Helps You To Save.
Elsewhere will be seen the advertisement of the savings department of The Bank of Laurens. There is no better plan to save by than these little iron banks which are distributed. It is a good idea to obtain one for each of the children in the family and let them acquire the saving habit.
Mr. Rice's House Burned.
The residence of Mr. A. Q. Rice, which he recently purchased of Dr. Christopher, was burned Sunday night. It was insured for \$800, but cost a great deal more. The origin of the fire is not known here.

What is Said of His Talent.
One of Most Delightful of Lyceum's Entertainments May Be Expected—Other Features of the Course.

THE ADVERTISER has received the following:
The Laurens Lyceum Association offers five more attractions to its members.

Double season tickets can yet be secured for these five attractions at \$3.00. The amount of advertising that accompanies the Kellogg Lecture-Recitals is immense. Without question this will be the greatest attraction we shall have. From personal letters received we are assured that everything, that is claimed for Mr. Kellogg in the circulars and booklets, is true.
Members of the Lyceum will please call for these circulars and get some idea of the rich treat that is in store for them. Get orders to secure season tickets. Seats will be reserved on November, 18th.
General admission will be \$1.00.
B. L. JONES.
Temple Magazine of Philadelphia says: "Mr. Kellogg startled the whole audience by his marvelous warbling. He claims not to be a whistler, but a warbler, and his claim is certainly a correct one. Never in our experience have we heard anything like it. At times the sweet and bird-like notes seemed to be away in the distance, and then, coming nearer and nearer, increasing in volume all the time, the whole building seemed to vibrate with the mighty song. Then the nightingale and other songsters were perfectly reproduced, and when he sang the "Mocking Bird" song, and warbled the answers from the woods, one could almost fancy himself far away from the hum and roar of the city and in the heart of the country listening to the romantic singer and hearing the answer from the wonderful forest warbler."

DON'T TRIFLE WITH COUGHS.
Every Cough means tearing down of tissues and the accumulation of waste products in the system. The morbid state of the membranes of the air passages invites throat and bronchial troubles, and is the favorite condition for breeding the germs of Consumption. It is serious, don't trifle with it and waste time and money on inefficient remedies. DODSON'S WHITE PINE AND TAR COUGH CURE cures effectually and as promptly as an efficient cure can that removes the cause. Cheapest because best. Price 25 cents.

GENERAL McCRAIDY OF CHARLESTON DEAD.
The Distinguished Historian Passed Away Last Sunday Morning.
General Edward McCraidy of Charleston died suddenly at his home in Charleston last Sunday morning at the age of 69.
General McCraidy wrote the History of South Carolina, a work of inestimable value to the people of this state. It was highly commended by literary critics throughout the country and will have a permanent place in literature. General McCraidy was a lieutenant colonel in the Confederate army and a brigadier in the militia service after the war. He was a man of exalted character and his death is a profound loss to South Carolina.

IF YOU COULD
Call at my office, see my equipment, and have me explain to you personally how I do business. I believe you would be absolutely satisfied that I am better equipped to make a quick cash sale of your property than any other Real Estate Broker in the city. I would like to explain to you how I find buyers for all kinds of property in all parts of the State.
My object is to build up an extensive brokerage business for the good of the country and myself.
If I fail to do your business, it costs you no money. Describe property so as prospective buyer will not be disappointed when he sees it. If you wish to sell for full value it is very essential to let the world know it, but if you wish to buy cheap toll no one except your Broker. A Broker who can't make or save a client more than he costs don't know the business and is not worth employing. I wish all the desirable property possible on my list, and then it is my aim to let as many people as possible know what I have to offer as the business will justify.
Let a Broker find you a purchaser and change your investment to something more pleasant and profitable to your ideas. I'm in business to do business. I'm not out to blow but to find a customer for your wants or offerings.
Are you interested in any of the following:
Two store rooms on public square, good location, cheap.
T. W. Wright house and lot on East Main Street. Good neighborhood, excellent water, etc. \$1,800.
One lot in Jersey, 3 acres. Good house and good location for poultry farm. \$975.00.
5 three room tenement house on Gray's hill. Rent for \$2.50 per month. Will sell separately or all. \$275.00 each.
305 acres of splendid land on public road from Laurens to Clinton. Good house and out-houses.
Will sell at a bargain 145 acres on Rabun Creek.
Will sell at big bargain, 11 room house, just inside corporate limits of Clinton, new and freshly painted with all modern improvements.
Will sell at a bargain numerous other tracts in different parts of the county.
Anything you desire to buy, sell or exchange—just so it is property, let me hear from you with full particulars.
Remember I am writing more insurance than any other agent in the city. Fall in line if you believe in the rising generation. I do not write insurance to save agents commission on my own property like some others. I write for a living and a still living. Take this into consideration, when you take on your additional insurance.

SUGGESTION TO THE FARMERS.
Why Not Prepare for Sheep Raising.
DOG LAW NEEDED.
The Labor and Fertilizer Questions.
Solution to Both Might Be Helped if Legislature Would Enact Statute for Sheep Protection.

THE ADVERTISER takes the liberty of suggesting that the farmers at their meeting Friday pass a resolution of the following purport:
Whereas, the increasing prices of commercial fertilizers and the increasing scarcity of labor both threaten to reduce the profits in cotton production.
And whereas, a large proportion of the lands in Laurens county are adaptable to the profitable raising of sheep, an industry that would require a comparatively small number of laborers and no commercial fertilizers, thus helping to solve both the difficulties above mentioned.
Be it resolved, by the farmers of this county in mass meeting assembled that they hereby petition the state senator and members of the house of representatives from this county to introduce and endeavor to have enacted at the next session of the general assembly a law that will protect sheep raisers in Laurens County from sheep killing dogs, and so make the sheep industry possible.

GENERAL McCRAIDY OF CHARLESTON DEAD.
The Distinguished Historian Passed Away Last Sunday Morning.
General Edward McCraidy of Charleston died suddenly at his home in Charleston last Sunday morning at the age of 69.
General McCraidy wrote the History of South Carolina, a work of inestimable value to the people of this state. It was highly commended by literary critics throughout the country and will have a permanent place in literature. General McCraidy was a lieutenant colonel in the Confederate army and a brigadier in the militia service after the war. He was a man of exalted character and his death is a profound loss to South Carolina.

IF YOU COULD
Call at my office, see my equipment, and have me explain to you personally how I do business. I believe you would be absolutely satisfied that I am better equipped to make a quick cash sale of your property than any other Real Estate Broker in the city. I would like to explain to you how I find buyers for all kinds of property in all parts of the State.
My object is to build up an extensive brokerage business for the good of the country and myself.
If I fail to do your business, it costs you no money. Describe property so as prospective buyer will not be disappointed when he sees it. If you wish to sell for full value it is very essential to let the world know it, but if you wish to buy cheap toll no one except your Broker. A Broker who can't make or save a client more than he costs don't know the business and is not worth employing. I wish all the desirable property possible on my list, and then it is my aim to let as many people as possible know what I have to offer as the business will justify.
Let a Broker find you a purchaser and change your investment to something more pleasant and profitable to your ideas. I'm in business to do business. I'm not out to blow but to find a customer for your wants or offerings.

Remember I am writing more insurance than any other agent in the city. Fall in line if you believe in the rising generation. I do not write insurance to save agents commission on my own property like some others. I write for a living and a still living. Take this into consideration, when you take on your additional insurance.
