Attention Ford Owners!

Ford parts like almost everything else worth while, are counterfeited. Imitation parts are manufactured to **SELL** at the highest possible rate of profit and the grades of steel used are consequently not the same high quality, specially heat-treated alloy steels specified in Ford formulas for the manufacture of **GENUINE FORD PARTS**.

Don't be misled—Insist upon **GENUINE FORD PARTS** made by the Ford Motor Company. By so doing you will get from 35 to 100 per cent more wear from them, and you will pay the lowest possible cost—the same everywhere.

50% OF GENUINE FORD PARTS RETAIL FOR LESS THAN 10c EACH

PROTECTION FOR OUR CUSTOMERS.

For the safekeeping of money and valuable papers of our customers we have had an additional lock put on our vault door. This lock is a new kind and it makes our vault absolutely fireproof. We have records of burglars trying to enter 84 vaults equipped with these locks and in not a single instance could they enter. It is absolute impossibility for the most skilled burglar to open our vault door now. Come in and let us show you why. We are the first bank in Pickens county to install one of these locks.

Dependability Counts In 1922 Always On The Job

That's the best way to describe where our trucks are—when you want them. On the job with lime, lumber, sand or cement; in fact anything a builder needs, and the best part of it is that no matter how large or little your wants are you get the same kind of speedy service all the time.

Prices are right and stocks are new. So new that frequently we load right from car to truck and the next stop is your job.

Let's prove it all to you.
