

To the Tax-Payers Of Pickens County

It is to your interest to know the truth in relation to your public officers and your public funds.

It is the pleasure of the Game Department to give you all the facts connected with its administration.

Not one cent of the money which supports it comes out of the pockets of the tax-payers of City, County or State.

All of its collections come from fines placed upon law-breakers and from licenses sold to hunters and sportsmen.

During the twelve months ending June 30th last enough money was collected from these sources to pay all expenses and salaries, and the sum of \$13,299.50 was returned to the license counties of the State.

The Department wants you to know that it is enforcing the game laws in your interests, and that it is to your interest to have them enforced.

It is a question with our farmers of beautiful birds and good crops on the one hand, or poor crops, weeds and insects on the other.

Do not allow yourselves to be misled in this matter. If your game laws go by the board your labor will inevitably be demoralized.

Your local game warden will be glad to work with you and for you.
