With Pickens County Boys Under the Flag

(Under this head The Sentinel expects to publish from time to time interesting items and letters from Pickens county soldiers. We now have several letters on hand and would be glad to have others which will be of interest to the public.)

From Soldier Robert Welborn

Dear Editor: If you will allow me space in your paper I will write a few items from Camp Sevier. Health is very good at present with the exception of mumps and measles, and they seem to be taking the day. The field and base hospitals has been overrun with patients, and I am one of the number. I came here Monday, February 14th, and have to stay here twenty-one days. Of course you know a person has a swell time with mumps. Most of them take the big head. We are quarantined and not allowed to get outside the section where we are located, but people outside can visit us. It is a great treat for some of your people or friends to come to see you while you are in such a place as this. I was made glad the other day when my brother came to see me and brought me some little nourishments and stationery and stamps. It is a pleasure to write and more so to get a letter is almost equal to a pay day. Here at the base hospital where we have all kinds of people and from most everywhere, from Pickens to the northern states. It reminds me of a bee hive—some going and coming each day. I have met a number of my old friends that I knew at Camp Jackson and several of my old company boys that I used to drill with while I belonged to the infantry; always glad to see them. I often think of the Pickens boys. You know Pickens is well represented to be a small county and most of them have been blessed so far with good health and if they continue to have good health nothing will stop them until they give Kaiser Bill rest and when we come marching back home you may know the rest are on hand. Well as news is scarce I will close.

With many good wishes sincerely,
ROBERT M. WELBORN,
Camp Sevier.

From Private Hiott

Editor Sentinel: The weather here has been fine this week and the men of Uncle Sam's army in training are rapidly being whipped into trim. Excellently trained officers are working hard to get us in shape for fighting, and thousands are anxious to get at it. This is a larger camp than Sevier and the officers were trained at Fort Oglethorpe or had special training somewhere, and they show it.

Drafted men are arriving every day from different southern states. It is a great change for some of them, especially those who have never worked. But it does not hurt any of them very bad. It always gives a fellow a good appetite and Uncle Sam furnishes plenty for his soldiers to eat.

Work each day begins after breakfast (6:30) and some work until 4 and others until 9 o'clock at night. A soldier is not allowed to do "nothing." Something all the time. Most of the men say they had rather be in France fighting. But they must be trained first, before "we can win this war."

One thing which would help soldiers most would be a fighting and a sacrificing spirit on the part of the folks back home, especially mothers should feel confident of their sons at the front and encourage them rather than criticize their leaders and this democratic government. What this war is being fought for is to preserve the liberty that we have had and to guard the rights that belong to us and others. To offer our lives for it is a small price.

The thing that is needed that you can give is backing for the government and army. A cheer for the colors which shall not trail in the dust.

"It's no use to grumble and complain, it's just as easy and cheerful to rejoice. When God sorts out the weather and sends rain, Why—rain's my choice."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and resisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. Oolenoy News Items

Miss Wyatt, principal of the graded school here, spent the week-end with her mother in Easley.

Miss Mae Jones, a teacher in the Ronoake school, spent the week-end with her parents, Mr. and Mrs. W. B. Jones.

Mesdames, J. L. Stansell and W. E. Edens, sr., visited their sons at Camp Sevier Saturday.

Mrs. Jesse Morris, who is teaching the Mica school, Misses Viola and Merle Hendricks of the Pickens graded school and Jesse Morris of Pickens, spent the week-end with their parents, Mr. and Mrs. W. F. Hendricks.

Mrs. R. N. McCollum, of near Easley, spent Saturday and Sunday with her parents, Mr. and Mrs. A. K. Edens.

Rev. W. C. Seaborn preached an interesting and enthusiastic sermon to a large congregation Sunday. In part his discourse dealt with the great work of the nation in the present struggle. He was accompanied by his daughter, Mrs. Garland Seaborn, who is on an indefinite stay with them since her husband is in the U. S. Navy, and also by Hovey, another son who is in the navy.

Miss Mauldin, demonstration agent, held the first meeting of the club Friday afternoon at the home of Mrs. M. Hendricks.

Miss Olive Williams, of Greenville, who has been absent for several weeks, has resumed her school work here.

Miss Ella McClanahan, who teaches here, and Mrs. W. E. Edens, jr., and children, spent the week-end with relatives near Liberty.

Supt. Clayton is expected as a visitor at the school one day this week.

Miss Jessie B. Edens, of the Easley graded school, was here for the week-end.

This community is fortunate in having secured the promise of an address by Dr. D. M. Ramsay, president of the G. W. C. of Greenville. While the date has not been definitely decided upon it will be given in about three weeks, on the day on which Flag Day is celebrated.

Notice to Debtors and Creditors
All persons holding claims against the estate of the late Sallie Marie Grice must present the same duly proven on or before the 23d day of March, 1918, or be debarred payment; and all persons indebted to said estate must make payment on or before the above date to the undersigned. SALLIE S. HARDIN, 45, Executrix.

