About twenty-five citizens of Laurens, including a delegation of Camp Garlington, attended the funeral of General Hampton at Trinity Episcopal Church, in Columbia, on Sunday afternoon. They left on a special train at 6 o'clock Sunday morning and returned at 9 o'clock in the evening.

The locomotive and train were draped in crepe and on the pilot of the locomotive was carried a picture of the dead seldier.

Others in the party were Mayor C. E. Gray, former mayor N. B. Dial and Miss Wessie Lee Dial, J. B. Brooks, William Winters, Irby Ballentine, Messis. Touchstone, Turner, McSwain and Tollerson, Supt. of City Schools Jones, H. D. Burdine, C. C. Garlington and R. R. Jones.
In the funeral procession the Laurens veterans marched with the survivors of the 3rd S. C. Regiment.
The assemblage at the funeral was the largest ever seen in the State and was estimated at 20,000. Col. Trayn-

Camp Garlington met Saturday and passed resolutions eulogistic of General Hampton. Ex-Lieutenant Governor Mauldin was in the city, and on invitation, attended the meeting and made a brief but eloquent address. Hon. A. J. Smith spoke eloquently and interestingly of the virtues and career of the great soldier and leader.

At the City Schools Monday morning exercises were had commemorative of General Hampton. The Third Regiment battle flag was loaned by the veterans for the occasion and this,

Regiment battle flag was loaned by the veterans for the occasion and this, and a State flag, were draped in crepe. A fine picture of General Hampton was also used. Addresses were made by Rev. W. B. Duncan, Rev. Robert Adams, and Rev. John D. Pitts on the life and character of General Hampton and the children sang to fine effect "Tenting on the Old Camp Ground." All the addresses were timely and interesting. Mr. Pitts was himself a gallant Confederate cavalryman, and without flattery, it may be said that he is still one of the most striking figures on horseback in the State or the South. General Hampton could have had no more worthy eulogist than he. Supt. Jones deserves credit for arranging the observance.

#### MAY HAVE TROLLEY.

Clinton--Laurens Line Under Discussion Now.

Company With \$125,000 Capital Suggested-Power May be Obtained from Shoals and Transmitted.

A company with a capital of \$125,000 is projected for the building and equipment of an electric car line between this city and Clinton. Hon. R. A. Cooper and other gentlemen have been investigating the subject and have obtained estimates as to the cost.

tained estimates as to the cost.

The projectors point out that Laurens and Clinton have a joint population of at least 8,000 and that both are rapidly growing towns. The intervening country is well populated by a good class of people. Power could be obtained cheaply by building dynamos at shoals on Enorce or Saluda river. In a few years it is believed that all the towns in the up-country will be connected by trolley lines and the projectors of this line say that it will be good business sense for the people of Laurens and Clinton to themselves build this line and own it. Immense quantities of freight, cotton, fertilizer and ties of freight, cotton, fertilizer and other commodities, it is said, would be hauled over this line if built.

The congregation of Westminster a few nights ago declined to consent to the dissolution of the pastoral relation. This action of the Westminster people is highly complimentary to Mr. Wardlaw, showing that his worth and services are appreciated as they should be. The matter will now be determined in the Presbytery. Mr. Wardlaw is one of the very foremost of the Presbyterian ministers in this of the Presbyterian ministers in this State and whatever church secures him will be fortunate.

Deafness Cannot Be Cured By local application as they cannot reached the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is antirely closed. Deafness is when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condiditor of the mucous surfaces.

BALTIMORE, Md., March 30, 1901.

Gentlemen: — Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.

About five years ago my right car began to sing, and this kept on getting worse, until I lost my hearing in this car entirely.

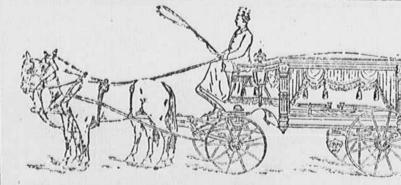

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent car specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.

I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased car has been entirely restored. I thank you heartily and beg to remain Very truly yours,
