## THE HOME PAPER

A western editor gives the following review of a part of the services which local papers render their readers: "Your home paper heralded to the world your birth. It told of your entry to school, mentioned the party when you were sweet sixteen, applauded your graduation from the high school, started you to college, and when you returned it mentioned the job you secured. It told of your marriage to the sweetest girl in town and also mentioned the advent of your first-born. Told of the visit to pa and ma, sympathized with you in your sadness, rejoiced with you in your joy and when you die it will do its best to get you through the pearly gates at two dollars per year."

Considerable numbers of wild ducks are visiting Pickens now. Dr. P. E. Woodruff killed two ducks at one shot last Saturday morning and then went over on the other side of town and killed two more before he quit.

Mrs. R. R. Roark is assisting in the office of Martin, Blythe, Craig & Keith at Pickens for a month or two. In addition to the regular work of this office it is now busy with abstract work in connection with the farm loan association.