Putting it off today won't get it done tomorrow. An advertisement in this paper today will bring business tomorrow.

The Right Time to Build

Never before would your pound of cotton, bushel of wheat or corn buy as much lumber as now. It takes only about half as much farm produce to buy the same amount of lumber now as it did in 1914. The right time to buy is when you can get Standard Value at an unusually reasonable price. That time is now if in need of lumber. Let us supply your needs.

FREE FROM TAX

U. S. War Savings Stamps Are Free From Federal, State Or Local Taxation—Pay Good Interest.

One of the advantages of the war savings stamps as an investment is that they are not subject to taxation. The following statement in reference to this feature has been issued by the war savings committee:

"When preparing for the issuing of Thrift Stamps and War Savings Certificates, the national administration very wisely decided that they would not be subject to any taxes—federal, state or local. In this respect, they are entirely unique, being free when almost everything else of value is subject to impost.

"As the amount that an individual may hold is limited to \$1,000, this concession does not deal unjustly toward other security holders. It is simply an inducement to the small investor to make an unusual effort in his own country's behalf by depositing as much of his surplus with the government as possible. Those who buy these little bonds—and all should do it—should understand in advance of the coming days of taxation return in April that whatever of their earned savings or surplus derived from economies is converted into Thrift Stamps and War Savings Certificates need not be recorded upon the assessor's blank. As the interest and principal are payable in 1923, neither is it necessary to make mention of the investments in the return to the income tax collector.

"They are, as stated, absolutely free and, as they also pay 4 per cent. compound interest, are the best securities that one can buy in these troubled times.

— W. S. S. —

HERE'S HOW

There are many persons who have an uncomfortable feeling that they are not helping the nation in this time of crisis. They can not for various reasons enter the military or naval service of the country, or do other work that would help the government in prosecuting the war against the Huns, and yet they want to help. There is a solution to this problem which troubles many earnest patriots.

Those who invest in war savings and war thrift stamps are actively aiding the government. They are placing at the disposal of the government not merely money, but the goods and services that the money can buy and use in properly supplying and equipping our army and navy. Joining a War Savings Society makes saving easy. The government pays interest at the rate of 4 per cent. per annum, compounded quarterly.

SPRING OPENING!

Tailored-To-Measure Clothing

Isaac Hamburger & Sons Will Hold Their Spring Opening at Folger, Thornley & Co.'s Store Thurs., Fri., Sat., Mar. 14, 15 and 16, 1918

IF THE SOLDIERS in the trenches could get their eyes once on this Hamburger & Sons Spring Line of Clothing, it would make some of them feel like deserting. Nothing like such materials will be shown in Pickens this season. You will get the fashionable thing in a cut, in a curve, and in plan, and in fit—there isn't any use to talk about how Mr. Sloman fit you. It isn't necessary for us to so much as whisper about the character of the HAMBURGER TAILOR-TO-MEASURE CLOTHING—so many people are wearing them—this is proof enough for others who have admired the fit and style and shape holding qualities.

DROP IN ON ONE OF THE THREE DAYS AND GIVE THE LINE ONCE-OVER AND IF YOU NEED A SUIT WE KNOW YOU WILL HAVE YOUR MEASURE TAKEN.

Remember The Dates—March 14, 15 and 16, 1918

Half Your Living Without Money Cost

We are all at a danger point. On the use of good common sense in our 1918 farm and garden operations depends prosperity or our "going broke."

Even at present high prices no one can plant all or nearly all cotton, buy food and grain at present prices from supply merchant on credit and make money. Food and grain is higher in proportion than are present cotton prices.

It's a time above all others to play safe; to produce all possible food, grain and forage supplies on your own acres; to cut down the store bill.

A good piece of garden ground, rightly planted, rightly tended and kept planted the year round, can be made to pay nearly half your living. It will save you more money than you made on the best three acres of cotton you ever grew!

Hastings' 1918 Seed Book tells all about the right kind of a money saving garden and the vegetables to put in it. It tells about the farm crops as well and shows you the clear road to real and regular farm prosperity. It's Free. Send for it today to H. G. HASTINGS CO., Atlanta, Ga.—Adv't.

Why Morris Brands Are Best

Our SUPREME and PACKING HOUSE BRANDS being ammoniated 100% with the highest grades of genuine old time Packing House Tankage and Blood, are not leached away by excessive rains like ordinary fertilizers. Their ammoniates, being slowly soluble, insure constant feeding of the plant till late maturity, thus preventing shedding and promoting vigorous, healthy growth. The Tankage in them is rich in potash and also liberates idle potash in the soil, thus supplying the potash requirements of ordinary field crops without extra cost. Read what our customers say about them in our Year Book.

We use the same grade of Tankage and Blood in our GOLD BOND BRANDS which insures their high quality and continuous service.
