Death of Fred S. Crawford

Mr. Fred S. Crawford died at his home in South Greenwood on Thursday, October 17th, after a short illness of influenza.

Three Deaths in One Family

During the last two weeks the pall of death has clustered heavily around the home of our beloved brother and sister, Mr. and Mrs. J. M. Hudson.

Resolutions on Death Rev. R. E. Turnipseed

The following resolutions were read and adopted at the fourth quarterly conference of Grace Methodist church, which was held last week:

Whereas, in the Providence of God, Rev. R. E. Turnipseed, our presiding elder, after an illness of one week died at the district parsonage in Greenville October 14th.

First—That while we, the members of Grace church quarterly conference, bow in humble submission to the will of our Allwise Heavenly Father, we wish to express our deep regret at the going away of one who had such promise of a long and useful life as a good minister of Jesus Christ.

Second—That we put on record our recognition of his great efficiency in executing the duties of his office—of his forceful sermons and his influence which abides.

Third—That we express our sympathy to his bereaved wife and commend her in our prayers to the Comforter, who alone can comfort us in all of our distresses.

Fourth—That a copy of these resolutions be forwarded to her, and also that a copy be forwarded to the Southern Christian Advocate and to the Pickens Sentinel, each, with the request that the same be published, and further that these resolutions be spread upon the minutes of our conference.

Some Psalm

The Lord is my car, I shall not want another. It maketh me to lie down in wet places. It soileth my soul, It leadeth me into deep waters, It leadeth me into paths of ridicule for its name's sake.

NEW DRAFT REGISTRANTS TO MOBILIZE IN NOVEMBER

Washington.—Men of the new draft ages will first be mobilized in large numbers early in November, under a draft call now in preparation at Provost Marshal General Crowder's office.

Draft calls suspended during October because of influenza epidemic have been renewed in sections where the epidemic has moderated, and enrollment of all men under the October calls probably will be completed before the November quota is started to the cantonments.

AMERICAN AVIATORS DESTROY TWENTY-ONE ENEMY MACHINES

With the American Army Northwest of Verdun.—Twenty-one German aviators were downed by American chasing aviators. It was a banner day in American aviation. Two American airmen are missing.

The aerial activity began early in the morning, and, aided by the clear weather, American bombers were successful in attacking various enemy points of troops concentrations both in the morning and in the afternoon.

CONTRACTS CANCELLED FOR \$60,000,000 WORTH OF SHIPS

Washington.—Cancellation of contracts for \$60,000,000 worth of troop ships which were to have been built at a new government shipyard at Alameda, Cal., and the stopping of the work of building that plant were announced by Chairman Hurley of the shipping board.

Decision not to build the troop ships was reached some three weeks ago, Mr. Hurley said.

One of the things that helped to mop up that ex-Hindenburg Line was the steady purchase of W. S. S. Did you help?

It will be seen that this raises \$15,000.00. The balance will be raised by the colored people, in fact they are asked to raise \$2,000.00, which will put us over the top.

It can and must be done. Therefore we ask that on Monday morning November 11th, everybody get busy and drive the entire week until every man, woman and child has been seen and HAVE GIVEN to this great work.

Mrs. Gertrude H. Matthews, C. E. Robinson, County Chairmen.

TEUTONIC ARMIES HEAVILY ASSAILED

IN ITALY EXCEPT ON A FEW SECTORS IN HILL COUNTRY ENEMY BEING OVERWHELMED.

FOE IS FAST LEAVING SERBIA

French and Serbian Cavalry Attempting Turning Movement Along The Savex River.

From the mountain regions of northern Italy to the plains of Venetia and on salient sectors in Belgium and France the armies of the Teutonic allies are violently attacked by troops of the entente.

In Italy, except on several sectors in the hill country, the enemy is fast being overwhelmed; in both Belgium and France additional splendid gains have been recorded in favor of the entente, in the achievement of which men from the United States took a goodly part.

In Serbia the Austrians and Germans are fast making their way out of the little kingdom, many of them already having crossed the Danube. French and Serbian cavalry have reached Belgrade from where a fast turning movement westward along the Savex river is likely to work havoc with those of the enemy forces coming northward in western Serbia.

THE FRENCH ARMY ATTACKS ALONG TWELVE MILE FRONT

Paris.—The fourth French army in conjunction with the Americans on the right launched an attack on the Aisne front to the north and south of Vouziers, according to the official statement issued by the war office. The attack was on a front of about twelve and a half miles from the region east of Attigny to north of Olzy.

FORMER HUNGARIAN PREMIER HAS BEEN ASSASSINATED

Copenhagen.—Count Tisza, the former Hungarian premier, has been killed by a soldier, according to a Budapest telegram. The count fell victim to a revolver shot while he was out walking.

