**PROGRAM IS NOT YET ARRANGED**

The Party Was Met by Japanese Citizens of Gotham and Was Given a Rousing Reception—All of the Foreigners Are Enjoying Good Health.

New York, July 25.—Baron Komura, the Japanese peace plenipotentiary, arrived on the fast train from Chicago, over the Pennsylvania road at 9:35 o'clock today.

At the Jersey City station to greet him were about 40 Japanese merchants. There was no demonstration at Jersey City, but when the ferryboat reached the foot of Twenty-third

BARON KOMURA.

street, this city, a hundred or more Japanese greeted the baron and his suite with cheers while a band played the Japanese national air.

The baron, with Consul General Uchida, and two of his suite, entered a carriage and were driven to the Waldorf-Astoria hotel. H. W. Denison, an American, who is attached to the Japanese foreign office, and who has been in Japan for 35 years, is with the party. Mr. Denison says he has no official capacity with the peace delegation. The party was met at Philadelphia by Consul General Uchida. Minister Takahira remained in this city. Mr. Sato, who is the chief of staff, said to an Associated Press representative that there was no program prepared for the baron, and he did not know what would be done from day to day until he had met Minister Takahira. Mr. Sato said it would not be necessary for any of the party to go to Washington since the president is at Oyster Bay, and they would await the president's pleasure as to their plans.

"The baron will rest a few days," said Mr. Sato, "his journey having been quite an extended one. He is in good health but needs a little rest after traveling so far. We have traveled every day since we landed in this country, arriving in cities early in the day and getting out in the evening. We stopped not longer than six hours at any place."

The party has been traveling for 17 days.

**Wife of Broke Suicides.**

New York, July 25.—Within five minutes from the time Charles Marshall, a Wall street broker, left his wife apparently sleeping soundly in bed today, the woman wrote her husband a note telling him not to let the world blame him for what was going to happen and shot herself. She was unconscious before Mr. Marshall could reach her bedside from another room and she died in a short time. Mrs. Marshall was formerly Miss Grace Starr, and is highly connected in New York social circles. No cause for her suicide has been discovered. The tragedy occurred in the Raleigh, a fashionable family apartment hotel overlooking Central park at Ninety-second street.

Towanda, Pa., July 25.—The crime for which Bigler Johnson was hanged here today was the murder of his wife, Margaret Johnson, from whom he had separated and her niece, Annie Benjamin, aged 10, on September 18, 1904. It was alleged by the prosecution that the Johnson family, consisting of five persons, went to the home of Mrs. Bigler Johnson and with an axe killed the woman and the girl. The Johnsons, it was then charged, set fire to the house in an effort to conceal their crime. The entire family was arrested. Bigler pleaded guilty.

## TAFT PARTY IN JAPAN.

**Americans Given a Royal Welcome by Mikado's People.**

Yokohama, July 25.—Secretary of War Taft and party received a demonstrative welcome to Japan, the principal buildings, streets and wharves of this city and the shipping in the harbor being gaily decorated. A noisy display of daylight fireworks along the streets fronting the harbor announced the arrival of the steamship Manchuria at the quarantine grounds as 7 o'clock this morning and continued until the vessel was docked.

Lloyd C. Griscom, the American minister, the attaches of the legation and Consul General H. B. Miller, of New Chwang, together with representatives of the Japanese imperial household, foreign officers, war department and the Asiatic society then board the Manchuria and extended formal greetings to Secretary Taft and Miss Roosevelt, who held an informal reception upon the deck. The party was then driven to the railroad station through the crowded streets and boarding a special train departed for Tokio at 10 a. m., amid the cheers of the assembled multitude.

Upon the arrival at Tokio, Secretary Taft and his personal staff were taken to Shiba, where a detached palace was provided for their accommodation. Miss Roosevelt, accompanied Minister Griscom to the American legation. The voyage was uneventful and the party arrived well.

## QUIET DAY AT SAGAMORE HILL.

**No Official Visitors Received by President Roosevelt.**

Oyster Bay, L. I., July 25.—This was one of the quietest week days the president has had since his arrival at Sagamore Hill for the summer.

Comparatively little executive business was brought to his attention, and no official visitors at all were received. Although Secretary Root is not in Washington, the affairs of the department of state are now under his direction and all matters relating to that department are being referred by the president to him. They include the arrangement for the formal reception of the Russian and Japanese peace envoys. When the details of these arrangements shall have worked out by the state department in connection with the navy department they will be communicated to the president for his approval.

The president practically has finished the preparation of the addresses he expects to deliver at Wilkesbarre, and Chautauqua, N. Y., on the 10th and 11th of August respectively.

Gorence, husband of the late Mrs. Floyd. Gorence was a conductor on a street car and his handsome face and polished manner won the rich but eccentric Miss Floyd. She was 15 years older than he, but, despite family opposition, she married him and a year later she died, leaving him all her estate except the house where she lived. The will was contested by near relatives on the ground of the testator's competency.

**Looking for Would-Be Assassins.**

Constantinople, July 25.—The commission which has been inquiring into the attempt on the life of the Sultan Friday last is believed to have obtained information indicating that it was a Turkish plot but as this would never be admitted, even if proved, the authorities are industriously creating the impression that the bomb outrage was the work of European anarchists.

