No Guess Work

When We Fill Your Prescription

The real reason you don't want to guess work and you don't want guess work. If your child has a fever, or your store that's been filled at another store we will send it when it will be filled first—we won't guess at it and fill the bottle with some other medicine.

Fifteen years in the drug business has taught us that medicine is not made to be played with.

Be sure of your prescriptions and be sure.

BIRTHDAY CELEBRATION

The children, grandchildren and relatives met Sunday, August 20, at the home of Mrs. E. R. Porter to celebrate her 66th birthday. It was quite a surprise to dear old mother, but a happy day was spent together. The ladies had prepared a nice dinner which at the noon hour was spread under the shade trees, all seeming to enjoy themselves especially at this time. After dinner the ladies returned to the house, talked of old times and met old friends which made it a joy to be there, while the men talked politics and ball weevil. There were about eighty present and all left for their respective homes about 5:30 wishing this good lady many more such birthdays.
