' fees in case of the death of one of them by making out checks to each other. One of them died recently and the other took the check for the amount of his estate to the bank. The bank refused payment because the author of the check had died, and the lawyers got the money after all.

Speaking of economy, the only thing you will lose by using "Dead Shot"—Dr. Peery's Vermifuge, will be Worms or Tapeworm. One single dose sufficient, without castor oil in addition. Adv.

Sometimes a woman will admit that the most trouble she has had with her husband was in getting him.

Weight for weight, a manilla rope is just about as strong as a steel one.

Both Quality: And Quantity

Try Yager's Liniment, the great external remedy for rheumatism, neuralgia, sciatica, sprains, chest pains, backache, cuts and bruises.

\$10.00 or more invested in established oil co. with own refinery, pipe lines, tank cars. Production run 100% or more on investment. "Edwards", 23 Wabash Ave., Wichita, Kan.

NEED OF NIGHT SCHOOLS

In Patriotic Course Illiterates May Study Government Bulleting on Rural Life Development.

Columbia.—"Night Schools and Patriotism" is the subject of an address to the people of South Carolina by Miss E. Julia Selden of Spartanburg.

"The communication follows: 'In a state where more than one-fourth of the people are illiterate and as many more little better than illiterate, one can scarcely do more patriotic work than help train this great mass of men and women and the most effective way to reach them is through the night schools.'

"Fifty per cent of South Carolina is not under cultivation, and much that is produced is only a small portion of what it is capable. 'In this day when patriotism is needed in garden and field; when the whole world is looking to America for food, and thousands of lives depend on our ability to furnish it; since illiterates are not accepted in the army, now is the time to train them for the battle of life, teaching, however, to save and produce rather than to destroy.'

"While teaching illiterates to read and write they and thousands of others can be brought together two or three times a week to study government or Clemson extension bulletins, on truck farming, fruit growing, canning, good roads, sanitation, forestry, etc., and so learn how best to supply the needs of the country.

"The first step in organizing night schools is, after securing teachers, to call a community meeting and have a speaker outline the work. The people have already been told of the desperate need for food over the whole world, but they have not been organized into schools to learn how best to supply this need. At the end of the meeting pupils should be enrolled and school begun at once.

"Later in the summer when the crops are laid by schools will be found successful in rural districts if held from 2:30 to 5 p. m.

"Literary Digest clubs might do good for illiterates, where a copy is subscribed for every six members who will each keep it one day and pass it on, then will meet once a week to discuss topics of most interest.

"Night schools are equally effective in city, town, mill or rural community and to help with this work should, now more than ever, be considered an act of patriotism. For every man and woman not actively employed in the army, navy or Red Cross, here is your chance to serve."

Physicians Elect Officers.

Greenville.—The fifth annual meeting of the Southeastern Sanitary Association was formally closed after what was recognized by all the fifty attendants as the most successful session in the history of the association. No decision has been made as to the place at which the next meeting of the association will be held but it is thought by many that the decision of the executive committee which decides this question will be in favor of Raleigh, N. C. Announcement of the committee's decision is expected within the next 60 days.

At the business session of the association the officers for the ensuing year were elected as follows: President, Dr. M. M. McCord, of North Carolina; vice presidents, Dr. R. C. Smith of Tennessee, Dr. C. B. Reynolds of North Carolina, Dr. F. A. Coward of South Carolina, and Dr. A. B. Wood of Georgia; secretary and treasurer, Dr. Clarence E. Smith of Greenville. The officers of the association compose the executive committee.

Underwriters Select Charleston.

Columbia.—The 19th annual convention of the South Carolina Underwriters' association will be held in Charleston June 13. The first session will be held at 10 o'clock in the morning at the Isle of Palms. Following the lunch hour, there will be a second session. After a brief recess for a plunge in the surf, the members will return to Charleston for a banquet at the Charleston hotel, tendered by Charleston underwriters.

The program has not yet been completed, but an effort is being made to get F. J. von Engleken, president, or some other official of the federal farm loan bank, to speak on the relation of the bank's function to insurance.

