

ANNOUNCEMENT

We are trying to arrange to print The Sentinel on Wednesdays, instead of Thursdays as at present. We find that our subscribers on the rural routes had rather get the paper Thursday than Friday. In order to do this we ask the cooperation of all correspondents, advertisers and others who have anything they want published in The Sentinel. Get your copy to us just as early as possible, please. We always have more to do on press day than we can possibly do and every week something is left out of the paper because it did not get to the office in time. Send your stuff in early and help us to keep our religion.

THE HORN SNAKE

The story about that horn snake seen in Pickens county by Gary Hiott editor of The Pickens Sentinel appears to have been connected.

TUGALO TRIFUNE.

The Pickens Sentinel announced an open boll of cotton two weeks after the first one was seen in Oconee. We always thought Pickens was first on everything. Perhaps the horn snake hooked off the early bolls in the Pickens section.

**In Loving Remembrance of My Wife
Who Died August 13, 1921**

She is gone. I remember her last words. I know that they carried her body out the door and up the road and laid it away in the churchyard. Yet again and again I ask myself the question, is she dead? It seems but yesterday that we played together around the old school house. She was so happy and care-free. Her hair was one mass of curls that hung round about her neck. I see the shaded paths where we walked in lover's old sweet days. I feel the clasp of the hand when before God and man she vowed to love, honor and obey. I see the years that followed when that promise was so faithfully kept. Not a harsh word; never an angry look; but love, pure, simple and true. Yes, dear heart, we sacrificed all for love. God gave it. We cared not for wealth. Our humble home was a paradise of love, but now have you gone? And, oh! so soon! Yes, I am sure that I saw the casket lowered into the grave. I am sure that I heard the sand falling on the lid. But surely—no, indeed, you are not dead. Around me our children play. Upon my shoulder there nestles a little curly head. It is not unlike the one I cherished in the old school days. But you who suffered that these might live, you who knew naught but loving kindness, you who mingled with humanity without gaining enmity, you who made consummate the word love; you, dear heart, for whom my tears flow unbidden, you have gone and in my heart of hearts there is a loneliness that nothing but your going could have brought. But I know that He who ordained you to live such a life of perfection here hath prepared a place where we shall meet again. While here you lived, 'twas with such grace,

Heaven and earth were blended
So happily, peacefully, sleep on, dear heart.

For all your trials have ended.
Arthur Herbert Arnold.

TABERNACLE MEETING

Began Sunday Morning and Will Continue Two Weeks

The tabernacle meeting at Pickens began Sunday morning with a sermon by Rev. L. B. Compton, and will continue two weeks. Great interest is being manifested in the meeting and large audiences are attending the services.

Three services are being held daily. Song service each morning at ten o'clock, followed by a discourse by Mr. Miller, the Bible teacher, at 11 o'clock. Song service each night at 7:30, followed at 8 by a sermon by Mr. Compton. "Uncle Charlie" Donle talks to the children each afternoon at 3 o'clock in his interesting and inimitable way.

One of the pleasant features of the meeting is that Miss Ina Boggs is able to assume her duties as organist. Miss Boggs has been unable to leave her home for many weeks on account of illness and many friends are glad to see her out again. Our own Prof. "Duff" Belding is leading the singing.

There will be a meeting at Friendship church in Greenville county, Friday, September 23, at 3 o'clock, for the purpose of discussing the draining of Saluda river and Oolenoy river up to Pumpkinton. Prominent drainage experts will be at the meeting and all persons interested in the matter are invited to attend. This meeting is being called by the supervisors of Greenville and Pickens counties.

Sow Wheat this Fall and Prepare for the Boll Weevil

This pest is almost certain to do a great amount of damage in this county next year. We will sell the best seed wheat for this climate to farmers at cost, which will be about two dollars per bushel. Give us or T. A. Bowen your order.

Below you will find what we consider appropriate words concerning the South of today, written by the well known Southerner, Henry W. Grady:

THE FULLNESS OF OUR DAY

"When every farmer in the South shall eat bread from his own fields and meat from his own pastures and disturbed by no creditor, and enslaved by no debt, shall sit amid his teeming gardens, and orchards, and vineyards, and dairies, and barnyards, pitching his crops to his own wisdom and growing them in independence, making cotton his clean surplus, and selling it in his own time, and in his chosen market, and not at a master's bidding—getting his pay in cash and not in a receipted mortgage that discharges his debt, but does not restore his freedom—then shall be breaking the fullness of our day."

Announcement

Mr. Edsel B. Ford, President of the Ford Motor Company, makes the following announcement:

We are making another reduction in the prices of Ford cars and the Ford truck, effective today. The new prices average \$70.00 under former prices, and are the lowest at which Ford Cars and trucks have ever been sold. List prices, F. O. B. Detroit, are now as follows.

	New Price	Old Price	Amount of Reduction
Chassis	\$295	\$345	\$ 50
Runabout	325	370	45
Touring Car	355	415	60
Truck	445	495	50
Coupe	595	695	100
Sedan	660	760	100

This is the third price cut during the last twelve months. On September 22, 1920, the price of the Ford touring car was reduced from \$575 to \$440; June 7th to \$415, and now to \$355, making total reductions in this type of \$220, or 38 per cent. The same proportionate reductions have been made in all other types. One year ago the price of the Ford Sedan was \$975, today it lists at \$660 with the same equipment.

We are taking advantage of every known economy in the manufacture of our products in order that we may give them to the public at the lowest possible price, and by doing that, we feel that we are doing the one big thing that will help this country into more prosperous times. People are interested in prices, and are buying when prices are right.

The production of Ford cars and trucks for August again broke all previous high records with the total reaching 117,696. This is the fourth consecutive month in which our output has gone over the hundred thousand mark, the total for the four months being 463,074, which has gone a long way in making possible the present reductions. June this year, with an output of 117,247, was the previous record month.

One noteworthy feature of our sales is the increased demand for Ford trucks and cars for salesman. This class of commercial business has been gradually increasing the past sixty days and we interpret it as a very good sign of improvement in general business.

No reductions have yet been made in the price of the Fordson tractor, and none is contemplated.

Go over these new prices. See how little it costs to become the owner of a Ford car or a Ford truck. Can you really afford to do without one any longer?

Let us tell you more about it, and advise you regarding the delivery of the particular type of car in which you are interested.
