

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything. I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss LO KELLY, 476 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.

What Insignia Was This?
Members of the Red Cross auxiliaries may be able to explain what is to follow, but it is too much for me. Those who knit, crochet, tat, cross-stitch and otherwise manipulate the elusive needle may be able to tell what it all meant, but all I do is to relate the facts.

'Twas a large colored woman, walking down the street. Around her ample form she wore an apron of black and white checkered material. On it, done in what I was told was cross-stitch, were three large roosters. Perhaps the design was taken from some nursery pattern.

TOO WEAK TO FIGHT

The "Come-back" man was really never down-and-out. His weakened condition because of overwork, lack of exercise, improper eating and living demands stimulation to satisfy the cry for a health-giving appetite and the refreshing sleep essential to strength. GOLD MEDAL Harlem Oil Capsules, the National Remedy of Holland, will do the work. They are wonderful. Three of these capsules each day will put a man on his feet before he knows it; whether his trouble comes from uric acid poisoning, the kidneys, gravel or stone in the bladder, stomach derangement or other ailments that befall the over-zealous American. The best known, most reliable remedy for these troubles is GOLD MEDAL Harlem Oil Capsules. This remedy has stood the test for more than 200 years since its discovery in the ancient laboratories in Holland. It acts directly and gives relief at once. Don't wait until you are entirely down-and-out, but take them today. Your druggist will gladly refund your money if they do not help you. Accept no substitutes. Look for the name GOLD MEDAL on every box, three sizes. They are the pure, original, imported Harlem Oil Capsules.—Adv.

School Children Claim Attention

It is the children of school age, and the young folks going away to school that claim attention in August. Early in September they begin another year's work and must be outfitted with clothes for the first quarter of the school year, at least, and often for half of it.

The early display of clothing is a great help to those mothers who undertake to have their children's clothes made at home. It is probably quite as economical to buy little cotton dresses ready-made as to make them at home; but in home-made garments individual taste can be brought into play and more handwork and "stitchery" used than can be had in moderately priced frocks bought ready made.

Besides, remodeling is an item in wartime economy that every mother should consider. All woolen frocks that are either remodeled for the children or handed on to some one who can wear them save the consumption of energy, and this is a patriotic service that is worth while.

Blue serge—the never failing—is featured in the new displays. Sometimes it is combined with heavy linen

as in a model showing a plaited, long-waisted blouse of amethyst-colored linen to which a plaited blue serge skirt is buttoned. A broad belt of patent leather slips through crocheted loops of amethyst silk floss that hang from the blouse. They are fastened to it with a few fancy stitches, an inch or so above the buttons so that the belt covers the joining of skirt and blouse.

Heavy linen in natural color makes collars and cuffs and sometimes vests on serge one-piece frocks. Needle work in yarn or silk floss is more used for decoration than anything else. Usually one or two colors in contrast to the frock are used and the designs must be simple. The little frock pictured for the girl of six years is a good model for any sort of material—wool, linen, heavy cotton or plain wash silk. Wool and linen are most worth while, for the stitchery that must be put in by hand.

Collars and cuffs or vests in heavy natural linen are beautiful in combination with blue, brown or green wools. They are made so that they can be taken out and washed; hence two sets are necessary to each dress.

For Fall Motoring

To shade the eyes or not to shade the eyes, that is the question to be decided when the quest is for auto bonnets for fall motoring. There are several requisites that the successful bonnet or hat or cap must fill. First of all it must stay on; no matter what winds may blow or how much the driver manages to exceed the speed limit. To wobble about or come off is the unforgivable sin in a piece of motor headwear. Besides this indispensable feature—and equally important—the bonnet must measure up to its wearer's ideas of becomingness.

Comfort in all our apparel is an attribute that (it almost goes without saying) is required of it today. Nearly all the hats and bonnets for motoring have small brims, or visors at the front for shading the eyes, but there are some turbans and caps that are brimless. They are in the minority; so it is evident that if the question of shading the eyes or not were put to the popular vote—the eyes would have it. Nevertheless, the "Blue Devil" tan is so dear to the heart of young Americans that it enters the ranks of fall hats for motorwear. It sticks to the head as securely as a French soldier to a Sammy, and withstands shocks of wind and weather without betraying their punishment.

It is for youthful wearers and shading the eyes is not a matter of concern with it. There are veils and goggles for that—if shading is needed. This time, made of silk, appears at the left of the two pictures.

At the right there is a corduroy bonnet—clearly of Dutch bonnet inspiration. It has a becoming drooping brim all about the face, but a brief brimless space across the back. Here is a bit of strategy which is successful in keeping the bonnet on the head. A short, strong elastic band is set into the base of the crown at this point and its tension makes the bonnet hug the head. The crown is flexible and the bonnet has a soft lining of silk. Everyone knows the enduring quality of corduroy and this model will surely commend itself to motorists. A small chiffon veil, gathered over an elastic cord with snap fasteners at the end, is easy to adjust on it—and easy to take off.

Ugh! Calomel Sickens; Salivates! Please Try Dodson's Liver Tone

I am sincere! My medicine does not upset liver and bowels so you lose a day's work.

You're bilious! Your liver is sluggish! You feel lazy, dizzy and all knocked out. Your head is dull, your tongue is coated; breath bad; stomach sour and bowels constipated. But don't take salivating calomel. It makes you sick; you may lose a day's work.

Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel crashes into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a bottle of Dodson's Liver Tone for a few cents under my personal money-back guarantee that each spoon-

ful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular. You will feel like working; you'll be cheerful; full of vigor and ambition.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.—Adv.

Technically Correct.

One of the Y. M. C. A. workers in France, in a letter to a friend in Los Angeles tells of an autotruck driver connected with the Red Triangle who was never seen without a box conspicuously labeled 'tools.' Finally one day an inspection officer halted the truck and asked: "What's in that box? It's labeled 'tools,' but every time you have to make repairs you get tools from under the driver's seat."

The young man opened the box and took from it several tin plates, knives, forks, skillet and a coffee pot. "Cooking tools," he remarked ironically, and threw the lever into the high.

A CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

LOOK, MOTHER! SEE IF TONGUE IS COATED, BREATH HOT OR STOMACH SOUR.

"CALIFORNIA SYRUP OF FIGS" CAN'T HARM TENDER STOMACH, LIVER, BOWELS.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, Mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When the little system is full of cold, throat sore, has stomach-ache, diarrhea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child to-morrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."—Adv.

Here's a Silly One.

"Where are you going with your big red apple, Willie?" called the kind old gentleman.

"Taking it to school to my dear teacher."

"What is your teacher's name, Willie?"

"We call her Experience."

"Why do you call her that?"

"'Cause she certainly is the best teacher."
