

The grammar school oratorical contest for the third division of Pickens county was held at the school house last Saturday morning. Those winning first place for our school were: Intermediate—Sarah Ada Keith, seventh grade. Primary—Vivian Smith, first grade. Roanoke school represented by Otis O'Dell, intermediate, and Billy Bowen, primary, won the other two first places.

The Sentinel is delayed this week on account of the express company failing to deliver our paper on schedule time.

Notice—Teachers' Examination

The next teachers' examination will be held at Pickens court house, Friday, May 3, 1918.

I would like to urge that all the teachers in the county look after their certificates and see that they do not expire. If they will expire soon it might be well for you to prepare to stand the examination in May.

On account of there being such a shortage of labor, I would like to urge that those who are thinking of teaching sometime in the future to be sure and stand this examination. It might become a patriotic duty to help out in the school work.

F. V. CLAYTON.

The farmers of this section are doing their bit to help win the great world war.

Mr. Callahan, a Woodman agent, was traveling in this section recently.

The preliminary oratorical contest was held at Roanoke school Friday. There were some excellent speakers.

Mrs. B. P. Powell visited her daughter, Mrs. C. G. Gantt, Sunday.

F. G. Hunter and family visited Ernest Waldrop Sunday.

Miss Myrtle Hughes visited Miss Belle Roper Sunday afternoon.

W. J. Rice of Palestine, Texas, visited friends and relatives in and near Liberty recently. Mr. Rice used to be postmaster at Liberty, having gone from there to Texas in 1886.

Roanoke school is progressing nicely under Professor Field, Miss Jones and Miss Newton as teachers.

W. H. Ellenburg and W. J. Rice visited E. F. Collins of Six Mile recently.

The personal property of Reverend T. F. Nelson, deceased, was sold recently. A good sum was realized from proceeds of sale.

C. E. Ellenburg visited his uncle, A. W. Durham, of near Liberty, recently.

The carnival at Liberty was well attended by the younger set of this section.

Homer Roper and wife visited Ernest Waldrop Saturday and Sunday.

Mrs. N. E. Hughes visited Mrs. C. G. Gantt Saturday afternoon.

Smith Griffin visited friends and relatives in and near Seneca recently.

PROGRESSIVE.

From Route 3

(Intended for last week)

Dear Sentinel:—Will give you a few items from route 3.

Mr. and Mrs. E. S. Porter gave the Hagood school an Easter egg hunt and all present had a good time. Misses Mattie Porter and Ruth Gravley found the most eggs.

Mr. and Mrs. E. C. Simmons and W. D. Spearman and family spent Sunday with Mr. and Mrs. W. M. Hudson.

Mr. and Mrs. E. G. Porter spent Sunday with Mr. and Mrs. Massengill.

Misses Jessie Meaders, Lucy Hudson and Mattie Porter spent Saturday and Sunday with Misses Bessie and Carrie Kellev.

Mr. and Mrs. Flem Kelley spent Sunday with Mr. and Mrs. A. M. N. Gravley.

The Union Meeting of the Pickens Association met with Nine Forks church on the fifth Saturday and Sunday in March and the following program was carried out: Saturday morning devotional service was conducted by Rev. J. E. Foster, from the reading of the 24th chapter of Matthew.

J. T. Taylor discussed the subject, "How can the spiritual life and piety of our church members be deepened?"

The subject, "The duty of Baptists in this present world crisis," was discussed by Rev. B. G. Field and J. T. Taylor, each twenty minutes.

AFTERNOON.

A prayer, song and consecration service was led by "Uncle Sam" Loper, after which the subject, "The new duties of the layman to the church in this new world," was discussed by C. E. Robinson, Rev. B. G. Field and J. T. Taylor.

SUNDAY MORNING.

Devotional service was led by Rev. J. E. Foster, then Dr. D. M. Ramsay, in a most able speech, discussed "Christian Patriotism." Dr. O. O. Fletcher was to have spoken on this subject but was absent on account of sickness.

Dr. Ramsay then discussed this subject: "After the war—What?"

Adjourned for dinner.

After dinner the meeting was reassembled by singing. The subject of woman's work was considered, at which time a unit of the Red Cross was organized with about a dozen members.

The remainder of the time was given the Dacusville singing convention, and some good singing was had.