SOUTH CAROLINA NEWS ITEMS.

More than 100 delegates attended the tenth annual convention of the Travelers' Protective Association of South Carolina which was held at Anderson last week.

William Banke, president of the South Carolina Press Association, went to Washington last week to appear before a congressional committee to protest against the proposed war tax on newspapers. Thetax is considered almost prohibitive to the publishing business.

Beverly M. Epes of Edgefield has been appointed by Gov. Manning as dental surgeon for the First regiment with the rank of first lieutenant.

Thomas H. Peoples, attorney general, has returned from Washington, where he appeared before the interstate commerce commission in the matter of the hearing on railroad rates.

As an evidence of the interest which Gaffney people are taking in food production many lots which have been idle for years are being planted in corn and peas in the hope of increasing the foodstuffs in Cherokee county

INTERNATIONAL SUNDAY SCHOOL LESSON

(By E. O. SELLERS, Acting Director of the Sunday School Course of the Moody Bible Institute.)
(Copyright, 1917, Western Newspaper Union.)

LESSON FOR MAY 20

THE IMPORTANCE OF SELF-CONTROL—TEMPERANCE LESSON.

LESSON TEXT—Isa. 28:1-13. GOLDEN TEXT—Every man that striveth for the mastery is temperate in all things.—1 Cor. 9:25.

Wine in the Scriptures is spoken of under four aspects. First, social, that as illustrated by its use at the marriage in Cana. We must not, however, confuse this wine with the spirituous, strong drink of this present day. Second, medicinal (Prov. 31:6-7; 1 Tim. 5:23). These passages do not command us to use it as such, and God has very graciously revealed to us in modern medical research the full utility of the use of alcohol in the matter of medicine as a remedy. Third, sacrificial wine (Matt. 26:27-29; Luke 22:17-20), and, fourth wine is spoken about as productive of the woes of men (See Amos 6:1; Heb. 2:15; Prov. 23:20). It is also mentioned by way of contrast (See Eph. 5:18).

The Scriptures speak of drunkards in four different ways: (1) They are to be stoned (Deut. 21:20); (2) Drunkards lead to poverty (Prov. 23:21); (3) Drunkards are to be separated from other men (1 Cor. 5:11); (4) they are to be finally separated from God (1 Cor. 6:9).

Abstinence from strong drink is enjoined in the Scriptures under three heads: (1) the priest and Nazirite (Num. 6:3; Luke 1:15); (2) the ruler (Prov. 31:4); (3) those who are to worship Jehovah (Lev. 10:3).

This particular lesson is taken from a portion of Isaiah's prophecy where he is anticipating what is about to happen to Samaria, and uttering his warnings unto Judah.

I. The Steps of Intemperance. First, Disgrace and Dishonor (v. 1). The city of Samaria is compared to a chaplet of flowers on a drunkard's brow, which shall be trodden under foot because of his inebriety. Drunkenness seemed to have been so widespread as to become a national sin. Second, Disease and Degeneracy (v. 2). The pride of beauty spoken of in verse one is to "fall to the earth." This glorious beauty was after all only a "fading flower" (1 Pet. 1:24). The coming of the Assyrians upon Samaria is described in a three-fold way: (1) As a "tempest of hail"; (2) as a "destroying storm"; (3) as a "tempest of night" waters overflowing. The thought contained is that of widespread and overwhelming destruction. Back of this work of devastation and destruction and desolation was the wrath of God against sin (Ch. 2:4-9). All earthly pride shall be trodden under foot. Samaria, "a fading flower," was to be greedily eaten up by the oncoming enemy.

II. Those Reached by Intemperance. Strong drink causes men to err in their conduct, in their moral insight, in their judgments. It reaches the learned (v. 7); it reaches those in authority; in fact all classes. It leads men to the depths of degradation and to the loss of their wills (v. 8); it makes men to become beasts, wallowing in their own vomit. Not only Samaria, but "these also" (vv. 7 and 8), that is people of Jerusalem have erred through wine and strong drink. Even the priests and the prophets had and do so now (See Ch. 56:10-12; Micah 2:11). The priests were especially inexcusable because of the plain directness of God's word (Lev. 10:9-10; Ezekiel 44:21). The result of their intemperance was that they utterly failed in their official acts. They reeled in vision and stumbled in judgment. The use of wine and strong drink made their social gatherings filthy and disgusting. Temperance is the habit of abstaining from everything that destroys. It is the control and right use of God's good gifts for service. Intemperance is lack of control or the wrong use of God's gifts in self-indulgence.

