**LETTERS FROM PICKENS COUNTY GIRLS AT WINTHROP.**

During our State Home Demonstration Short Course at Winthrop, club girls were asked to write letters to their home-folks telling about their trip to Winthrop. These letters were collected and the best letters from each were sent to the county papers for publication.

Following are letters from Pickens county club girls:  
Winthrop College,  
Rock Hill, S. C.  
June 6, 1921.

Dear Homefolks:

I am having the nicest time here I've ever experienced. The demonstrators and teachers all seem to take a personal interest in each one of us and are giving us the best instructions and knowledge of things as well as a good time.

All of the girls are divided into sections and different sections study different things. All of these sections include health education, cooking, canning, poultry and lectures of various natures which are worth hearing and are very, very interesting.

We all go to the gymnasium in the morning and also in the afternoon for recreation. We are there taught by Miss Jenkins, a graduate of Winthrop this year. She was asked to remain here to instruct us during the short course, and she kindly consented to stay. Every one of us just love her. In fact, all the teachers and demonstrators are liked by all.

In the evenings we are well entertained. The first evening we were here they gave a reception for us. Every one met the teachers, demonstrators, Doctor Johnson and learned to know each other.

Charlie Chaplain in "The Kid" was shown to all members of the short course Saturday evening. They are also going to give "Daddy Long Legs" for us this evening. We enjoyed "The Kid" very much and are looking forward to Daddy Long Legs which we are sure to enjoy. Miss Margaret M. Stroeter, from Camden, N. J., is also going to entertain us with a musical program. Miss Stroeter is a representative of the Victor Talking Machine company and her program is sure to be helpful as well as enjoyable.

We are being given the best of food which is well cooked and appetizing.

Every one went to church and Sunday school Sunday morning, each one to her own respective denomination.

When I come home I am going to tell all the girls I see about what a nice place Winthrop would be to go to school all the time, and I am sure I could convince them that Winthrop is the place to get an education.

The girls that were in the section of poultry study were carried to the poultry farm and there studied the different breeds of chickens and also the principal upon which an incubator is used. Mr. D. D. Slade, from Kentucky, has charge of the poultry lessons and he sure is interesting.

I could never tell you all that we are doing and have done, but I will tell you more when I come home.

Loveingly,  
Lucile Looper.

Winthrop College,  
June 6, 1921.

Dear Homefolks:

I know you all are real anxious to know how I am liking Winthrop College. The place is beautiful. It has about fifteen large buildings. I stay in the North Dormitory in room hundred thirty-four. I like my room mate fine. She seems to be such a nice, sweet girl.

Next I shall tell you what I have learned. The first day we learned how to set different colors of dyes. In the afternoon we went to the gymnasium, marched and sang songs, played the piano. Miss Jenkins is our gymnasium teacher. She sure does learn us lots of games and different kinds of "exercises." We go there twice a day. I certainly do enjoy it. I have been playing several songs for her. You all know I enjoy doing it for her.

Mr. Slade gives us a lecture on poultry every day which is real interesting. I know I can raise some fine chickens when I come home, and any one else can if they go by his instructions.

Every night they have something to entertain us girls. The first night we had a reception; second night we went to the picture show and Sunday morning we went to church, and Sunday night we sang songs and had a nice time.

There are about 187 girls here. I have got acquainted with most all of them.

We sure do get lots of good things to eat. It's not like you all thought it would be, for I have enjoyed every meal since I have been here and I am having a glorious time besides. I wish you all could be here too. Love to all,  
Fay Hendricks.

**WHY SUFFER FROM RHEUMATISM?**

Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscles or chronic rheumatism, neither of which require any internal treatment? The pain may be relieved by applying Chamberlain's Liniment, which makes sleep and rest possible, and that certainly means a great deal to any one afflicted with rheumatism.