The following resolution was adopted: "Resolved, by the Pickens Union Meeting, that in view of the world crisis, each church in the Pickens Association is urged to organize church and community prayer meetings and pray for the blessings and guidance of Almighty God."

The meeting as a whole was a very enjoyable occasion, and all agree that it was the best Union that has been held in the Pickens Association in several years.

Let us hope that the good work will go on and that this meeting will be followed by others as good.

J. E. FOSTER, Moderator.
 J. A. ROBINSON, Sec.-Treas.

J. D. Garrison and J. A. Garrison and family, of Anderson county, are visiting the former's son and latter's brother, J. K. Garrison, who recently moved from Glenwood Mill to the Hagood place above Pickens.

THE LEADING JERSEY OF THE SOUTH

Farmers of the South have long supposed that dairying, as well as other branches of livestock farming, was an industry peculiar to the North and West, and that the South Carolina farmer could not make a success at this kind of farming. Those farmers who read farm papers have seen the reports of the big records of milk and butter from the dairy states, and a nearly every case have refused to believe that a cow made any such record. The only thing that will ever convince such "Doubting Thomases" is to see a cow close to home that has actually made a record comparable with any made elsewhere. That opportunity is now open to any farmer who cares enough to go to see a South Carolina cow that has just finished a record that places her in the class with the world's record butter-producing Jersey cows.

This cow, Blue Fox's Eminent Chromo 317736, was bred and owned by J. A. Shanklin, Manager, Taylor's Farm, Columbia, S. C. She was fed largely on South Carolina feeds such as cottonseed meal, wheat bran, peanut meal, corn meal, soy bean meal, corn silage, and hay. She was milked three times a day, and needless to say, had the very best care and attention that it was possible to give her. Starting on a year's test on January 13th, 1917, and finishing January 12th, 1918, this cow produced 17,217.5 pounds of milk and 1023.5 pounds of butter. This record both for milk and butter exceeds the record of any cow of any breed in the South and places Chromo in the first twenty cows of the breed.

Chromo is a big cow. She weighs about 1000 pounds and looks the part of a champion. She is a very gentle cow and devoted to the man who fed and milked her while on test.

Chromo is a daughter of Blue Fox's Eminent, 77627, a half brother of the famous show bull, Noble of Oaklands. Of the 250 head of Jerseys on the Taylor Farm, 100 are daughters of this bull. Mr. Shanklin now has 25 cows on test, and by the last of the year should have average records of more than 10,000 pounds of milk and 600 pounds of butter from the entire twenty-five head.

The following table will show the production of milk and butter fat per month for the year:

	Milk	Fat
January, 1917 (19 days).....	822.9	33.41
February, 1917.....	1517.7	61.63
March, 1917.....	1671.6	76.06
April, 1917.....	1583.3	66.50
May, 1917.....	1649.5	84.95
June, 1917.....	1599.4	81.25
July, 1917.....	1581.4	91.72
August, 1917.....	1483.9	75.87
September, 1917.....	1384.8	76.44
October, 1917.....	1335.6	71.59
November, 1917.....	1167.7	69.01
December, 1917.....	1058.7	56.69
January, 1918 (12 days).....	416.0	22.38
	17217.5	867.19

867.19 pounds of fat are equal to 1023.5 pounds of butter, 85 per cent fat. The average butter fat test for the year was 5.04%. The cow was 3 years old when the test started. The test was supervised by the Dairy Division of Clemson College under rules laid down by the American Jersey Cattle Club. A tester was sent to the farm each month who weighed the milk for two days and took careful samples which were tested for butter fat by the Babcock test.

To get an idea of the value of such a cow it is only necessary to saw that 17217.5 pounds of milk is equal to 2002 gallons of milk. This milk was sold for 59 cents per gallon wholesale, so that the product of this cow for one year sold for \$1,001.00, or an average of about \$2.70 per day.

The fact that this cow was bred and owned in South Carolina, and the record made by a South Carolina farmer, should be convincing evidence that cows can do as well in the South as in the North or West if given equally intelligent feeding and attention.

Help to Win the War

We can all help a little by raising our supplies at home. Pickens county helped last year and the results are here to show Pickens never had more of the necessaries than now.

Our advice would be to try again for a bumper crop of supplies.