## SWEDEN SENDS ITS TERMS TO NORWAY

**What They Expect In Case Of a Dissolution.**

**SPECIAL COMMITTEE REPORTS.**

**Committee Regards an Arbitration Convention Between the Two Countries as the Proper Thing—Committee Recommendations.**

Stockholm, July 25.—The special committee appointed by the riksdag to deal with the crisis which created the revolution in Norway today delivered its report.

The committee declares unanimously that the government bill cannot be adopted in the form in which it was presented to the riksdag, and proposes that the riksdag shall signify its willingness to negotiate with Norway for a dissolution of the union if the newly elected storting requests a repeal of the act of union and a dissolution of the union or if such request is received from Norway after the Norwegian people by a plebiscite have declared in favor of a dissolution of the union.

The committee recommends that in the event of a dissolution of the union Sweden should insist on the following terms:

First, the establishment of a zone on each side of the frontier separating the kingdoms within which the existing fortifications shall be razed and new fortifications may not be erected.

Second, the right of pasturing reindeer belonging to Swedish Laplanders in North Norway.

Third, that the transit trade through both countries shall be secured against unjustifiable obstructions.

Fourth, that the status of Sweden in respect to foreign powers as established by the treaty shall be clearly defined so that Sweden shall be completely freed from responsibility for Norway to other states.

The committee also regards an arbitration convention between Sweden and Norway as desirable, although it does not consider it an essential condition for the dissolution of the union.

The committee further proposes to authorize the government to raise a loan of \$25,000,000 which can, by a resolution of the riksdag, be made available for such readjustments and arrangements as may be necessitated by the new conditions.

Regarding eventual negotiations with Norway the committee declares that whatever may be demanded for the welfare and dignity of Sweden as a condition of the repeal of the act of union on the part of Sweden and the recognition of Norway must be claimed and adhered to with rigor and determination.

**No Penal Settlement.**

Berlin, July 25.—It is semi-officially declared that there is no ground for the alarm among the German residents of New Guinea and New Britain at the report that the German government proposes to establish a penal settlement in the Admiralty islands (northeast of New Guinea) with the ultimate object of colonizing the group and thus increasing German influence in the Pacific. The government has no intention of establishing a penal settlement in the Admiralty islands or anywhere else in the South seas.

**Texas Oil Fire Still Burns.**

Houston, Tex., July 25.—The Humble oil fire is still burning today, but is confined to an area of one hundred acres in extent. It will burn itself out during the next 12 hours. Upon request of the prefect, a force of infantry has been sent to the province.

## PASSENGER RATE WAR ON.

**The Price of a Ticket from New York to Chicago Is Reduced.**

New York, July 25.—Railroad officials here express considerable concern over the passenger rate war which is now in progress between Chicago-New York lines.

Several of the roads already have put into effect a rate of \$16 for first-class fare from Chicago to New York. One of the longer routes is charging \$14, and further reductions are threatened. The trouble originated in demands made by the Michigan Central for a differential. The demand was considered by three arbitration commissioners a short time ago and was allowed with certain limitations. The Erie and the Grand Trunk, however, declined to accept the arbitration as final. The two roads insisted that the Michigan Central had no right to claim differential on through business in which the New York Central shared. The Erie in the streets declare that they would not object to allowing a differential to the Michigan Central on its own lines, but beyond that point they will concede nothing. As a result of the arbitrators, the Michigan Central put in a differential rate of \$18 first-class passenger fare from Chicago to New York. The reduction was promptly met by three other lines, and it is intimated a first-class rate of \$10 may soon be given.

**Price of Cotton Goes Upward.**

When October sold at 11.25, an advance of 19 points; December at 11.30, an advance of 20 points, and January at 11.32, an advance of 17 points. Bad crop reports and news of large areas of abandoned land because of overflowed valleys were the principal causes, together with the assurance that Manchester was again in the market and that prices of goods had been raised at Fall River. Excitement was intense about the ring and the outside public became heavily interested during the morning hours.

**Rawlings Trial Continues.**

Valdosta, Ga., July 25.—The trial of Jesse and Leonard Rawlings, indicted jointly with Milton Rawlings, for the murder of Willie and Carrie Carter, has begun in the superior court here. The two boys were accompanied by their mother and sisters and later in the morning at the request of Attorney Cooper their father was brought from the jail to be with them. Attorney Cooper moved that none of the 48 jurors who were regularly drawn for the term be allowed to serve, as they were disqualified. Judge Mitchell informed the attorney that the remaining 36 would be passed upon as their names were called.

Half a dozen families all of whom were Hebrews, living in the building were asleep. When the fire started Newman got through in safety but returned for his mother and sister. He assisted them to a place of safety, but he himself was cut off by the flames. All the other occupants of the house escaped. The property loss was small.

Little Rock, Ark., July 25.—Estimates of the loss by fire in the destruction of the Arkansas Democrat company's three-story building and newspaper and printing plant shows an aggregate loss of \$180,000, with insurance of \$100,000. To hold his crowd he promised that, after he had talked about his goods awhile, he would cut off a boy's head and replace it without injury to the boy. His "decapitation act," as he called it, would be performed in full view of everybody present, he said. Two men, strangers to each other, heard the "professor's" wonderful promise. With a smile one of them turned and said: "I'm from Missouri. He'll have to show me." The other cast a sneering glance at the "professor." "I'm from Kansas," he said. "He's a liar."

It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.