172,659 GERMANS TAKEN BY BRITISH IN THREE MONTHS

London.—In the past three months the British forces in France have taken 172,659 prisoners and 2,378 guns from the Germans, according to an official communication received from Field Marshal Haig.

During the month of October the British forces fighting in France captured 49,000 prisoners and 925 guns.

BRITISH SEEK TO SAVE CITY OF VALENCIENNES UNINJURED

British Headquarters in France.—The British batteries speedily could render Valenciennes untenable, but it is not desired that the town should be damaged.

Attacks have brought the British well up on the high ground southeast of Valenciennes and in a position to dominate the enemy's line of communication. That the Germans anticipate an attempt to storm the town is indicated by the fact that they are evacuating the civilian inhabitants.

"SURRENDER OR DIE" ONLY CHOICE FOR HUNTED HUNGARIANS

New York.—Whatever the diplomatic language of the allied ultimatum addressed to Germany in response to her request for an armistice, these cover its import—"Surrender or Die." This is the choice that now presents itself to the German empire, since at the present moment the German empire is bounded on the east by Russian bolshevism, on the south by Austrian anarchy, on the west by Foch's victorious armies and on the north by British blockade.

ONE HUNDRED BODIES TAKEN FROM MALBONE ST. TUNNEL

New York.—One hundred bodies have been taken from what is known as the Malbone street "tunnel" on the Brighton Beach line of the Brooklyn Rapid Transit company, where a five car train running at high speed jumped the track on a curve and struck the side wall with such terrific force that the first car was demolished and the others "buckled" until they were jammed against the roof of the tunnel.

DOWNFALL OF THE UNSPEAKABLE TURK

INVASION OF THE BLACK SEA BY ALLIED FLEETS NOW A MATTER OF COURSE.

THE ENEMY IS SORELY TRIED

By the Collapse of Turkey, Little Rumania Bids Fair to Have Her Innings.

Turkey is out of the war, and Germany's remaining ally, Austria-Hungary, badly defeated on the field of battle, her battle line rent in twain, and with chaos reigning inside her borders, is pleading for an armistice.

Thus far, her importunities have received no better answer than the redoubling of the efforts of the allies to crush utterly her warriors, although a Vienna dispatch says an Austrian deputation has been permitted to cross the fighting line to begin preliminary parleys with the Italian commander.

The capitulation of Turkey is believed to have been unconditional. The victories of the allied forces over the Austro-Hungarians threaten to send what remains of the enemy armies reeling back to their border line shattered and completely vanquished.

More than 50,000 prisoners have been taken by the Italian, British, French, American and Czech-Slovak forces, and everywhere, from the mountain region to the plains of Venetia, the enemy is being sorely tried.

Through the defection of Turkey the plight of the Teutonic allies becomes a critical one. The gateway to the eastern boundaries of Germany and Hungary is opened by way of the Dardanelles and the Bosphorus, and doubtless shortly allied fleets will invade the Black sea and begin operations in this heretofore unattainable region.

Shattered Little Rumania by the collapse of Turkey again is likely soon to be inside the entente fold and aiding in the operations against the nations which crushed her. Likewise the armistice which lets Turkey out of the war is a menace to the enemy in Russia and is likely to prove of the greatest value in quickening a return of normal conditions in that country.

PEACE AND ARMISTICE TERMS BEING FORMULATED AT PARIS

Washington.—President Wilson cleared up his task as intermediary for armistice and peace pleas of the central powers, just as press dispatches were bringing the news of Turkey's surrender and of events foreshadowing an early collapse of Austro-Hungarian arms.

Formally, as well as actually, the whole question of the conditions upon which the war may end now is before the American and allied representatives in Paris. The next step probably will be the decision of those representatives on armistice terms, unless before this is reached, Austria follows the example of Bulgaria and Turkey and capitulates in the field before the great drive that is cutting her forces to pieces in Italy.

It may be stated that, while the armistice program which the Germans await may not differ essentially from predictions that it will include surrender of the German navy and submarines, disarmament of the German armies, and occupation of German strongholds, the framing of the program has not been completed.

WINTER TO HAVE NO TERRORS FOR OUR TROOPS OVER THERE

With the American Army in France—American fighting men at the front are to keep warm this winter. The forestry section of the American expeditionary force has promised to deliver on the road, ready to be hauled to the men at the front before January 1, 100,000 cubic meters of fuel wood. This is equivalent to a pile of wood a yard wide and yard high stretching from Paris to Berlin.

TERMS OF ARMISTICE ARE ANNOUNCED IN PARLIAMENT

London.—The terms of the Turkish armistice, which now are in operation, include the free passage of the Dardanelles to the allied fleet, Sir George Cave, the home secretary, announced in the house of commons.

Other terms, it is learned, comprise the occupation of the forts of the Dardanelles and Bosphorus necessary to secure passage of the allied warships through the Bosphorus to the Balc sea.
