

CALOMEL WHEN BILIOUS? NO! STOP! ACTS LIKE DYNAMITE ON LIVER

I Guarantee "Dodson's Liver Tone" Will Give You the Best Liver and Bowel Cleansing You Ever Had—Doesn't Make You Sick!

Stop using calomel! It makes you sick. Don't lose a day's work. If you feel lazy, sluggish, bilious or constipated, listen to me!

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile, crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you feel "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just try a spoonful of harmless Dodson's Liver Tone.

Here's my guarantee—Go to any drug store or dealer and get a 50-cent bottle of Dodson's Liver Tone. Take a

spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it cannot salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

"I want," said the grim-faced commander, "a dozen men who will give their lives to their country." The entire regiment stepped forward. The commander selected twelve.

"Now," said he, "you are to hold this position until you are wiped out."

"But we shall be killed!" quavered one.

"Did you not volunteer to give your life to your country?" asked the commander sternly.

FOOD CONTROL BILL PASSED BY SENATE

ADMINISTRATION MEASURE WILL BE RE-WRITTEN THIS WEEK.

TO WILSON IN TEN DAYS

Bill Gives President Broad Authority Over Control of Foods, Feeds, Fuels, Kerosene and Gasoline.

Washington. — The administration food control bill, virtually written after five weeks' bitter contest, was passed by the Senate, eighty-one to six. Conferees from House and Senate have begun work and leaders hope the measure may be in the President's hands in ten days.

As revamped, the bill gives the President broad authority over foods, feeds and fuels, the latter, including kerosene and gasoline, provides administration by a food board of three members instead of an individual; authorizes federal fixing of coal prices, requisitioning and operation of mines, and authorizes a minimum guaranteed price of not less than \$2 per bushel for wheat at primary markets. The Senate prohibition sections, prohibiting manufacture of distilled beverages during the war and directing the President to buy all distilled spirits in bond, was substituted for the House "bone dry" provision and will be one subject of difficulty in conference.

Senators voting against the bill were: France, Maryland; Hardwick, Georgia; Penrose, Pennsylvania; Reed, Missouri; Sherman, Illinois and Sutherland, West Virginia.

Many Amendments. Scores of amendments were disposed of, but the principal features were the incorporation of the amendment authorizing the minimum wheat price, and another by Senator Pomerene's greatly broadening the government's power to handle the coal situation. The government's guarantee for wheat would be payable at all principal interior primary markets until July 1, 1919. The Senate rejected, 46 to 35, an amendment by Senator Norris to have the food board instead of Congress fix the minimum price.

The Pomerene coal amendment, incorporated by the overwhelming vote of 72 to 12, directs the President through the federal trade commission, or other agency, to fix coal prices, wholesale and retail, regulate the entire industry and, if necessary, take over and operate coal mines and fix prices of labor.

On a final vote, the Senate refused 60 to 23, to place the bill's administration in the hands of an individual. Senators understood the administration would endeavor to have the conferees substitute the original House provision for a single administrator. Appropriation in the House bill of \$150,000,000 was left unchanged by the Senate, which added an appropriation of \$10,000,000 for federal purchase and sale of soda nitrates for fertilizer. Another important Senate addition to the bill provides for a joint congressional committee to supervise war expenditures. It was proposed by Senator Owen.

To Prevent Hoarding. The Senate also added provisions against hoarding of foodstuffs and for regulation of grain exchanges, authorizing the President to close them if necessary to stop speculation in futures.

The bill limits government control virtually to the original subjects of the House measure, foods, feeds and fuels.

In lieu of the House bill's broad provisions for licensing food dealers, the Senate bill limits federal licensing to the following agencies and these only which have products in interstate cold storage and packing houses, farm implement factories, coal producers and dealers and wholesalers of designated necessities.

The House bill's provisions for federal requisitioning of necessities is limited to the Senate redraft to food, feeds and fuels and other supplies for military purposes only. Government purchase and sale of foodstuffs, to maintain reasonable prices, also is limited by the Senate bill to fuel, wheat, flour, meal, beans and potatoes.

The House provision for authority to requisition factories generally was curtailed by the Senate to factories, packing houses, mines and other plants needed for military or other public use connected with the common defense.

Neither House or Senate draft presents the original administration proposals for government control of clothing and maximum price fixing.

"You found out that there is a tremendous lot of people living in Kansas City, didn't you?" asked old Riley Rezzidew.

"There is a heap more of 'em living than it looks possible there could be, when you see the thousands of motor cars that go ripsnoring up and down Grand avenue," grimly replied Burt Blurt, who had just returned from the Big Barn. "And with sewers blowing up under 'em, footpads slugging 'em, people falling out of seventh-story windows on 'em, elevators dropping 'em into cellars, and all this and that, b'jimminy, I wonder everybody that lives in Kay See six months ain't dead long before the end of that time!"—Kansas City Star.

Might Happen Again.
Mrs. Euphemia Johnson was attended by a confidential colored friend of her own sex when the railroad company called her in to effect a cash settlement for the death of her husband, killed on his honeymoon.

Mrs. Johnson had clouded her features with a heavy veil up to the time the corporation attorney had mentioned the sum, but when he produced the bills she threw back the badge of mourning and gazed eagerly on the bundle that flashed green and yellow in thick streaks.

The lawyer withdrew after the signing of the release and the two were left alone.

"Euphemia," said the companion, "I suppose you'll be gettin' married again, now that you're so rich."

Euphemia paused with a thick thumb half-way to her mouth for moisture and reflection.

"Ef Ah do," he observed before resuming the counting of the roll, "I'll be some person on de Sealode Ayeh Line."

Sartorial Distinction.
"You can't judge a man by his clothes."

"Not only," replied Miss Cayenne; "but the uniform helps some in distinguishing a soldier from a slacker."

Time for the Lecture.
"You're not going so early?"

"Yes, indeed. I have had a fine time at your party but if I am to get any sleep at all tonight I've got to go now to give my wife a chance to tell me all the breaks I have made while here."