III. The Lesson in Contrast. Jerusalem vs. Samaria. Samaria's crown of pride was not the glory of God. Its beauty was a fading flower (v. 4), his wisdom contained through the ignorance of Samaria (vv. 6, 7, 12), his strength versus their weakness and wickedness (vv. 6, 13). God teaches by contrast as well as by direct precept. Verses nine and ten may be taken as a mocking answer of the people to God's prophet. Isaiah intimates that the time to begin our instruction is in childhood (v. 9), that precept must be upon precept, and line upon line, here a little and there a little. There never is a time when we can let up in this struggle against the mighty evil of intemperance. Take as a reply (v. 9) this would seem to indicate that God took them to be babies just weaned. If the prophet, himself, is the speaker, then Jehovah is represented as teaching knowledge to babes and not to the self-sufficient. It is these whom he "makes to understand his message" (R. V.), and the method of his teaching is precept upon precept. If we will not hear God's loving and patient call to repentance, he will speak to us through cruel enemies. If we will not teach our children, if we will not keep everlastingly agitating this question, he will use other means (v. 11).

Even Dirt Is Cheap No Longer. The expression, "dirt cheap," must be discarded. Blame the war. Winnipeg, Manitoba, florists have announced an increase in the price of earth sold for potting flowers. A year ago earth sold for 50 cents a bushel. Now it costs 25 cents a pail.

To Drive Out Malaria And Build Up The System

Take the Old Standard GROVE'S TASTELESS chill TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents.

Not Her Drink. Little Isabel's mother had very judiciously allowed her to drink weak tea with her meals instead of milk.

One day Isabel was taken out to lunch at a friend's house, and the friend, never dreaming that a child could drink anything other than milk, placed it before her in a broad, low, fancy cup.

The child gazed at the milk in silence for a while, and then astonished her hostess by remarking disdainfully, "I ain't a cat."—Buffalo Express.

YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS

You say to the drug store man, "Give me a small bottle of freezone." This will cost very little but will positively remove every hard or soft corn or callus from one's feet.

A few drops of this new ether compound applied directly upon a tender, aching corn relieves the soreness instantly, and soon the entire corn or callus, root and all, dries up and can be lifted off with the fingers.

This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that freezone dries in a moment, and simply shrivels up the corn or callus without irritating the surrounding skin.

If your druggist hasn't any freezone tell him to order a small bottle from his wholesale drug house for you.—adv.

His Job. "Judge, you know I ain't guilty; won't you give me another trial?" pleaded the frequent offender. "Surely, I'll give you another if you get into this court again. Ten dollars and costs."

AN OPERATION AVERTED

Philadelphia, Pa.—"One year ago I was very sick and I suffered with pains in my side and back until I nearly went crazy. I went to different doctors and they all said I had female trouble and would not get any relief until I would be operated on. I had suffered for four years before this time, but I kept getting worse the more medicine I took. Every month since I was a young girl I had suffered with cramps in my sides, at periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and this picture was impressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and believe me, I soon noticed a change and when I had finished the third bottle I was cured and never felt better. I grant you the privilege to publish my letter and am only too glad to let other women know of my cure."—Mrs. THOS. MCGONIGAL, 3432 Hartville Street, Phila., Pa.

KIDNEY Is a deceptive disease—thousands have it and don't know it. If you want good results you can make no mistake by using Dr. Kilmor's Swamp-Root, the great kidney medicine. At druggists in fifty cent and dollar sizes. Sample size bottle by Parcel Post, also pamphlet telling you about it. Address Dr. Kilmor & Co., Binghamton, N. Y., and enclose ten cents, also mention this paper.
