

Sta to the Party.

ADDRESS BY THE BIMETALLIC NATIONAL COMMITTEE.

MR. WMAVFIELD URGES STRONGLY THE FIGHT FOR FREE SILVER. MUSE MADE WITHIN THE PARTY.

Where silver convention met in Memphis last year a "Bimetallic National Convention" was called...

The Republican party is active in their efforts to effect a complete organization of their party in this State...

The spirit of the formation of a third party entertained by some of our citizens...

Independent Silver Leagues are being formed now in the State...

Every bimetallicist who receives this issue should read it...

Now, what should be done? Let us look at the matter for a moment in the light of existing facts.

The first turn we make presents us with a question...

Most respectfully, W. D. MAYFIELD, State Bimetallic Dem. Committeeman.

great parties to enable it to succeed, is most unreasonable and without probability.

Now, the question arises, what shall be done by us here in our State? We have among us gold standard Democrats...

The Democratic party of this State should go on record on this question in favor of the gold standard...

It is, therefore, important that you remain untrammelled. Stay out of the Third party...

Do not know what steps the single delegate to the National Democratic Convention will take...

It is not necessary at this time, that we can see for the formation of bimetallic parties...

Every bimetallicist who receives this issue should read it...

Now, what should be done? Let us look at the matter for a moment in the light of existing facts.

The first turn we make presents us with a question...

Most respectfully, W. D. MAYFIELD, State Bimetallic Dem. Committeeman.

CURIOUS TRAGEDY IN REAL LIFE.

CONSEQUENCES OF A VERDICT RENDERED UPON CIRCUMSTANTIAL EVIDENCE.

A correspondent of the Louisville Courier-Journal writing from Double Springs, Ala., narrates the following strange story in real life.

In the same village lived Guy Hinton, who was also the possessor of considerable wealth.

What word may be pronounced quicker by adding a syllable to it?—Quick.

What is that which Adam never saw, never possessed, and yet gave two to each of his children?—Parents.

Tillman Sticks to it.

THE PARTY IS BOUND TO SPLIT.

HE COUNSELS A WITHDRAWAL BY SILVER DEMOCRATS IF THEIR DEMANDS ARE NOT GRANTED.

Ever since the publication of Senator Tillman's letter to Rev. Mr. Reid, of Spartanburg County, in which he advised a bolt from the National Democratic party...

On preliminary examination it was shown that the body of a man had been found in the woods near the farm of Bayou...

I will premise what I shall say by the remark that I am not accustomed and have never felt it necessary to write on such questions...

On final trial he was convicted and sentenced to the penitentiary for life.

About two years after that Mrs. Pendleton secured a divorce, and was married to Mr. Devit.

Mr. Pendleton's son, George, was too young when the events above recorded occurred to remember much about his mother's life...

George was anxious to learn what had become of his mother, and, obtaining his father's permission to do so, he went to the asylum...

George was anxious to learn what had become of his mother, and, obtaining his father's permission to do so, he went to the asylum...

2. Doubters.—Those who fear that white supremacy will be endangered by leaving the Democratic party, and who are loath to break a long-continued habit of association...

3. Bolters.—Those who prefer to remain in the organization until they see what the chance covered by the National Democratic party...

4. Seceders.—Those who have lost all confidence in the National Democratic party and have determined to sever their connection with the organization...

I think, however, that numbers are largely increased, and that they in fact embrace a great many Conservatives...

Our one overpowering and overmastering issue in State affairs has been white supremacy, and this under the name of the existing party...

I know there are some men in the State who will remain in the party as long as they can...

WASHINGTON, March 21.—Mr. J. W. Head, Dear Sir: Replying to your letter of the 17th of April...

REIDVILLE, S. C., March 23.—Hon. J. L. M. Irby, Chairman State Democratic Executive Committee, Washington, D. C.: Dear Sir: Your favor of the 21st instant received.

OUR PHOSPHATE INTERESTS. Gov. Evans Believes No State Can Compete With Us.

Gov. Evans has returned from a visit to Florida. He had been in that State for several days...

Every consideration of statesmanship and patriotism demands such action on our part.

WASHINGTON, March 22. The following interesting correspondence has passed between Mr. W. Reid, of Reidville, and Hon. J. L. M. Irby, chairman of the State Democratic Executive Committee:

REIDVILLE, S. C., March 20.—Hon. J. L. M. Irby, Chairman State Democratic Executive Committee, Washington, D. C.: Dear Sir: I see in the papers that you have called the State Democratic Executive Committee to meet on the 15th of April...

As you are doubtless well aware, there is considerable diversity of opinion as to the best course for the masses of the white people of South Carolina to pursue in preparing themselves for the great struggle just before them...

What are the most unobscure things in the world?—Milestones, for they never rock supply.

THE LAW IS SAID TO WORK WELL.

GOVERNOR EVANS TALKS ABOUT THE METROPOLITAN POLICE.

Gov. Evans is usually in a good humor, but he seemed to be in an unusually good humor yesterday when a Register reporter entered his room in the State House...

After desultory chat, the conversation turned on Charleston, which has hitherto been the Gibraltar of opposition to the dispensary law.

How is the metropolitan police law working there? "You might know it was working well," was the answer...

The politicians and the old liquor element in Charleston are unsparring in their condemnation of the metropolitan police law...

Some authoritative statement in regard to these matters ought to be given to the public...

WASHINGTON, March 21.—Mr. J. W. Head, Dear Sir: Replying to your letter of the 17th of April...

WAS ST. PATRICK A BAPTIST?

DR. LANDRUM SAYS HE TAUGHT BAPTIST DOCTRINE AND PRACTICED IMMERSION.

Rev. W. W. Landrum, D. D., of Richmond, Va., preached to a large congregation recently on "St. Patrick as a Baptist," and the following report of his argument is given by the Richmond Times-Democrat...

Historic material to enable us to reconstruct Patrick's life is scant and unsatisfactory.

Nationalists admit St. Patrick was an Irishman.

Lives of St. Patrick abound which are marvellous.

All, or nearly all, Protestants claim Patrick. They hold that there was no Pope of Rome at the time of Patrick.

Patrick's doctrines and practices show resemblance to those of modern Baptists.

Patrick's doctrines and practices show resemblance to those of modern Baptists.

Patrick's doctrines and practices show resemblance to those of modern Baptists.

WONDERS OF SCIENCE.—While we are having political agitation, the men of science promise startling discoveries and applications in the matter of cooking, heating and ventilation.

Electric current for power, heating, cooking and lighting purposes will be on tap in every house, just as water is on tap in the city.

Electricity will play music, read books and write letters for the man of the future.

Dr. Rieis is also certain that electric communications, as the telegraph, will shortly be made between points without the necessity of wires between the places, and that the currents in the earth may have a bearing on the solution of this question.

There is no policy like politeness; and a good manner is the best thing in the world.

Six road machines have been bought for use on the Chesapeake and Ohio.
