

The Pickens Sentinel

Two Years for \$2.00

During October Only

From now until November 1, 1921, we will accept two-year subscriptions to The Pickens Sentinel for \$2.00, new or renewal. This is at the rate of \$1.00 a year, but no subscription will be accepted at this rate for any other length of time than two years.

During the past year of stringent times The Sentinel did not cut off any subscribers, except when it was requested (which was the case in about three instances), consequently we have many expired subscriptions on our books.

We are putting the paper back on the cash-in-advance system, as it is the only plan to conduct a successful newspaper. We do not want to have to discontinue any subscriptions, so we are making this very liberal offer and any one may take advantage of it.

There is no profit in subscriptions even at \$1.50 a year, as you probably know, and it has been something of a strain for us to carry approximately 1000 unpaid subscriptions a year, but we were glad to do it for friends of the paper. Now we need the money and hope that as many as possible will come in and renew their subscriptions.

This price will be good for October only. We guarantee that the regular price of The Sentinel will not be reduced from \$1.50. A paper worthy of the county cannot be produced for less.

We stuck by you, now stick by us.

Ford

THE UNIVERSAL CAR

Genuine Common Sense

Many Ford owners can afford to own and operate any car they may choose, but they prefer a Ford "because it is a Ford."

For "because it is a Ford" means dependability, ease of operation, efficiency—and it means sure, quick transportation.

And "because it is a Ford" means good taste, pride of ownership and genuine Common Sense.

The Ford Sedan, a closed car of distinction, beauty and convenience, is the ideal all year 'round car, for pleasure or business—for the farm, town or city. It gives you all that any car can give at a much lower cost for operation and maintenance.

Ford Cars of all types are in great demand, so place your order at once if you wish to avoid delay in delivery.
