#### Glenn Springs Leased.

It is announced that Glenn Springs, the famous and popular health resort, has been leased for a term of five years to Mr. John K. Garnett, of Hampton, and Mr. T. D. Davlington, ly. But the public and the patrons of Glenn's will be gatners. Mr. Davlington is distinished the his courteous bearing by where his line business qualities, and we do not know where in all the or'd be found a gentleman so well fitted and competent to know and pproclate the wants of a worn and l-out health and rest tourist. om Darlington as host of so popular a resort, Glenn Springs, justly popular and celebrated, will add to its great favor with the public.

In your last issue you spoke of the su-toin of 100s. Tom and Harry turning up the well backets in the city of sources, and drinking out of them, as a ry anclean and undesirable thing. It is very strange that the City Council cannot keep a dipper chained at the e public wells for people to drink out of instead of putting their proboscis discriminately into the bucket.
And again the filthy habit of Dick,

Too and Harry putting his hands on the well rope or chain and drawing, allowing all the fifth to run from his bands into the drinking water. Now at Greenwood the public well is so equipped with drawing apparatus that the man never touches the rope, and they have a dipper chained to the

well. Laurens would do well to imitate Greenwood in several things. "WATER DRINKER."

ONE WHO LOVED HER.

Rev. Thomas Campbell, of Cross Hill, Laurens county, has been on a pleasant visit to his sister, Mrs. T. A. Norton and family, and other relatives. This is his first visit to Walhalla in twenty-one years. Of course he found our mountain city and its people very much changed during these years. He was delighted and pleased with Walhalla's progress. Many years ago Mr. Campbell studied law under the late Judge J. J. Norton and was admitted to the Bar and began the practice of the Bar and three feet in diameter. Now the Bar and three feet in diameter. Now the Bar and three feet in diameter. Norton and was admitted to the Bar and began the practice of law at Laurens with bright prospects for his future success as a lawyer. Feeling called, however to preach he abandoned the practice of law, and began the great work of preaching the Gospel of Christ. He is an able and popular minister in the Christian church and is doing a good work among the people of that denomination. We shall be pleased to meet Mr. Campoell again before so many years pass over our heads.—Keowee Courier.
