**NOTES OF THE MEETING**

After attending the patriotic meeting at the court house last Friday we are not the least doubtful but that this country will emerge from the great war victorious. Not that our boys here could win the war, but we have seen the spirit of the people as we never saw it before, and we know it is about the same the country over. The people showed a peculiar enthusiasm, yet that evenness of temper and earnestness which means that they have determined to make any sacrifice necessary for victory. The people have been brought close together by recent events and each person seems willing to do his part towards gaining the same end. And that rowd of young soldiers was as fine looking lot as could be found anywhere. Hardy, husky, stalwart sons of Pickens, if Uncle Sam has two million more like them and with the same spirit there is no earthly power can stop them once they get started. Theaiser had just as well say his prayers.

There were moments during the meeting Friday which were very, very solemn. Moved by the emotion which would at times sweep over the vast audience, women audibly cried and tears ran down the cheeks of young men.

The Pickens school children attended the meeting in a body.

Several hundred people gathered at the depot before 7 o'clock Saturday morning to "see the boys off." Tears of love flowed freely, but that same determination and duty was written on every one's face.

The out-of-town boys who wished to spend the night in Pickens Friday were taken care of in private homes and hospitable people.

Only four counties in this state are able to send the quota of white soldiers to Camp Jackson the government asked for, Pickens county next more than were asked for. That's the best answer we know of to the reports that there is slackness here.

"I have heard the wonderful Bryan speak time and time again, I have read the great parliamentary and eloquent Ollie Jones of Kentucky and I have sat under the spell of brilliant Malcom Patterson of Tennessee, and many others, but I tell you address you have just heard by P. White surpasses anything in oratory I have ever heard," said E. P. McCravy to a large audience Friday.

Dr. John E. White, who addressed a patriotic meeting Friday, is the best corn cutter we know of. We had stand up all over the meeting and our pet corn was just about to be taken when Dr. White began his speech. He hadn't been speaking 70 minutes before we forgot all about the corn and it never hurt any one that day.

The comfort bags presented the soldiers by the ladies of the county contained a Testament, drinking cup, soap, buttons, needles, pins, absorbent cotton, handkerchiefs, soap, envelopes, paper, pencil, pipe and tobacco.

"Slackerism," as it is termed, has about died out in Pickens county, just as we thought it would just as soon as all the people awoke and understood the situation. All the people need is a thorough understanding of the danger which threatens our liberty and you will find them on the right side. There are no more patriotic people in all the world than those that here in Pickens county.

It surpasses our understanding how a man can stay at home and abuse government and public officials. Now, while the flower of the young manhood of his county and country is in camp preparing to make sure and perpetuate the liberty which he is enjoying, but for which he did nothing to gain.

E. P. McCravy, chairman of the local exemption board, went down to Columbia with "his boys" Saturday. "Not because I have to," he said, "but because I want to."

**The Boys Are Grateful**

Editor Pickens Sentinel: We wish to express to the people of Pickens county thru your paper, our appreciation for the many tokens of friendship, and interest shown for us. Especially do we feel grateful to the Red Cross for the many comforts prepared for us; and whether at home protecting our own shores or on the battlefields of France we will ever cherish a kind remembrance of all your favors and interest. Respectfully,  
EIGHTY SOLDIER BOYS.

J. Lucien Hendricks, a citizen of Easley and one of our good court bailiffs, last week presented to the new editor two exceedingly large beets and the largest pod of okra we have ever seen. It was 13 1/2 inches long and 9 1/4 inches around the largest part. He expressly stated that they were for the new editor, who will save the okra for seed and expresses many thanks to Mr. H.

The bread you get from the flour you make from the wheat you grow is better and purer than any you get from the flour you buy. There is very little appendixitis in sections of the country which produces its own corn and wheat and meat. And there is a reason.

We have some very attractive prices on Stoves and Ranges that we are offering to the trade now. We have not advanced the price on this line of goods. Come and let us show them to you. Pickens Hardware and Grocery Co.

**THE MITCHELL WAGON!**

We would advise anyone who will need a wagon any time within the next two or three years to buy some good make at once.

With timber, iron and steel, paint and everything that goes into a wagon about 100 per cent. higher in price, you can readily see that wagons are bound to be much higher.

We recommend the Mitchell Wagon to you for the reason that we have sold them for over fifteen years, and have yet to find a dissatisfied customer. They may cost a fraction more than other makes of wagons, but they will wear longer and save you quite an item in repairs.

We have a full stock in all sizes, and the prices are very little higher than in former years.

If you are in doubt as to which wagon to buy, just ask the man who owns a Mitchell, or your local blacksmith.

Yours truly,
