### LUXURIOUS WRAPPY COATS; GRACEFUL DINNER GOWNS

There have been times when to wear a cloth coat was almost a frank declaration of not being able to afford a fur wrap. Not so this season! It is a question which is the more fashionable right now, the all-fur coat or the wrap styled of luxurious deep-pile fabrics. There never has been a time, at least in the memory of this generation, when so many magnificent looking wraps have been shown. The very names of these marvelous

gown tuned to the demands of club affairs, receptions and smart restaurant after-theater parties, velvet answers in responsive chord. Soft, supple chiffon velvet "costly as thy purse can buy, rich not gaudy," of such is the fashionable dinner gown of today. Simplicity characterizes these semi-formal frocks. This trend of fashion is admirably demonstrated in the russet-colored velvet dinner gown here portrayed.

Two Models in the Prevailing Style.

Weaves are suggestive of elegance, such, for instance, as veldyne, fashona, marvella, panyelaine, luxura, h.ivia, and so the list might be continued. Coats masterfully developed of these soft rich cloths are furred in handsome pelts.

The greatest success is registering for brown. Dark brown, with matched furs, leads all else in reigning.

Marvella, that triumph of deep-pile weaves and which will wear a lifetime, was selected for the patrician coat to the left. It is in that wonderful new Mohawk shade, which is a glowing red brown. Dyed wolf, col-

Of course, creative genius must have some point of expression, and this season, it is the girle which boasts of decorative features.

"And it was trimmed in fur," applies to the majority of handsome dressy gowns. In this instance the fur is genuine marten, which bands the flowing sleeves twice around, as if to call attention to the embroidery between exquisitely done in dull gold and silver threads.

It is a matter of fashion, that in place of the beaded crepe dinner frocks the beaded velvet gown is preferred. These charming dresses are designed

ored in a relative reddish brown, is lavished on collar and about the sleeves. If you will observe closely, you will note there is an inner forearm sleeve, furred snugly about the wrist. There are amber settings in the tortoise buckle which holds the new-style drape in pose. The all-over fine tufts in the brown veldyne coat to the right established this model as very advanced style.

According to fashion's calendar we have arrived at the dinner gown season. The prosaic details of winter coat, street suits and utility frock having been attended to, our fancy lightly turns from the prose to the poetry of dress. To the call for a

In straight slender silhouettes and they are rich in warm tones of henna, the new shade of mohawk (reddish brown) and bright blue.

In the modish broadened chiffon velvet frocks, gorgeous coloring prevails and there is practically no trimming, except perhaps a touch of fur or a garniture of metal flowers at the waist, according to the formality of the occasion.

### SAYS CALOMEL SALIVATES AND LOOSENS TEETH

The Very Next Dose of This Treacherous Drug May Start Trouble.

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you, right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.—Advertisement.

"Did you get any evidence on that soft drink dealer?"

"I did as you told me," said the dry agent. "I asked him for ginger ale and winked my left eye."

"And then?"

"He hit me over the head with an empty pop bottle."

"That's pretty strong evidence that he had something on his conscience, but I'm afraid it won't be accepted in a court of law."—Birmingham Age-Herald.

### If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited to those who are in need of it.

A prominent druggist says, "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by parcel post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores.—Advertisement.

### Contractor Has Gained 30 Lbs. on Tanlac

"Tanlac fixed me up so I gained thirty pounds. I have never seen or heard of such a wonderful medicine in all the sixty-six years of my life," declared William Magee, well-known retired contractor, 3840 Lafayette Ave., St. Louis, Mo.

"About two years ago I had a severe bladder trouble that left me in an awfully run-down condition. My appetite went back on me and my stomach got so weak I could not eat and digest enough to give me any strength. I also had the worst sort of pains across the small of my back, and could not sleep.

"I began picking up soon after I started taking Tanlac, and now I have a fine appetite, sleep like a log and that tired, worn-out feeling has all left me. I could not do otherwise than recommend Tanlac."
