The excursion from Gaffney City last Sunday brought about 300 people to Shelby, while the Lawndale train brought about 200. They all came to hear Rev. A. C. Dixon preach and the great Tabernacle was well filled. Shelby was delighted to see them all. —Cleveland Star.

As an evidence of the increase of wheat growing in this section of the country, more implements for its culture are being sold here than ever before. Notably among them is the hoe and disc wheat drill sold by J. C. Lipscomb of this city, which is said to be one of the best on the market for that purpose.

Wednesday afternoon while a freight train on the Southern was shifting just opposite the cotton mill, two cars that were being switched jumped off the track. Tillman and Hickson.

[Yorkville Enquirer.]

At Gaffney, on Monday, says August Kohn, Tillman took up his spat with the preachers and insisted on everything he had said and reiterated that there was the "alliance," willing or unwilling, between the barkeepers and ministers. He and Rev. F. C. Hickson had a spat. Mr. Hickson asked whether Tillman believed the preachers and barkeepers were in alliance. Tillman explained and said: "You and the whiskey men are fighting together—that's all, I say." Mr. Hickson insisted that he opposed the sale of liquor. Tillman replied, "and so were the barkeepers for present purposes."

Opening the New Baptist Church.

On next Sunday morning the first service will be held in the new Baptist church. Rev. W. M. Vines, pastor of the first Baptist church, Asheville, will conduct the service. Mr. Vines will remain in Gaffney a week, during which time he will conduct a meeting at the new church.

"How is Johnny getting along with his writing?" asked the fond parent. "Rapidly," replied the teacher. "I think he is already competent to write his own excuses."

Nothing so thoroughly removes the malarial germ from the system as PRICKLY ASH BITTERS. A New Furniture Emporium.
Messrs. Carroll, Carpenter & Humphries have completed their new building on Grand street near the National bank, and they now have one of the handsomest structures in the State, and one that would be an ornament to a city much larger than Gaffney.

The building is forty feet in width by one-hundred and seventy-five feet in length, and has a gallery in the rear end which gives it the appearance of two stories—the gallery being used for the vehicle department. The front is made of imitation gray, rough-grained granite, set in small squares, which not only makes a substantial wall, but gives it an elegant appearance. Inside is a nice, spacious office situated so as to command a view of the entire room. Overhead is a large skylight, so arranged with a movable curtain that the light may be regulated as desired; and no feature has been overlooked by this enterprising firm that would add to the convenience and attractiveness of their establishment. They have added to all this and up-to-date stock of furniture, carriages and buggies and undertaker's goods, and a larger and handsome emporium of the kind could not be found in a long day's journey.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle of common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your water, it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, if you will address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Protect Yourself.

The Cherokee Mutual Fire Insurance Association has been a most pronounced success in the line of insurance. It is about three years old and has a paid in capital of \$150,000. The annual dues of one-fourth of one per cent. has more than met the losses and there is now a neat surplus on hand for future losses. It is the cheapest insurance in the world. Every poor man should hold a policy on his personal property. The annual dues are but 25 cents on one hundred dollars, and the poor man cannot stand a loss like a rich one, so he should protect himself.

CANCER Cannot be Cut Out or Removed with Plasters

Surgical operations and flesh destroying plasters are useless, painful and dangerous, and besides, never cure Cancer. No matter how often a cancerous sore is removed, another comes at or near the same point, and always in a worse form. Does not this prove conclusively that Cancer is a blood disease, and that it is folly to attempt to cure this deep-seated, dangerous blood trouble by cutting or burning out the sore, which, after all, is only an outward sign of the disease—a place of exit for the poison?

Cancer runs in families through many generations, and those whose ancestors have been afflicted with it are liable at any time to be stricken with the deadly malady.

Only Blood Diseases can be Transmitted from One Generation to Another

—further proof that Cancer is a disease of the blood.

To cure a blood disease like this you must cure the entire blood system—remove every trace of the poison. Nothing cures Cancer effectually and permanently but S. S. S.

S. S. S. enters the circulation, searches out and removes all taint, and stops the formation of cancerous cells. No mere tonic, or ordinary blood medicine can do this. S. S. S. goes down to the very roots of the disease, and forces out the deadly poison, allowing the sore to heal naturally and permanently. S. S. S. at the same time purifies the blood and builds up the general health.

A little pimple, a harmless looking wart or mole, a lump in the breast, a cut or bruise that refuses to heal under ordinary treatment, should all be looked upon with suspicion, as this is often the beginning of a bad form of cancer.

Mrs. Sarah M. Keeling, 941 Windsor Ave., Bristol, Tenn., writes: "I am 41 years old, and for three years had suffered with a severe form of Cancer on my jaw, which the doctors in this city said was incurable, and that I could not live more than six months. I accepted their statement as true, and had given up all hope of ever being well again, when my druggist, knowing of my condition, recommended S. S. S. After taking a few bottles the sore began to heal, much to the surprise of the physicians, and in a short time made a complete cure. I have gained in flesh, my appetite is splendid, sleep is refreshing—in fact, am enjoying perfect health."

Our medical department is in charge of physicians of long experience, who are especially skilled in treating Cancer and other blood diseases. Write for any advice or information wanted, we make no charge whatever for this service.
