At Harris Lithia.

Those of the younger population o Laurens, who are on pleasure bent took advantage of the dance given at Harris Lithia Spring on Wednesday evening in order to obtain their heart's desirenamely, plenty of dancing at a nice place, with inspiring music, and in short a good time generally. About fifteen couples and various stags composed the Laurens, party, which was chr by Mrs. Killingsworth and Mrs. L. W.

It is quite a delightful experience to drive down to Lithia and one chief charm about it is to anticipate the warm welcome sure to be extended by the most accomodating and kindly of hosts and the good cheer of a very substantial order which always follows.

The hotel is full of guests, many of whom participated in the German, which was decidedly pleasant. At about 11 o'clock an intermission was granted for refreshments, but it was not a lengthy one for the moments were too preclous t be thus spent as everyone realized that all the accessories which make dancing what it is, the most pleasant of amusements, were supplied them. At about one it was necessary to break ranks as the visiting party wished to reach home in time to have at least a spice of their morning nap.
