## Presentment of the Grand Jury

State of South Carolina,  
County of Pickens.

To His Honor, F. H. Spain, Presiding Judge:

We, the grand jury, beg leave to make this our final presentment for this term of court. We have passed on all bills handed us by the solicitor and have rendered such verdicts in our opinion as the evidence in each case justified.

1st—The committee appointed to look after the county chaingang has visited it from time to time and found it in a sanitary condition, prisoners well cared for and stock in good condition. We find them in need of some bedding. We find that private parties are feeding scraps to their own stock. We advise that the county keep a sufficient number of hogs to consume this waste. We also advise all county employes to practice economy in feeding mules which are employed by county scrapes, chaingang, etc.

2d—The committee appointed to look after poor farm has visited the farm and find it to be carefully superintended and the inmates to be well cared for. We find that the steward and his wife are overworked in providing for the inmates. We would recommend that the supervisor provide some means for their relief.

3d—We recommend that the proper officers of Pickens county reimburse the bondsmen in such amount as it would have cost the county to have paid for the bond of Treasurer Stewart during his term of office in a regular bonding company, which amounts to \$200 (or \$50 for each year on \$200, four years.)

4th (a)—We beg leave to submit a special petition from the citizens of Calhoun (the county commissioners having already been petitioned without result.) We recommend that the court urge the supervisor to give this matter his immediate attention. (b) We find that the bridges of the entire county are in a deplorable condition, many of them practically impassable and dangerous to the safety of the traveling public. We most earnestly request the supervisor's special attention to this condition and urge his prompt action in relieving the situation. (c) Our attention has been called by several of the rural mail carriers to the bad condition of these roads. We most earnestly recommend that the mail route roads be looked after more closely, as we realize the great importance and benefits derived by our rural citizens from the daily mail.

5th—Report of rural police herewith attached shows that they have sent to the chaingang 240 days since the June term of court and collected \$292.50 in fines and forfeitures.

6th—We recommend that the county supervisor itemize his expenditures and publish them, as required by law.

Having discharged our duties as best we see, we beg to be excused from further attendance at this term of court.

We wish to thank His Honor, Judge F. H. Spain, and all court officials for their kindness and courtesies.

Respectfully submitted,  
G. R. HENDRICKS, Foreman.

### Robertson-Davis

One of the most beautiful weddings of the season took place in the Seconda church, just outside the city, on the 26th of September, at 3 o'clock in the afternoon, the contracting parties being Miss Nan Robertson of this city and Mr. Will S. Davis of Toccoa, Ga.

The church was crowded with relatives and friends of the young couple to witness the solemn ceremony, which was impressively performed by Rev. D. W. Hiett, an old-time friend of the family of the bride. It was a beautiful scene. Ferns and flowers were used in the decorations, and the church seemed a veritable fairy palace. Miss Ruth Parsons at the organ, accompanied by her brother Ralph with the violin, made the sweetest and most artistic music.

Miss Robertson is very popular and a young lady of many charms. She is a niece of Mr. D. A. Aligood of our city, where she has made her home for some time past.

Mr. Davis is a young business man of Toccoa, Ga., where he has built a good reputation in the mercantile world.

We congratulate the young couple and wish for them all the happiness and success possible in this life and at last peace and happiness in heaven. G. R. H.

### Along Little Eastatoe

Health is good and fodder-pulling is at its height. The weather is fine for saving it, too.

The baptizing came off at Nine Times last third Sunday as scheduled. After the ceremonies all returned to the church and heard a very impressive sermon to the new members.

We congratulate the Holly Springs people upon securing the services of Rev. Ben Field for another year.

Well, we have the first road from the top of Nine Times to Pickens, by way of the Lewis settlement, Gravelly's mill and E. F. Loofer's, we have ever had.

We are very grateful to our supervisor for this road, as it was certainly needed. There are one or two changes we would like to have soon made different, especially at the Lusk place. It was the judgment of the people that the new road should have crossed the branch on top of the shoals, giving a rock bottom ford and a place to water stock and doing away with a bridge for all time to come. But we are glad for the work which has been done and hope our supervisor will continue on Kirksey road until he reaches the top of Nine Times on that road, making a change on the Jacob Lewis place that is badly needed.
