

Memorial to the Women of the Confed. cracy.

The following resolutions were unanimously adopted at the Louisville 1905 Convention, United Confederate Veterans:

Whereas, at our Reunion of 1904, our federation turned over to the Sons, the sacred duty of raising the funds for the Memorial to the Women of the Confederacy, and

Whereas, in so doing we never relinquished our deep and abiding love for the cause, or our intention to aid and assist it by every means in our power; and

Whereas, we have clearly shown this, by our appointment of a committee to co-operate and by the work, which this committee and many other veterans in all parts of the South, have done during the past year; and

Whereas, it will ever be our most earnest desire to see this tribute paid to our glorious Women and we are most anxious to further co-operate with and give substantial aid to our Sons in the performance of this sacred duty:

THEREFORE, BE IT RESOLVED:

- That each Camp of the United Confederate Veterans, immediately after the adjournment of this Convention and the return home of its delegates, shall appoint a Committee to actively canvass its respective community to raise funds for this Memorial to the Women of the Confederacy, to which noble, worthy and just object this federation has repeatedly and solemnly pledged itself and its comrades.
- That in case any Camp does not take action within one month by appointing this committee, it shall then become the duty of its Commander to make appointment of such Committee. If no action is taken by the Commander any member of the Camp who is conversed with that high sense of his duty to his wife, to his country, to honor our Godlike Women, is urged to personally take charge of the matter, secure the endorsement of his local Camp or its officers and make such collections as he can from his community.
- That all funds collected under Resolutions one and two, shall be deposited to the Chairman of the United Confederate Veterans of Co-operation, (Gen'l C. Irvine Walker, Charleston, S. C.) and that he shall be promptly advised of such deposit.
- That the above resolutions are not intended to be obligatory upon such Camps as have already contributed to this fund \$50.00 or more.
- That each Camp is urged to endeavor to raise from its community, as its quota, at the very least, the sum of \$50.
- That all Camps shall complete this work by January 1st, 1906, and that make a report of the results achieved, to the Chairman of our Committee of Co-operation, (Gen'l C. Irvine Walker, Charleston, S. C.)

Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood and system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At Laurens Drug Co. and Palmetto Drug Co. 25 cents, guaranteed. 48-4t

Pair of Big Shoes.

What is supposed to be the largest pair of shoes ever made in this country was turned out recently in a Nashua shoe factory. The size of these shoes may be imagined when it is known that the weight is eighteen pounds for the pair. Each shoe is twenty three inches long and seven and one-half inches in the widest place.

Every detail is as carefully attended to as in an ordinary first-class shoe, but because of the enormous size it required several weeks to turn them out. Special lasts were made, and nearly all of the work, except the stitching, which was done on the usual machinery, was done by hand.

As near as can be figured the size of the shoes is 40, as compared with the average ordinary man's shoe. The entire cost of manufacturing them was about \$50. They were made for a negro who lives near Atlanta, who is known for many miles because of the size of her feet.—Boston Globe.

Sickening Shivering Fits

Of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of its bad after-effects. E. S. Manday, of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life. At Laurens Drug Co. and Palmetto Drug Co. Price, 25 cents, guaranteed. 48-4t

Todd Memorial Church.

The Todd Memorial Presbyterian Church is in course of erection at the Laurens Mill village. The building will probably be finished in a few weeks.

The Church takes its name from the late Rev. David A. Todd, who left a \$1,000 bequest to be used in building a house of worship for this Church with whose organization he was identified and instrumental in effecting only a few years before his death.

The Rev. J. L. McLin of Gray Court is the present supply of the Church.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents and a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, it costs but a few cents and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by Laurens Drug Co. and Dr. B. F. Posey.

Three Stories.

Here are some bits from the diary of Mr. Mountbatten E. Grant, of "A Gentleman who rather overvalued himself, looking at a case of birds, said to an ornithologist who was with him, 'What is that bird?' 'That,' said the other, 'is a magpie.' 'It's not my idea of a magpie,' was the rejoinder. 'Per-haps not,' replied his friend, 'but it's God's idea of a magpie.'"

A man named Faber lay ill. "You are very ill indeed," said the doctor. "Then you had better," the sick man rejoined, "order the prayers for the dying to be read." "No," answered the person to whom he spoke, "I think you will live four and twenty hours." "Oh, in that case," rejoined Faber, "read me Piekwek!"

"Things one would rather have put differently," writes the diarist. "Mr. Cecil Rhodes to his neighbor at dinner, an extremely pretty woman. He—'I hate Germans. She—'Well, I don't hate them, but I by no means like them. He—'Oh, I thought you were a German!'"

Menagerie Menus.

Catering to animals requires both a plentiful and varied supply of foods, as may be seen from this report of material fed at the London Zoological gardens last year. For the flesh eating guests there were supplied 144 tons of horseflesh, nearly 9 tons of goatflesh and 9,530 chicken heads. Fourteen and a half tons of fish, in addition to 1,200 pint of shrimps, furnished the water fowl with their daily fare, while 207 loads of hay and 6,030 bunches of greens supplied the ruminants. Other items on the list were 872 pounds of grapes, 498 pounds of sugar, 0,262 loaves of bread, 5,836 quarts of milk, 303 pounds of crackers and more than 33,000 eggs. The chicken heads were for the various members of the rat family, the eggs were fed to the birds, and the shrimps formed the easiest way to the affections of the flamingoes.

Humility and a Hair Shirt.

"The bishop of Arichat," said Father Burke, "is a most unassuming creature—a man who keeps the stone in his episcopal ring turned against his palm, so that he may not be recognized as a bishop."

"He must be an extraordinary person," Stephen Essex, the Methodist parson, admitted.

"It is his humility. I am told he wears a hair shirt the year round."

"Is that an evidence of humility?" Stephen asked, with an incredulous smile.

"Try it and see," the priest advised.

"Have you tried it, Father Burke?"

"Yes, and one day's trial convinced me that I was neither a saint nor a rhinoceros," he said, with a wry face. "From 'The Bishop's Niece,' by George H. Peadar."

Judging Her Appetite.

Very Stout Old Lady (watching the lions fed)—"Pears to me, mister, that ain't a very big piece of meat for such an animal. Attendant—'It may seem like a small piece of meat to you, ma'am, but it's big enough for the lion."

Cultivate the Difficult.

The way to get to the top is to cultivate the difficult. The way to stay at the bottom is to cultivate that which almost anybody else similarly circum-stanced can do as well.—Troy Press.

Is heard daily from old and young, rich and poor. Did you ever stop and consider the cause of this remark? We will venture to say nine cases out of ten are caused by improper digestion. This, or other symptoms of indigestion such as nervousness, nausea, heart-burn, sour stomach, flatulency and despondency, should be a warning to you who are in danger of having indigestion, the greatest enemy of American health to-day, fasten its merciless fangs on your health. Remember "A Stitch in time saves nine", and a bottle of the celebrated Kellum's Sure Cure for Indigestion has saved untold misery to people in many parts of this broad land, by curing them permanently of this miserable disease. Yes, not like the peppin digestives that help for a time, but cures permanently by causing the digestive organs to perform their functions. Nature being such a great rectifier of its own ills, with the assistance of this powerful medicine, gives you a healthy stomach and removes indigestion and its symptoms permanently.
