The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature to do its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. A court house is naturally a centre where congregate, especially during the session of court, a large number of people of the county—some because they wish to, others because they are forced to—and in no instance can it be said that the man who has ever visited his county seat does not recollect some bright utterance of the attorney or judge or some attendant, and in some cases he has learned a point in law that has been helpful to him.

CRUDITY IN EUROPEAN ART.

Americans Have Satisfied the Hunger For a New Creation.

Is there no art in Morse's telegraph, in Fulton's steamboat or Colt's revolver or in an American cultivator, but only in a morbid projection upon canvas of Dante's insane portraits of a supposed but impossible torture of lost souls in hell or the ever recurring monks of the wine cellar loudly gibing the waiter girls that bring them their inebriating cups? Two-thirds of all the so called art of Europe consists of pictures that are both deniable and untrue, designed to commemorate events that never occurred or to preserve our reverence for ideas which the human mind no longer seriously entertained. American art must be the embodiment of American ideals and not the reflex of mediæval ideals which no longer command the sincere respect of even the European mind. The art of Europe is as crude in its way as that of America, because it does not relate to ideas that are now or ever again can be potential over the human mind.

The most powerful and artistic fiction of modern times, perhaps of any period, whether judged by the extent to which it has been read, dramatized, acted, imitated and translated or by the depth of its revolutionary effects on society, is "Uncle Tom's Cabin." It drew much of its power from the hunger the world felt for a new art that should be American. Irving wrote volumes on England, Spain, Mohammedan histories, etc., all of which are passing into waste paper because they have not the originality of true art, while his name lives only in that small portion of his work whose theme was American—viz, the legend of Sleepy Hollow, Rip Van Winkle and Diedrich Knickerbocker. Humboldt showed that travel and observation were fine arts, and that the best field for their practice lay in America. Audubon lifted the study of birds into a fine art and found no field necessary to its practice but America. Lowell, Mark Twain and Bret Harto have lifted American humor into an art so fine that the European world itself is inquiring whether all real humor is not exclusively an American art.—Guntton's Magazine.

CURED AT 73 YEARS.

Dr. Miles' New Heart Cure Victorious. No other medicine can show such a record. Here is a veritable patriarch, 73 years of age, with strong prejudice to overcome, who had Heart Disease 15 years. He took the New Heart Cure and is now sound and well.

SAMUEL O. STONE

Grass Lake, Mich., Dec. 28, 1894. I have been troubled with heart disease 15 years or more. Most of the time I was so bad it was not safe for me to go out alone, as dizzy spells would cause falling. I had severe palpitation, shortness of breath and sudden pains that rendered me helpless. All physicians did for me was to advise keeping quiet. In August last I commenced taking

Dr. Miles' New Heart Cure, and before I had finished the first bottle I found the medicine was a God-send. I have now used four bottles in all and am feeling entirely well. I am 73 years of age and have held a grudge against patent medicines all my life, but I will not allow this to prevent giving my testimony to the great cure your valuable remedy has wrought in me. I do this to show my appreciation of Dr. Miles' New Heart Cure. SAMUEL O. STONE. Dr. Miles Heart Cure is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at \$1.00 per bottle for \$5.00 or it will be sent prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind. Dr. Miles' Heart Cure Restores Health.

Draytonville Dots.

(Correspondence of The Ledger.)
 DRAYTONVILLE, Nov. 17.—Wade Elmore is cutting out a road from here to the ferry at Cherokee mill. His force of hands are all new county men with the exception of one man. He expects to complete his job in about four days.

The health of the county is generally good. I understand there will be a debate somewhere in our section next Saturday night on the subject of the new county.

Success to THE LEDGER.

RAMBLER.

Card of Thanks.

I beg to express my gratitude and thanks to the citizen of Gaffney for their assistance in aiding me to save my gin house and cotton from being burned up Sunday afternoon. But for their prompt response, and manly efforts, great damage would surely have resulted to me, and possibly to others. Very respectfully,
 SAMUEL JEFFRIES.

Free Schools.

It is amusing to hear of people who are opposed to the new county, telling those who they think don't know any better, that they will lose the benefit of the free schools if the new county is created. Our people are too intelligent to get off such stuff on. Every one knows that the free schools will go on just as they have been doing. The wonder is that such tricks are resorted to.

The anti new county meeting at White Plains last Saturday was attended by twenty-five or thirty men quite a number of whom were for the new county. Several speeches were made by the opponents of the new county. Mr. N. Lipscomb being present was requested to address the meeting in favor of the new county and his remarks were well received. Mr. Edward Lipscomb was the principle speaker for the opposition and he ripped the new county up in his usual happy style.
