Alfred Smith, an old issue negro who has hitherto borne a good name, furnished N. H. Littlejohn's name to a check on the National Bank Saturday. When detected Smith left hurriedly and made his escape, but was captured later in Blacksburg and returned to Gaffney where he was lodged in jail to await trial.

Notwithstanding the low temperature of a few days ago spring is with us. The buds of the forest trees are bursting, flowers are blooming and birds are singing and hunting their mates, and, what pleases the average man as much as all the above, young vegetables are growing fast and promising many good dinners.

The beautiful summer like weather of last week came to a close last Thursday, when heavy thunderclouds arose, accompanied by wind and a fall of a much needed rain. Both were moderate in the city, but in some sections of the county were heavy, and in some instances destroyed fences. The temperature fell rapidly with clouds and wind coming out from the north-east making fires and heavy clothing again necessary.

A NEW TRIUMPH.

The Dreaded Consumption Can be Cured.

T. A. Slocum, the Great Chemist and Scientist, Will Send to Sufferers, Three Free Bottles of His Newly Discovered Remedies to Cure Consumption and all Lung Troubles.

Nothing could be fairer, more philanthropic or carry more joy to the afflicted, than the generous offer of the honored and distinguished chemist, T. A. Slocum, M. C., of New York City.

He has discovered a reliable and absolute cure for consumption, and all bronchial, throat, lung and chest diseases, catarrhal affections, general decline and weakness, loss of flesh and all conditions of wasting away; and to make its great merits known, will send three free bottles of his newly discovered remedies to any afflicted reader of the LEDGER.

Already his "new scientific system of medicine" has permanently cured thousands of apparently hopeless cases.

The Doctor considers it not only his professional, but his religious duty—a duty which he owes to suffering humanity—to donate his infallible cure.

He has proved the "dreaded consumption" to be a curable disease beyond a doubt, in any climate, and has on file in his American and European laboratories thousands of "heart-felt testimonials of gratitude" from those benefitted and cured, in all parts of the world.

Catarrhal and pulmonary troubles lead to consumption, and consumption, uninterrupted, means speedy and certain death. Don't delay until it is too late. Simply write T. A. Slocum, M. C., 95 Pine street, New York, giving express and postoffice address, and the free medicine will be promptly sent. Please tell the Doctor you saw his offer in THE LEDGER.

Group, Colds, Hoarseness and Sore Throat, cured by Slocum's cure in any case. Refuse Imitation.

No-20-Rice for Fifty Cents. Guaranteed tobacco habit cure, makes weak men strong, blood pure. 50c. All druggists.

THE F. M. F. I. CO. MEET.

By-Laws Were Submitted and Adopted Tuesday.

The Farmers Mutual Fire Insurance Company met Tuesday in the court house pursuant to a special call made at the last meeting one week ago. The President and Secretary and Treasurer were present with about fifteen or twenty members. Bylaws were drafted and submitted to the convention, which were adopted. The election of a Vice-President, Agent and Directors was deferred until the next regular call meeting, which is called for next Monday, April 4th, at which a full attendance of old members and those wishing to become members is expected. See the notice for the special call meeting for next Monday in another column. It was decided to give all persons wishing to become members of the association, who will do so within the next 30 days, the privilege of joining at the same cost as the old members will have to pay, which is comparatively nothing, thereby saving the agents' commission of \$5.00 per \$1,000 insurance written. Every old policy holder in the county should be here next Monday, as well as all of those wishing to become members, as the important matter of the election of a Vice-President, Agent and Directors will come up and the election held. There are to be three Directors for each township elected. At the meeting Tuesday about \$25,000 worth of policies were represented, all of which have been withdrawn from the old counties and entered in the Cherokee County Company.

Buildings and Material.

Many new houses are now being built in Gaffney. They embrace all classes from the most simple cottage to the finest Piedmont residences and business houses. All the heavy lumber for these buildings is being furnished by mills in the county, and all the dressed lumber comes from abroad, a natural occurrence as we have no planning mills or other wood working machinery in the city. But we were a little surprised a few days ago to see bricks coming in by the car loads for one of the buildings going up, and this in the face of the presence of many brickmakers and machines in the city. We could not account for these imported bricks only on the hypothesis that the supply in Gaffney had been exhausted, for we know that good bricks can be made in Gaffney, and believe that our enterprising brick makers would not forego our people to get bricks abroad in order to get a good quality.

Cure a Cold in One Day.

Take Laxative Bromo-Quinine Tablets. All druggists refund money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet. DuPre Drug Co.

If Rice Gosse Grease don't cure your aches and pains, burns, bruises and sprains, we pay you money back. DuPre Drug Co.

Educate Your Howels With Cascarella's Candy Cathartic, cure constipation forever. 10c. 25c. If C. C. C. fail, druggists refund money.

J. E. JEFFERIES, Secretary and Treasurer.

NOTICE TO POLICY HOLDERS.

All persons holding policies in the Farmers Mutual Insurance Co., and all those wishing to become members of the same are earnestly requested to attend the meeting to be held here in the court house next Monday at 11 o'clock a. m. (April 4th) for the purpose of electing a Vice-President, Agent and Directors. For the next thirty (30) days all new members will be allowed to enter on the same terms as the old policy holders, which will be comparatively nothing for admission fees. T. M. LITTLEJOHN, President.

Strong, steady nerves
Are needed for success
Everywhere. Nerves
Depend simply, solely,
Upon the blood.
Pure, rich, nourishing
Blood feeds the nerves
And makes them strong.
The great nerve tonic is
Hood's Sarsaparilla,
Because it makes
The blood rich and
Pure, giving it power
To feed the nerves.
Hood's Sarsaparilla
Cures nervousness,
Dyspepsia, rheumatism,
Catarrh, scrofula,
And all forms of
Impure blood.
