Does Your Head Ache?

Are your nerves weak? Can't you sleep well? Pain in your back? Lack energy? Appetite poor? Digestion bad? Boils or pimples? These are sure signs of poisoning. From what poisons? From poisons that are always found in constipated bowels. If the contents of the bowels are not removed from the body each day, as nature intended, these poisonous substances are sure to be absorbed into the blood, always causing suffering and frequently causing severe disease. There is a common sense cure.

AYER'S PILLS

They daily insure an easy and natural movement of the bowels.

You will find that the use of

Ayer's Sarsaparilla

with the pills will hasten recovery. It cleanses the blood from all impurities and is a great tonic to the nerves.

Write the Doctor.

Our Medical Department has one of the most eminent physicians in the United States. Tell the doctor just how you are suffering. You will receive the best medical advice without cost.

A HUNDRED HILLION ASKED OF UNCLE SAM.

Georgia and Alabama Negroes Wish to Leave the Country.

Birmingham, Ala., Aug. 3.—A sensation was created in the session of the African Methodist Episcopal presiding elders' council of Georgia and Alabama to-night when the committee on the state of the country reported a resolution recommending that a committee be appointed by the council to set before the United States congress the deplorable condition of the negro population in several of the southern States and to petition for an appropriation of \$100,000,000 to start a line of steamers between the United States and Africa in order to enable all negroes who may desire to do so to emigrate to Africa.

Bishop Turner of Atlanta, who presided, explained that he did not desire the government to carry emigrants free to Africa, but take them direct and at reasonable cost. He said European immigrants are landed in this country at from \$10 to \$15 each. "But," said he, "in going to Africa one must go via England, thus crossing the ocean twice at a cost of \$100."

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50c at CRAWFORD BROS'. Drug Store. 2.

Blind Chaplain Prostrated by Sunstroke.

Lincoln, Neb., Aug. 4.—Dr. W. H. Milburn, the blind chaplain of the United States senate, was prostrated by sunstroke to-day while delivering a lecture at the Epworth assembly at Lincoln park. He was brought to the city and revived. To-night he is much improved and the doctors look for complete recovery in time.

Kodol Dyspepsia Cure cures dyspepsia because its ingredients are such that it can't help doing so. "The public can rely upon it as a master remedy for all disorders arising from imperfect digestion."—James M. Thomas, M. D., in American Journal of Health, N. Y. Crawford Bros. d-w-s

Restful Activity.

It is almost as bad, in one sense, to wear out as to rust out. The final result is the same; the worn-out machine is no better than the useless one. There must be a golden mean. A well-oiled machine should not wear out, and a busy man or woman need not break down, if he or she will but soften the effect of wearing tasks by a judicious amount of rest. The ideal life requires a proper intermingling of activity and rest, and is best described as restful activity. In such a life there is neither rust nor wear.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me; I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular size 50 cents and \$1.00. Trial bottles free at CRAWFORD BROS'. Drug Store; every bottle guaranteed. 2.

A Good Wife.

God be thanked that a bad husband does not cast discredit upon a good wife! Nor does his conduct cause her to be ostracised from the society of good people. On the contrary, all persons of proper ideas have the deepest sympathy and the highest admiration for such a woman. They look upon her as one of the guardian angels of the home circle. The man is corrupt, but the life of his family is entirely above reproach; and what makes it so is, that at the threshold of this earthly Eden stands the true conservator of home morals, swearing, by the flashing sword of wifely honor that be her husband's conduct outside what it may, there shall penetrate within the home itself neither taint nor suspicion.—Rev. Henry Tuckley.

DeWitt's Little Early Risers did me more good than all blood medicines and other pills," writes Geo. H. Jacobs, of Thompson, Conn. Prompt, pleasant, never gripe,—they cure constipation, arouse the torpid liver to action and give you a clean blood, steady nerves, a clear brain and a healthy appetite. Crawford Bros. d-w-s

A Fitting End.

The cremation of Ingersoll's body is a fitting close to his earthly career. There has been in the past an apparent connection between the loss of faith in a country's religion and the change of burial from interment to cremation. It may be only apparent and not real; but it is certain that the one people who taught the world the highest spiritual truths never cremated their dead.

Dust thou art, to dust thou shalt return, was literally interpreted and followed. And when Christianity pushed into Greece

where both customs were side by side and into cremating Rome, the dignity of the human body began to be felt and cremation was gradually left behind as pagan became Christian Rome.—Times, Greenville.

"Our baby was sick for a month with severe cough and catarrhal fever. Although we tried many remedies she kept getting worse until we used One Minute Cough Cure,—it relieved at once and cured her in a few days."—B. L. Nance, Principal High School, Bluffdale, Texas. Crawford Bros. d-w-s

HUNDRED THOUSAND SOLDIERS NEEDED.

An Officer in Philippines Reveals the True Situation.

San Francisco, July 31.—An officer of one of the volunteer regiments in the Philippines has written the following letter to the Associated Press.

MANILA, June 27.

The arrival of the rainy season finds the insurrection as vigorous as it has been at any time since the outbreak. The insurgent armies are well recruited, notwithstanding their heavy losses, and are well fed and clothed. They have profited by their five months of warfare against the Americans. They are fast adapting American tactics and are becoming better disciplined and more skillful in the use of their weapons every day. One hundred thousand soldiers should be here ready for business by the beginning of the dry season in November. Garrisons could then be stationed at strategic points.

A continuous warfare cannot be carried on in this enervating climate by the same troops. Frequent reliefs are necessary. Troops should not be kept longer than a year. Men from a northern climate retain their native vigor for six or eight months after their arrival here and then begin to succumb to the various ailments of tropical weather. This is exemplified in the case of volunteers and regulars who have been in the Philippines since last summer. The most of them are saturated with malaria, many have rheumatism and all are greatly debilitated. They are unfit for further duty and recuperation seems slow and unsatisfactory. As it is with them so it is likely to be with their successors. The eight million people of the Philippines are as highly civilized as the 12,000,000 of Mexico. If the American people will imagine the United States to have acquired Mexico against her will and to be engaged in an attempt to put down a universal rebellion of Mexicans with 20,000 troops they will have a duplicate picture at close range of the situation in the Philippines with the exception that the climate of the Philippines is from 10 to 15 degrees more tropical than that of Mexico.

Quickly cure constipation and rebuild and invigorate the entire system—never gripe or nauseate—DeWitt's Little Early Risers. Crawford Bros. d-w-s

Prof. A. M. Leonard, who is described as "the apostle of the mission of the messenger of truth," has declared before a large gathering in this city that the kissing bug is the locust which the Book of Revelations says shall come from the bottomless pit, "attack men with the sting of the scorpion, from the effects of whose bite the victim shall linger five months, and which fastens itself upon those whose foreheads do not bear the seal the Lord."—Chicago Inter-Ocean.

Hamilton Clark, of Chauncey, Ga., says he suffered with itching piles twenty years before trying DeWitt's Witch Hazel Salve, two boxes of which completely cured him. Beware of worthless and dangerous counterfeits. Crawford Bros. d-w-s
