The Atlanta Constitution says we may look for immigration to the South. There are waste places in South Carolina but new comers are advertised to be chary of the waste places.

The great church organs of the State urge upon our factions, peace and charity.

Low Rates to Dallas Texas. Arrangements are now being made by the Louisville and Nashville Railroad for its regular Baptist Train from the Southeast to the meeting of the Southern Baptist Convention, which this year is at Dallas, Texas.

Let us therefore be calm and dispassionate; be patient and wait results. We are not going to get out of the woods except by putting money in our purses; we are not going to put money in our purses except we find people in the world who want our products and who are able to give good prices for them.

It is David B. Hill, who can't swallow the Wilson Tariff Bill and the Income Bill.

Things are very much mixed just at this juncture. The Democrats do not know where they are at Washington; Gov. Tillman was kissing hands with the Pops at Birmingham; The dispensary don't understand itself in South Carolina; The Supreme Court is in darkness visible, as Milton would say; the reform factions see each other as in a glass darkly; Nobody knows the turn things will take; The turn things have taken. A case in point reads: "It wired in and wired out, And left the matter still indoubt, Whether the snake that made the track, Was travelling South, or coming back!"

Three United States Senators have died in a month. One of the Napoleon's Generals had his leg shattered by a cannon shot. Amputation was necessary at once and the Surgeons told him to be prepared for the worst, when he exclaimed: What, let a marshal of France die!

The Hon. Frank Hatton, editor of the Washington Post, and formerly of President Arthur's Cabinet, died at Washington of paralysis. He conducted his journal on independent lines. He dies universally respected. So much for honesty and independence.

An international conference on the Metallic Money question is sitting in London, presided over by the Lord Mayor of that city. To fix the ratio of Silver to Gold and restore both to the currency of the world is the goal aimed at.

Gov. Tillman is fighting hard to keep the liquor question out of court until July when Associate Justice Jay steps into the No. 14 shoes of Judge McGowan.

A case has gone up to the State Supreme Court from the town of Florence to test the Status of liquor in South Carolina. The clouds will soon have rolled by.

The Judgement on Hood's Pronounced by Squire Fogg.

The following testimonial comes from T.M. Fogg, Esq., who is well-known throughout Kentucky as court justice and justice of the peace for Bath county. His words should invoke the confidence of all who read his letter: "C. I. Hood & Co., Lowell, Mass. 'I will say for Hood's Sarsaparilla I believe it to be the best medicine in the world. In the winter of '92 I had a bad case of the grip which left my system in very bad shape. I tried everything I could find and got no relief. In the fall of the same year I bought a bottle of Hood's Sarsaparilla. The first dose I took for the better. When I began taking the first bottle my weight was 127 pounds, the lightest since manhood. By the time the second bottle had been used my weight was 160 pounds. I owe all this to Hood's Sarsaparilla and I gladly recommend it to all sufferers.' T. M. Fogg, Justice of the Peace, Sharpburg, Kentucky. Hood's Pills cure liver bile, constipation, biliousness, jaundice, sick headache, indigestion."

We are knocking at the doors of every house within a radius of twenty miles, with greater inducements than it ever before has been our privilege to offer, and we feel safe in claiming the "middle of the road." Other merchants will find it difficult to step to our low prices.

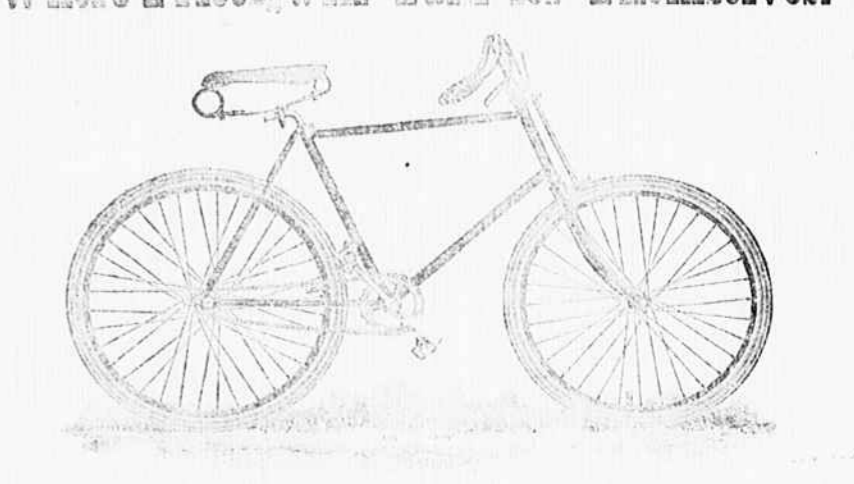

IT IS SO. We have cut the prices, and "cut them deep." On some articles we have cut the prices in the middle—some on one side and some on the other. Some things are done from necessity and some from choice. In this case we act from both. We have the goods and must sell them—that's necessity. The first loss is always the best—that's choice.
