To the Schools of Pickens County

A Dictionary Free

The Pickens Sentinel wants to place a Webster's New International Dictionary in every school in Pickens County without cost to the school.

Here is the Plan in a Nutshell:

The Sentinel will give a Webster's New International Dictionary to every school that will obtain 40 new or renewal yearly subscriptions to The Pickens Sentinel between now and March 1.

Either pupils or teachers may solicit subscriptions anywhere they wish. There is no restriction on territory. The forty subscriptions must all be sent in at one time and the money must accompany them.

This Dictionary is almost an encyclopaedia within itself and is the recognized authority everywhere. Every school in the county should have one.

Webster's New International Dictionary is the latest unbridged dictionary published.

IT CONTAINS

Over 400,000 vocabulary terms, including all the new words,
30,000 Gazetteer entries,
12,000 Biographical entries,
Thousands of other references,
6,000 Illustrations,
2,700 pages,
Many colored maps and drawings.
The only dictionary with the new divided page.
The type matter is equivalent to that of a 15 volume encyclopedia.
The Dictionary is handsomely bound, weighs 14 pounds and size of pages is 12 3-8x9 3-4 inches.

The selling price of this Dictionary is \$16.00.

It is absolutely the best and most complete dictionary published.

A copy of this Dictionary may be seen at The Sentinel office.

Teachers and pupils will find it an easy task to obtain the required number of subscriptions to the county paper. Many subscriptions are now expiring and will be renewed without effort.

If you want a dictionary for your school, just go ahead and get the subscriptions. It is not necessary to notify us that you intend working for one, though we will be glad to know as soon as possible that you want one.

The price of The Sentinel is \$1.50 a year, \$1.00 for eight months, 75c for six months. The total amount of subscriptions must equal \$60 to get a dictionary. No subscriptions accepted for less than six months under this plan.

If forty pupils will obtain one subscription each they can get a Dictionary for their school in a few minutes.

Begin working today before some other school enters your territory.

If some of the larger schools want two Dictionaries they may be obtained with 40 subscriptions each.

The Pickens Sentinel
