**Abandoning a Campaign.**

For the third and last time we say that Director Harry Hopkins should pay the arrears of all delinquent subscribers to weekly newspapers, pay them to the editors, and should pay for each delinquent six months in advance. This should be done for the sake of the delinquents, they need relief, not for the sake of the newspapers. For the big dailies of Columbia, Anderson, Florence, Greenville, Spartanburg, and so forth we say nothing. They are all economic royalists in disguise. Some of them are showing a tendency lately to strip off their disguises. We are now abandoning our campaign in behalf of delinquent subscribers to the weeklies because we know when we are licked.—News and Courier.

What reason has The News and Courier for entertaining any idea that "Director Harry Hopkins should pay the arrears to weekly newspapers, pay them to the editors, and should pay for each delinquent six months in advance," when one of the federal government's agencies in South Carolina has assumed the role of mendicant and is asking weekly newspaper publishers to put it on the "free list" because prodigal Uncle Sam failed to appropriate a few paltry dollars to pay for such subscriptions? At least, such a request was made last week of The People-Sentinel and we presume that other weekly newspaper publishers were asked to do likewise. One reason given in making the request was that the subscription would partly compensate for the "news (?) stories" (propaganda) that the agency in question mails to newspapers under a government frank.

If and when those on the payroll of the agency in question decide to give their services "free gratis" we'll agree to donate a subscription to The People-Sentinel to the cause. Otherwise—as we remarked last week—we refuse to encourage Uncle Sam in assuming the role of a beggar.

**EXPECT CATTLE PRICES TO CONTINUE HIGHER**

sumer demand for beef and veal, smaller cattle and calf slaughter this year than last, and higher average prices of practically all grades of slaughter cattle are reported as probable by livestock economists of the Clemson College Extension service, says County Agent H. G. Boylston.

In the opinion of the Bureau of Agricultural Economics, slaughter supplies of cattle and calves will probably continue to be relatively large until pastures become an important factor in the feed situation in late May or June. For the entire year, however, slaughter supply probably will be somewhat smaller than in 1936.

Prices of the better grades of slaughter cattle are expected to advance somewhat further from present high levels, and prices of the lower grades to advance until May or June. Prices of the lower grades usually decline after mid-spring, but this year the Bureau expects the decline to be less than average in view of prospective continued improvements in consumer demand for meats.

**Blackville P. T. A.**

Blackville, April 12.—The Blackville Parent-Teacher Association held its regular monthly meeting recently, with the following ladies acting as hostesses: Mrs. Henderson Fulmer, Mrs. Sam Kaplan, Mrs. Crum Boylston, Mrs. T. L. Quattlebaum, Mrs. Lonnie Creech, Mrs. C. A. Buist, Mrs. John O'Gorman and Mrs. L. J. Connelly, assisted by Miss Amy Hendrix of the home economics department of the high school.

Preceding the business session over which Mrs. Herman Brown, president, presided, the fourth grade, under the direction of Miss Loire Seay, presented an interesting Arbor Day program. The class presented a lovely dogwood to the school, and planted it on the campus in connection with their study of trees. The fourth grade also won the attendance award.

Hostesses for the May meeting will be Mrs. Stanley Brown, Mrs. Norman Bates, Mrs. I. N. Dunn, Mrs. Earl

**April C. C. Enrollment.**

On Wednesday, April 7th, 16 fine young men from this county went to Columbia for enlistment in the CCC. All 16 of the boys passed the physical examination and were accepted. Some were sent to York and others were brought back to the Barnwell camp.

Two more boys whose applications went through the Department of Public Welfare, have been assigned special work as clerks and are stationed at Fort Moultrie, Charleston.

This county now has 110 young men in the CCC camps. This means that approximately \$2,475 comes into the county monthly. This money should be used at home by the parents of the boys.
