Col J. WASH WATTS has issued a cfrd in which he declines, as President of the County! Agricultural and Mechanical Association, to appoint delegates to the Convention which meets on the 29th of April. In giving his reasons for so refusing, he says: "Our Society was organised to promote the agricultural, mechanical and social interests of the County, and should make no entangling alliances, but adhere rigidly to the legitimate objects of its organization, no part of which is to discuss polities."

The Meeting on Saleday.

A mass meeting of farmers will be held on Saleday next, in the Court House, to elect delegates to the State Convention, which meets in Columbia on the 29th prox. Let the farmers of Laurens lay aside their business for one day and be present in force. It is of the utmost importance that "simon pure" farmers, who really have the interest of I'm kept busy all the time." "Ah! On Tuesday morning, while the construction train on the G & L Railrod was standing at the G. L. & S. Depot, it was run iuto by a hand-ear coming from towards Spartanburg. It seems that this hand-car, which was heavily loaded with cross-ties and five or six hands, in coming down grade for some distance became unmanageable. All the hands scaped without_serious injury except Mr. MARION NELSON. While the handcar was probably half a mile from the depot, Mr. NELSON jumped off the rear end of the car, his head striking a cross-tie, killing him almost instantly. The De-ceased was an honest, sraightforward, industrious citizon. He leaves a wife and five children.

At the regular meeting of Lisbon Farmers' Club, held March 27th, 1886, the following subject was discussed: "If farming does not pay, what is the remedy?" This sigheet was thoroughly discussed by a full meeting, and the following difficulties presented themselves, viz: A want of agricultural knewledge, both theoretical and practical; the want of close attention to business by the farmer himself; the difficulty of obtaining reliable labor; the loss of time in hauling fertilizers and supplies, which amounts to great loss of time during the year; the high prices they have to pay for necessaries on time.

year; the high prices they have to pay for necessaries on time.

The remedy: Close attention to busi-ness; planting the necessaries of life; losing less time out of the field; buying less and living hard for a few years, un-til they can pay cash for needed supplies, After the discussion was ended, the following preamble and resolutions were adouted:
