Brans, Ambition and Character Brings a Laurens Boy Success.

The Rev. A. P. Montague, President of Howard College, Alabama, has furnished to the "Alabama Baptist" sketches of the different professors of that institution, and among them we notice the sketch of Prof. G. W. Cunningham, a portion of which we reproduce. Prof Cunningham is the son of our fellow-citizen, Mr. W. L. Cunningham:

"Whi e in Furman University, Prof. Cunningham led his class, obtained the medal given at the State or torical contest, and was regarded as one of the strongest men intellectually that his famous A'ma Mater has sent forth. "As a student, he was grave and thoughtful, and user every opportunity for culture. In 1902 he was elected instructor in Howard College; last May the trustees promoted him to a full professorable."

"The fine record that he made as a student in college Prof. Cunningham is maintaining as a teacher. He possesses the full confidence of the faculty and the genuine respect of the student-boly. Whether he has to meet a class in English or in political science or in ethics, he modestly but effictively proves that he is leading his boys along paths familiar to himself.

"Prof. Cunningham so impressed his pastor and fellow-rembers of Rohama Church, that he as recently unanimously chosen superintendent of the Sunday school, a position in which he will, God willing, attain the same success that has marked his other work.

AND PROGRESSIVE INCREASE from Italy, Austria-Hungary, Russia, Spain, Portugal, Greece, Belgium, Roumania, etc., and, finally, to give an analysis by races rather than mere nationalities, 28 per cent of the whole immigration in 1902 was Italian, 11 per cent-of it was Polish, 9 per cent was Hebrew and 15 per cent was Slovak, Croatian, Slavonian and Magyar-THESE RACES THUS MAKING PRACTICALLY TWO-THIRDS OF THE WHOLE IMMI-GRATION.

This free people will never take away the welcome we have given to the pauper and the illiterate, to the communist and the anarchist from abroad whom we have already made at home among us; will never withdraw the suffrage from the man who now has it, but CAN-NOT READ HIS BALLOT; from the man that votes without ever paying taxes or from the man that has been convicted of crime but has been pardoned out just before his term expired in order that he may again render us his help in securing the blessings of liberty for ourselves and our posterity. WHAT IS DONE IS BEYOND RECALL, and with all its faults the achievement is colossal and of worldwide beneficence. But if, in the onward rush of this magnificent development no great harm has yet resulted-if, indeed, good has come because of or in spite of our having so largely lost sight for the time of the purpose declared in the constitution-is it wise to

continue INDEFINITELY on the changed course?

Are we really taking a safe course to preserve the blessings of liberty for ourselves and for our posterity when we hesitate now TO SIFT OUT OF OUR IMMIGRATION not merely the pauper and anarchist and the poor Chinaman, but with less i...idious discrimination more of the notoriously undesirable elements?

OR WHEN WE HESITATE TO EXCLUDE PEREMPTORILY FROM THE SUFFRAGE, NATIONAL, STATE OR MUNICIPAL, ANY NEW-COMER WHO CANNOT READ THE LAWS BEFORE HE VOTES FOR LAWMAKERS AND WHO DOES NOT PAY TAXES HIMSELF WHEN HE VOTES TAXES UPON OTHERS?

Animals Enjoy Racing. Little pigs are great at combined play, which generally takes the form of races. Emulation seems to form part of their amusement, for their races seem always to have the winning o first place for their object and are quite different from those combined rushes for food or causeless stampedes in which little pigs are wont to indulge. Racing is an amusement natural to some animals and, being soon taught by others, becomes one of their most exciting pastimes .- London Tit-Bits.
