

## Storage Rules Governing the Railroads

The rules for storage in railroad warehouses are made by the South Carolina Railroad Commission, and are as follows:

Patrons of the Pickens railroad take due notice as they will be enforced in future.

1. All freight received for delivery is subject to storage regulations.

2. All package freight not removed by owners from the custody of the railway company within seventy-two (72) hours after legal notice of the arrival thereof has been given to consignee, computed from 12 o'clock M. of the day following the date of such notice of arrival, shall thereafter be subject to a charge for storage, as set forth in Rule 4 of these Regulations.

3. Prompt notice shall be given to consignee of the arrival of freights, and the said notice must show date of its issue, and the time allowed for removal without charge for storage.

4. The maximum charges for the storage of freight by the railroads, when stored in the warehouses of the said railroads in this State, shall be as follows:

For 5 days and under, 1c. per hundred pounds per day.

For 10 days and over 5 days, 6c. per hundred pounds.

For 20 days and over 10 days, 8c. per hundred pounds.

For 30 days and over 20 days, 10c. per hundred pounds.

For 40 days and over 30 days, 13c. per hundred pounds.

For 50 days and over 40 days, 15c. per hundred pounds.

Each additional week and fraction thereof thereafter, 1c. per hundred pounds. The minimum charge for any one shipment shall be five cents. Not more than one dollar per day shall be charged for any one consignment not in excess of a carload.

5. A consignee living four miles or over from the depot, and whose freight is destined to his residence or place of business so located, shall not be subject to storage charges allowed in the above rules until a sufficient time has elapsed after notice for said consignee to remove said goods by the exercise of ordinary diligence.

6. Shipments detained because billed to order and awaiting bills of lading or instructions as to disposition, shipments held for want of billing instructions, shipments held for inspection, change of billing, or for any other purpose, by owner or his agent, are subject to storage charges, and if such freights are forwarded to any other point, accrued storage will be added to the billing as back charges.

7. The rates herein prescribed are maximum rates, but these regulations will not be held to be violated if lower rates are made by the roads, provided that all shippers at the same point are assessed similar rates without discrimination.

8. Legal holidays and Sundays shall not be taken into account in reckoning the seventy-two hours herein allowed for removal of freight without charges.

9. Due diligence on the part of the shipper or consignee to remove freight promptly shall be deemed by the railroads a sufficient ground upon which to remit storage charges accruing by reason of bad weather or impassable roads.

10. Freight and storage charges must be billed in separate items, though they may be billed in the same sheet.

### STORAGE RATES, RULES AND REGULATIONS ON EXPLOSIVES AND OTHER DANGEROUS ARTICLES.

No railroad company operating in the State of South Carolina shall accept for transportation, or transport, between points in this State, shipments of explosives, inflammable articles and acids, except in accordance with the terms prescribed by the rules and regulations of the Interstate Commerce Commission governing the transportation of such articles.

The free time allowed consignees within which to remove the most dangerous explosives (Section A) from the custody of the railroad company shall be 24 hours; the free time allowed consignees in which to remove the less dangerous and relatively safe explosive and other dangerous articles (Section B) shall be 48 hours; when such shipments are not removed from the custody of the railroad company within the free time here allowed, the following storage charge will apply:

Section A—On less than carload shipments of the more dangerous explosives, i. e., Low Explosives, Black Powder, High Explosives, Wet Fulminate of Mercury, Blasting Caps, Electric Blasting Caps, Ammunition for Cannon with Explosive Projectiles, Explosive Projectiles, Explosive Torpedoes and Detonating Fuzes, unloaded in or on railroad premises, twenty-five (25) cents per 100 pounds per day or fraction thereof, with a minimum charge of twenty-five (25) cents.

On carload shipments, \$5 per day in addition to the regular demurrage charges.

Section B—On less than carload shipments of the less dangerous and relatively safe explosives, i. e., Ammunition for Cannon with Empty Pro-

jectiles, Ammunition for Cannon with Sand Loaded Projectiles, Ammunition for Cannon with Solid Projectiles, Ammunition for Cannon without Projectiles, Smokeless Powder for Cannon, Smokeless Powder for Small Arms, Common Fireworks, Special Fireworks, Small-Arms Ammunition, Cannon Primes, Small-Arms Primers, Empty Cartridge Bags, Black Powder Igniters, Empty Cartridge Shells, primed, Combination Primes, Percussion Fuzes, Percussion Caps, Time, Tracer or Combination Fuzes, Safety Fuze, Cordeau Detonate and Safety Squibs, or less than carload shipments of Dangerous Articles other than Explosives, requiring Red, Yellow, Green or White I. C. C. labels, unloaded in or on railroad premises, ten (10) cents per 100 pounds per day or fraction thereof, with a minimum charge of ten (10) cents.

On carload shipments, \$2 per day in addition to the regular demurrage charges.

