Read the above prices carefully and figure for yourself that we sell 25 to 35 per cent. cheaper than any other house. It is reasonable that we can do this, if you will stop to think: We buy in large quantities and pay spot cash, and pick up specials that the little fellows can't handle; we get them by the car load lots, we have one price to everybody--treat you as we do your neighbor, and by so doing you don't have to pay the little fellow's profit, because we sell them at cost. We figure our profit down to the bottom to start with, and anything you buy that is not what you want, we will return your money; and anything we sell you that is not as represented we will make it good.

We are located completely out of the High-Priced District, 208 West Laurens St., 2 stores, one on each side of the street. Don't spend a red cent until you get to the