### Soldiers' Testaments

No more appropriate gift could be made to a soldier than a New Testament, and believing that many Pickens county parents would like to make such a present to their boys, The Sentinel has secured a number of copies of the New Testament which will make particularly pleasing presents for the boys.

These testaments are emphasized with the words of Christ printed in bold face type. Strongly and neatly bound in khaki colored Morocco grained waterproof Keratol—flexible limp cover, embossed back bands, round corners, khaki edges, gold title, beautiful embossed American flag in colors on the outside cover. Printed on specially strong Bible paper. Only 3x4 inches and half an inch thick. Type is plain and clear—self-pronouncing. The four great American hymns are printed and bound with this sailors and soldiers testament. These testaments are made especially for boys in the military service.

As we have only a limited supply we can only let subscribers of The Sentinel have them at present. The price is 43 cents each. When ordering by mail add 5 cents extra for each Testament.

### SAVE PULLETS FOR FALL AND WINTER LAYERS.

Columbia.—The Food Administration urges that wherever possible the flock of farm chickens be increased. Every farmer, or for that matter, every person who raises chickens should provide to carry as many pullets that were hatched in the months of March and April as possible. These will make good layers for the late fall and winter months.

What the situation with regards to food will be during the months to come none can say definitely, but the Food Administration is always looking ahead, and the necessity of increasing the flocks of all who raise poultry, either for market or for home consumption, is urged as a measure to assure poultry products in sufficient quantity to meet the demands at home.

While the temptation of fried chicken may be strong at this time, the March and April pullets should be carried over to provide layers for the fall and winter.

### CAN WITHOUT SUGAR

Columbia.—Can without sugar. Save both fruits and sugar. Let your canning and preserving be sugarless if possible, suggests the Food Administration. Then later in the year, next winter perhaps, when sugar is plentiful, it may be added to suit your taste.

This year when all food must be put to use in order that more may be sent to the soldiers and the allies no one has the right to let sugar go to waste or to use sugar when its use can be avoided. The Food Administration urges that the fruit crop be saved as far as possible by canning and drying. The Food Administration is making a special effort to provide the necessary sugar to householders for canning purposes, but there are numerous methods of canning without sugar, and thousands of women are putting up fruits sugarless. In this way, more may be canned. When opened for table use these jars of fruit may be sweetened. Fruits will keep just as well without sugar.

Rich jellies and preserves require more sugar than can be spared at the present time. Sweet pickles and watermelon rind, pickles and preserves should be strictly omitted this year. In jams no more sugar than is needed as a preservative should be used. Corn syrup and other syrups should be used to supplement sugar for preserving of all sorts. Fruit juices can be sterilized and bottled without sugar.

Thousands of pounds of sugar can be saved by following these simple suggestions of the Food Administration—and the sugar is needed now. Preserve the fruits, but spare the sugar.

Now is a mighty good time to subscribe for THE SENTINEL. You can't keep up with county affairs unless you read your county paper. It is worth more than \$1.50 a year, but that's all it will cost you.

## ANNOUNCEMENTS

Announcements (not to exceed six lines) under this heading will be inserted until election day at a uniform charge of \$5. This charge includes insertions up to second primary for those who are to be declared in the second race. No announcement will be inserted unless paid for in advance.

J. F. BANISTER, President.  
T. R. O'DELL, Secretary and Treasurer.

### Millers' Certificates

The Sentinel office has a small supply of Millers' Certificates in stock which are being sold at 40c per hundred. When ordering by mail add 5 cents per hundred for postage.

### Notice of Election

State of South Carolina, County of Pickens.

Whereas, the resident freeholders of the age of 21 years and the qualified electors residing in Bethlehem School District No. 20, have petitioned the Board of Trustees of the aforesaid district to grant an election within said district for the purpose of voting upon the question of creating a suitable school house within said district. The petition further asks that the amount to be raised shall not exceed \$1800. After examining the aforesaid petition the Board of Trustees are satisfied that the petition meets the requirements of the law.

Therefore, an election is hereby ordered by the Board of Trustees of said district, to be held at the school house on August 10, 1918, to determine whether said bonds shall be issued or not, and Messrs. W. W. Aiken, P. T. Nelson and G. W. Dorr are hereby appointed managers of said election. The said managers shall declare the result of said election and make return of same to this board.

It is further ordered that notice of said election be published in The Pickens Sentinel, the election to be conducted in accordance with the law governing school bond elections.

W. T. BATES,  
W. W. T. NALLY,  
M. N. SIMMONS,  
Trustees.

## How To Use The TELEPHONE

Did it ever occur to you that you might not be using the telephone in the right way?

Do you speak sideways, above, below, or six inches away from the transmitter of your telephone?

You should talk directly into the transmitter—not simply at it. Keep your lips about one inch from the mouthpiece. Speak in an even tone. It is not necessary to shout.

There is much that can be said about the proper way to telephone, but these little rules will help.

When you Telephone—Smile
